

DEPARTMENT OF BOTANY

Bridge Course - I Report: Study of Parts of Microscope

- **Objective:** The motive behind this course was to bridge the gap of knowledge in the field of microscopy and plant morphology and giving the students overall idea for section cutting, slide preparations, and microscope adjustments.
- **Class:** FYBSc Botany
- **No. of Participants:** 58
- **Methodology/Details:** The Department of Botany organised an online Bridge course, entitled “Study of parts of microscope” for FYBSc students on 20th and 21st October 2021 through MS Teams platform.
- **Outcome:** The bridge course helped to make the basic concepts clear and bridge the gap of students’ knowledge in the field of microscopy, handling and adjusting the microscopes, section cutting, slide preparations, etc.

Notice

18th October, 2021

FYBSc SEMESTER-I 2021-22

All students of the above-mentioned class must attend the online Bridge course practical titled “Study of parts of Microscope” as per the following schedule using MS Teams software.

No.	Date	Day	Time	Subject combination	Division
1.	20/10/2021	Wednesday	8.00am to 10.00am	CPB & CBMj	A & C
2.	22/10/2021	Friday	8.00am to 10.00am	CBZ	C

Attendance is compulsory for everyone. Mark your attendance for the Bridge course by filling up the attendance form link provided.

Bridge Course - II Report: Morphology of Flowering Plants

- **Objective:** The motive behind this course was to bridge the gap of knowledge in the field of plant morphology and giving the students overall idea for floral sectioning, slide preparations, and floral parts identifications.
- **Class:** FYBSc Botany
- **No. of Participants:** 62
- **Methodology/Details:** The Department of Botany organised an online Bridge course, entitled “Morphology of Flowering Plants” for FYBSc students on 28th January and 2nd February 2022 through MS Teams platform.
- **Outcome:** The bridge course helped to make the basic concepts clear and bridge the gap of students’ knowledge in the field of floral morphology, and identifications of plant parts and their variations and types.

DEPARTMENT OF BOTANY

Departmental Newsletter – Gulmohar 2021 – 22 Report

- **Objective:** The main objective was to motivate the students to come up with the online newsletter, “Gulmohar” for the department. It was organised under the broad objective of soft skill development and environmental awareness creation amongst the readers and volunteers.
- **No. of Participants in Editorial team: 11**

Name	Position
Raghavi Vasanth K.	Editor
Vrushali Rane	Web Coordinator
Ankita Singh	Web Managers
Rudra Patra	Web Managers
Roopa Nadar	Web Managers
Priya Ambatur	Web Managers
Trishik Jogi	Web Managers
Vedant Khokrale	Web Managers
Sanket Khambe	Web Managers
Jeba Reshma	Layout Coordinator
Chaitrali Deshpande	Layout Designer
Ankita Chauhan	Layout Designer

- **Methodology/Details:** Department of Botany launched Departmental newsletter – “Gulmohar” at online level. Following issues were published under the same:
 - ✓ Gulmohar Newsletter – September 2021
 - ✓ Gulmohar Newsletter – December 2021
 - ✓ Gulmohar Newsletter – April 2022
- **Outcome:** It introduced them to the great world of plant kingdom. It sensitized the student participants and volunteers towards their responsibility of protecting environment. It also helped them to develop various soft skills such as communication, leadership, responsibility, teamwork, flexibility, decisiveness, planning and time management amongst them. It gave the opportunity to the participants to interact and share their ideas.

RUSA SPONSORED WORKSHOP REPORT

A. Title of the Workshop: Skill-based Workshop on Organic Gardening

B. Background:

- Four days skill-based workshop on organic gardening was conducted.
- Mrs. Bhakti Khot (Proprietor, NuTreeGrow Consultants) was the resource person for the said workshop.
- Each day consisted of 45 minutes lecture session followed by 15 minutes question answers cum interaction and 2 hours hands-on training.
- Evaluation of the participants was done on the last day.
- Overall feedback was collected.

C. Aims/Objectives:

- To develop of hands-on skills among UG Botany students on organic kitchen gardening, microgreen cultivation, composting, medicinal plant cultivation, window gardening and organic control of pests and diseases.
- To motivate students towards using environment friendly practices required for plant cultivation in an urban set-up.
- To expose the participants towards career opportunities and consultancies in the field of organic gardening, for the development of entrepreneurial skills.

D. Location: Lab No. 2 Department of Botany, SIES College of Arts, Science & Commerce (Autonomous), Sion(W)

E. Target audience/participants with expected number: T. Y. B. Sc. (Applied Component – Horticulture and Gardening students). No. of Registered participants: 22

Dr. Mahavir Gosavi

Head, Department of Botany

SIES COLLEGE OF ARTS, SCIENCE AND COMMERCE (AUTONOMOUS)

SION (WEST) MUMBAI: 400022

F. Details of Sessions:

Day	Content	Time
1 st day	Lecture session: <u>Organic Kitchen Gardening</u> <ul style="list-style-type: none"> • Definition, Objectives of organic gardening • Organic gardening as consultancy and business • Organic kitchen gardening – Introduction, Need, Scope • Organic cultivation of plants in kitchen gardens at home-scale level 	45 mins
	Interactive session: Question-answers and query addressing session.	15 mins
	Practical session: Common practices and techniques used in Kitchen gardening, potting, repotting, transplanting of saplings, cutting, pruning, weeding, etc.	2 hours
2 nd day	Lecture session: <u>Microgreen Cultivation</u> <ul style="list-style-type: none"> • Microgreens as superfood – Introduction, Nutritional health benefits, Plants used • Organic cultivation of microgreens at home-scale level 	45 mins
	Interactive session: Question-answers and query addressing session.	15 mins
	Practical session: Common practices and techniques used in Microgreen cultivation	2 hours
3 rd day	Lecture session: <u>Organic manures and fertilizers</u> <ul style="list-style-type: none"> • Organic manure and fertilizers – Overview, Applications, Composting. • Organic control of pests and diseases – Overview and applications 	45 mins
	Interactive session: Question-answers and query addressing session.	15 mins
	Practical session: Preparation of compost and liquid manures useful for plant cultivation, Preparation of organic farm liquid to control pests and diseases at home-scale level.	2 hours
4 th day	Lecture session: <u>Window Gardening & Cultivation of medicinal herbs and ornamentals</u> <ul style="list-style-type: none"> • Do's and don'ts of organic kitchen gardening • Do's and don'ts of Microgreen cultivations • Medicinal plants and their health benefits • Cultivation of medicinal herbs and ornamentals in window garden 	45 mins
	Interactive session: Question-answers and query addressing session.	15 mins
	Practical session: Organic cultivation of medicinal herbs at home-scale level, Growing ornamentals in window gardening	2 hours
<ul style="list-style-type: none"> • Evaluation and feedback collection at the end of the course.

Environmental Awareness Week Celebration Report

- **Objective:** The motive behind this was to create awareness about environmental issues amongst students.
- **No. of Participants:** 130
- **Methodology/Details:** On Diamond Jubilee of the College, the Department of Botany celebrated 'Environmental awareness week' from 5th June to 12th June 2021. Three competitions were held during environmental awareness week.
 - **Essay writing competition:** The participants were supposed to write essay on anyone topic from the three. 1000 – 1200 words were expected in essay. The essay could be handwritten or in typed format. The participants were supposed to scan their essay, upload it in their google drive and then share the link of the file in the section in the google form for submission. In case of typed format directly upload the file in pdf format in google drive and then share the link. Topics for essay competition were My role in environment conservation, Impact of climate change on Himalayas, Impact of lockdown on environment.
 - **Poster making competition:** The participants were supposed to make a poster using their own creativity. For poster three topics were provided. Out of three any one topic was to be chosen by the participants for the poster. The participants were supposed to scan their poster, upload it in their google drive and then share the link of the file in the section in the google form for submission. The pdf file format was expected. Topics for poster making competition were Ecotourism and Urban forestry, Green energy resources, Mangrove ecosystem in India.
 - **Quiz competition:** The quiz competition was conducted through google form. Participants were supposed to solve 20 MCQ. Each question carried 1 point. Total 20 points were allotted for the quiz competition. Topic for quiz competition was We and our environment.

- **Outcome:** The event sensitized the student participants and volunteers towards their responsibility of protecting environment and utilizing the same in sustainable manner. It gave the opportunity to the participants to interact and share ideas of conserving the nature. The event got overwhelming response all over the Maharashtra. The participants and winners received the e-certificates.

Departmental Festival – Kalpavriksha 2021 – 22 Report

- **Objective:** It was organized under the broad objective of soft skill development, team work, communication skills and imparting awareness about plant world amongst participants and volunteers.
- **No. of Participants:** 157
- **Methodology/Details:** Department of Botany organized online celebration of Departmental festival - 'Kalpavriksha' on 24th February 2022. It was held through MS Teams platform. Following inter-University events were conducted through the same:
 - ✓ Kalpavriksha-Floral Melody (Plant Poem)
 - ✓ Kalpavriksha-Paint to Bloom (Painting Event)
 - ✓ Kalpavriksha-PlantArt (Sketching and Doodling)
 - ✓ Kalpavriksha-Phytography (Creative event)
 - ✓ Kalpavriksha-Plant-o-Mania (Guessing event)
 - ✓ Kalpavriksha-Veggie Fest (Plant-based recipe)
- **Outcome:** The event sensitized the student participants and volunteers towards their responsibility of protecting environment. It introduced them to the vast and diverse world of plant kingdom. It also helped them to develop various soft skills such as communication, leadership, team-work, patience, decisiveness, planning and time management amongst them. It gave the opportunity to the participants to interact with students from other institutes and share their experiences. The event got overwhelming response from across the country. The participants and winners received their certificates and prize coupons.
