

Department of Botany

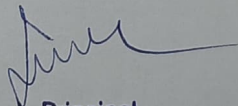

College Garden Maintenance Report

(2018 to 2023)

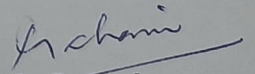

30th April 2023

The Department of Botany has carried out maintenance of the college garden since 2018. The garden has undergone upgradation and revamping at regular intervals during the said period with the help of students and non-teaching staff under the able guidance of teaching staff. The major highlights of the maintenance work are as follows:

- Since 2018, every year, TYBSc – Horticulture students are trained for garden operations like sowing, transplanting, fertigation, weeding and cleaning, composting, pest, and disease management, etc. They are given garden maintenance work as a part of their internal assessment and field project.
- They are also asked to submit a work completion report for the same. This helps the students to learn garden maintenance by doing it themselves.
- A dedicated non-teaching staff has been appointed for the irrigation of the garden and campus plants daily.
- In 2019-20, two vertical green walls were installed in the college garden – one at the college gate and the other outside the college auditorium under RUSA grant.
- In 2020-21 and 2021-22, no major garden maintenance activity was conducted due to the pandemic period except the regular irrigation activity.
- Post-pandemic in 2022-23, under the consultancy of Mr. Shivaji Patange, Proprietor, Siddhesh Enterprises, Pvt. Ltd. major garden revamp has been carried out with the help of RUSA grant. It included re-structuring of the herbal garden, and ornamental section, cleaning of gazebo plants, addition of hanging baskets and nakshatra garden, pot dressing of vertical walls and campus plants, installation of drip irrigation system and hydroponic system along with mushroom cultivation unit. The 2022-23 batch of students continued the garden maintenance work further as a regular practice as a part of their internal assessment and field project.
