Competitive Exam Guidance Lecture Report 2021 – 22

- **Objective:** The motive behind this was to orient postgraduate students about competitive exams and the strategy to study for the same and to clear them.
- **No. of Participants:** 20
- **Methodology/Details:** The Department of Botany organized guidance lecture on competitive exams like NET, SET, PET, GATE, etc. for Postgraduate Botany students on Wednesday, 16th February 2022 at 11.00am through hybrid mode. It was delivered by Dr. Mahavir Gosavi. He was assisted by Ms. Snehal Unde and Mrs. Sakshi.
- **Outcome:** The lecture made the students aware about the various competitive exams they can opt for and their scope. It oriented them about the strategy to study for these exams and the simple tricks clear them. Lecture was well received by the students and clarified majority of the doubts related to the same.

Career Guidance Lecture Report 2021 – 22

- **Objective:** The motive behind this lecture was to orient students from career point of view and give them basic clarity about career scope and higher study options in botany.
- **No. of Participants:** 95
- **Methodology/Details:** The Department of Botany organized career guidance lecture entitled ‘Career Prospects in Botany’ for FYBSc, SYBSc and TYBSc Botany students on Tuesday, 15th February 2022 at 11.00am through hybrid mode. It was delivered by Dr. Mahavir Gosavi. He was assisted by Mrs. Ashwini Deshpande, Dr. Neeraja Tutakne and Dr. V. Vishnuprasad. The students were given clear picture about future scope of botany in career management as well as in higher studies in India and abroad.
- **Outcome:** The lecture made the students aware about the various opportunities after graduating in botany and guided them about different career options they would be able to choose after graduation and or postgraduation in the subject. The opportunities abroad were also discussed. Lecture was well received by the students and clarified majority of their doubts related to future career options in botany.

CENTRE FOR EXCELLENCE – “A Centre to meet your Professional Needs” (2021 – 2022)

Report of “Challenge based Higher Education at LUT University, Finland”

Centre for Excellence and Placement Cell of SIES College in association with **LUT University, Finland jointly with TRIZ Association of Asia, Mumbai** organized a webinar for final year students of to brief about the career opportunities and academic facilities in Finland was held on **Saturday, 11th December 2021**. A total of 65 students attended the session.

The Speakers of the session were:

- Mr.NIKHIL PHADNIS, BE Mech, M.Sc Technology, Junior Researcher at LUT university (Doctoral Student in Lappeenranta University of technology, Finland).
- Dr. MARKO TORKKELI, Professor of Technology and Business Innovation LUT university.

Mr Nikhil Phadnis is an active consultant, one of the world’s youngest Level 3 certified TRIZ Professional by MATRIZ as well as one of the youngest certified Six Sigma Black belts. He has been working as a consultant for TRIZ Asia since 2018. He shared his experience of research on various innovation Projects from multiple domains like Battery technology, textiles, consumer products, medical and automobile industry, Mattresses, energy and many more domains. He gave inputs about a range of master’s programs offered in Finland to specialize and flourish in the field of Innovation and Technology. He spoke about availability of scholarships: Debt-free Education opportunities, Job opportunities and career prospects in Finland.

Dr Marko Torkkeli is a Professor of Technology and Business Innovations at the LUT University, Finland. His research interests focus on technology and innovation management, strategic entrepreneurship, growth venturing, and decision support systems. He serves as the Director of Publications of the International Society for Professional Innovation Management (ISPIM) and is one of the founding editors of the open access, multidisciplinary Journal of Innovation Management. He answered the queries of the students and gave an insight into how education system has changed lives for post graduate students after the pandemic.

Overall the session was well received by all.

LUT University

WHY LUT INSTEAD OF UNITED STATES?

- Real projects and hands on experience in courses .
- Employment rate of LUT graduates is 97% one year after graduation (Statistics Finland, 2020)
- LUT graduates have the third best salaries in Finland in the master's pay comparison (Aarresaari career monitoring survey, 2019)
- Education, Specially PhD has tremendous value
- Stable Job market- No issue for Visas and H1B hassle!
- Finland is 7th most INNOVATIVE Country in the world- Leaders in all forms of Advanced Research and Technology
- Most stable economy during COVID-19
- Almost Zero Crime rate country- Safe Life without Racism
- The worlds Happiest country and Europe's Greenest Country

> ABOUT THE UNIVERSITY

LUT University is an internationally recognized organization bringing together technology and business since 1969, ranking 2nd in Finland and the top 300 universities globally. LUT University offers 25 Masters programs, including Engineering, Business, and Industrial Engineering and Management. In addition, Finland ranked 7th globally as the most innovative country in 2021. A big part of this success is Finland's Challenge-based learning (CBL) approach. As a part of this system, students perform real projects with companies to deliver solutions as part of their course assignments. The session will demonstrate real case studies of problems students solve at LUT University and the learning approach to students considering Higher Education abroad. Moreover, the session creates awareness and inspires students to expand their Higher Education options to countries like Finland instead of other nations.

> TOPICS TO BE COVERED IN THE SESSION

- Achieving Problem-Solution Fit & Product-Market Fit through CBL
- Challenge-based learning (CBL) approach at LUT university
- Sharing the experience at LUT and Information on LUT University and Finland
 - Range of Masters programs offered to specialize in Innovation and Technology
 - case studies of actual projects at LUT
 - Availability of scholarships: Debt-free Education opportunities
 - Job opportunities and career prospects
 - Knowing the difference in education in the United States vs Finland

> WHY SHOULD YOU ATTEND?

- Learn about the Innovation through Challenge-based learning approach
- Higher Education system in Finland
- Be aware of Finland and LUT University as alternative options to pursue studies
- Learn about unique Master's programs built for Innovation and Technology
- Learn from the first-hand experience from a student on Finland's education

RISE WITH EDUCATION

NAAC REACCREDITED - 'A' GRADE

SIES COLLEGE OF ARTS, SCIENCE AND COMMERCE (AUTONOMOUS),
SION WEST, MUMBAI - 400 022

Department of Biotechnology

A. Title of the Seminar/Workshop/Conferences: Opportunities in Biotechnology

B. Background: Dr. Rajalakshmi Amudan lecture series is organized every year by the Department of Biotechnology, SIES College of Arts, Science & Commerce College (Autonomous), Mumbai and is supported by SIES College Past Students' Association. Alumni of the department are invited to present different opportunities in the field of biotechnology and share their expertise.

C. Aims/Objectives:

The main objective of the webinar series was:

1. To celebrate the spirited life of Late Dr. Rajalakshmi Amudan
2. To introduce the different opportunities in the field of Biotechnology

D. Location: The program was conducted using online platform MS Teams and screened for the teaching staff in the Audio Visual room of the College. It was followed by a question-answer session between the resource person and participants.

E. Target audience/participants with expected number: 157 participants including current students and alumni participated in the event.

F. Details of Sessions: The session was held on Tuesday, 21st December 2021 from 9:00 am to 1:00 pm

Dr. Rajalakshmi Amudan lec Series on "Opportunities in Biotechnology" _2021-2022

G. Session and names of Resource Persons:

Sr. No.	Title	Speaker & affiliation
1.	Opportunities in Biotechnology	Dr. Kunal Karve, <i>Post Doctoral Fellow, Princess Margaret Cancer Centre, University Health Network, Toronto, Canada</i>
2.	Opportunities in Biotechnology	Ms. Rithika Rajendran, <i>PhD Student, CMR-NIRRH, India</i>
3.	Pharmaceutical Regulatory affairs	Dr. Praseeda Venugopalan, <i>Senior Manager, Regulatory Affairs at Ultragenyx Pharmaceutical Inc., California, USA</i>
4.	Opportunities in Academic publishing	Ms. Anusha Hariharan Iyer, <i>ELS, Freelance Academic Editor, India</i>

H. Expected outcome:

The feedback of participants stated that they found the session to be helpful, interesting and very relevant to the field.

Annexures:

Annexure 1: Details of the resource person

- Ms. Rithika Rajendran is currently pursuing her Ph.D. under the guidance of Dr. Geetanjali Sachdeva in the Cell Physiology and Pathology Laboratory (formerly Primate Biology Laboratory), at ICMR-NIRRH, Parel, Mumbai. Rithika received her B.Sc. and M.Sc. degree in Biotechnology from SIES College of Arts, Science and Commerce. After her masters, Rithika joined Tata Consultancy Services as an Information Process Enabler in the Roche Pharmacovigilance SSP-Remediation project. Her work involved analyses of case report files of patients receiving Roche drugs and identification of adverse events and adverse drug reactions. In 2017, she quit her job at TCS and joined ICMR-NIRRH for PhD. As part of her PhD, she is working on alarmins and their role in embryo implantation.
- Dr. Praseeda Venugopalan is currently working as Senior Manager, Regulatory Affairs at Ultragenyx Pharmaceutical Inc. She has over 5 years' of experience in Regulatory affairs and over 6 years of experience in Cell and Molecular Biology, Neuroscience and Ophthalmology. She did her Bachelors in Biotechnology from our very own college followed by Masters in biotechnology from Mahatma Gandhi University. She then acted as project assistant at National Brain Research Centre, India for two years. After which she went on to complete her PhD in Neuroscience from University of Miami-Miller School of Medicine, Florida, USA. Dr. Praseeda has several research publications of international repute to her credit. Her research publications include work on progenitor-derived neurons, Cell transplantation of retinal ganglion cells, Serotonin receptor, Transplanted neurons, tissue engineering, proteome analysis of corneal tissue to name a few.
- Ms. Anusha Hariharan has more than 11 years of experience in editing manuscripts in the field of Life Sciences. She pursued her graduation and post-graduation from our very own Department of Biotechnology, SIES college. Anusha joined Cactus communications Pvt Ltd as an Editor in 2010 and was later promoted to Managing Editor for the Center of Excellence for Plant and Animal Sciences. As a managing editor she had supervised 40 free-lance and 4 in-house editors. Since, last 7 years she has been working as a freelance editor for different clients and companies. Her responsibilities included: Editing research papers, with the aim of ensuring publication in journals of international repute, Reviewing manuscripts for quality assurance and Enhancing quality by providing detailed feedback to ditors and freelancers
- Mr. Kunal Karve is post-doctoral fellow at Princess Margaret Cancer Centre University Health Network, Toronto, Canada. He did his bachelors and masters in Biotechnology from University of Mumbai. Mr. Kunal completed his PhD from Department of Biochemistry and Molecular Biology, Arnie Charbonneau Cancer Institute, University of Calgary, Canada on the topic 'The Transcription Factor TCF7L2 Acts in An Isoform-Specific Manner to Regulate Epithelial Cell Plasticity: Implications for Breast Cancer Cell Invasiveness and Metastasis'. He has published various articles in journals of national and international repute. He has been acknowledged with various accolades like Mitacs Accelerate Industrial Post-doc fellowship, Doctoral completion scholarship, Rashtrabhasha PracharSabha Endowment Prize to name a few.

Overview on bioprocess development by Ms. Preethi Ravindran_2021-2022

Report of the RUSA sponsored 5-Day Online workshop ‘Skill Enhancement and Career Guidance’ conducted by the Department of English from 7-11 February 2022.

A. Title: ‘Skill Enhancement and Career Guidance after B.A.’

B. Background: The intention of conducting this workshop is to encourage students to explore different avenues in careers and to expose them to the various options available to them from the experts in the field.

C. Objectives: -

- To introduce students to diverse fields of study/occupation after TYBA
- To improve language skills
- To understand the requirements to become a professional translator
- To be aware of journalistic media and its various types
- To develop understanding of the concept, meaning and aims of education.

D. Location: Online (via M S Teams)

E. Target audience with expected no. : Third Year B.A. students, 100-150.

F. Details of sessions: The English Association of SIES College of Arts, Science and Commerce, Autonomous, Sion (W) organized a 5- day RUSA sponsored online "Skill Enhancement and Career Guidance Workshop" from Monday 7th February to Friday 11th February, 2022 for 2 hours from 4:00pm to 6:00 pm for all the final year students of the institution. More than 60 students and staff members attended the workshop from across different streams of the TY Batch of the college.

Day 1: The Department had invited Mr. Rajat Nair, IELTS Trainer, employed at Collegedunia as the guest speaker on 7th February, Day 1, of the workshop. Mr. Nair guided the students about the IELTS Examinations, its format, types of questions asked, and the criteria, along with the basis of the scoring band. He also held a live demonstration of cue card questions with the students that was very engaging and interesting for the students. The workshop was indeed an informative and valuable discussion regarding the various career aspects and certifications available to students after graduation. This was followed by a Q&A session where Mr. Nair answered all the questions voiced by the audience. The introduction and vote of thanks was proposed by TYBA English Literature students.

Day 2: On 8th February, Day 2 of Skill Enhancement and Career Guidance Workshop, the speaker for this session was Mr. Vikrant Pande, translator and author. The session was all about the field of Translation, its intricacies and nuances. Mr. Pande spoke for two hours relaying his first-hand experiences in the field of translation with great enthusiasm. He gave students examples of words and phrases from various languages by translating them and discussed the joys and difficulties of translating from the original work. Having piqued the curiosity of everybody present, the participants had a lot of questions at the end of the session relating to the field of translation. Mr. Pande gladly took them up and cleared all the doubts.

Day 3: On 9th February, Day 3 of the Workshop the resource person of the day was Mrs. Subha Pande, translator and CELTA trainer. Translation activities were conducted by Mrs. Pande, who gave the students passages in regional languages and asked them to translate the passages. A review of the work was then conducted. She also gave a brief summary explaining how and why translations are necessary and how translations can either make or break the essentialities of the original work. Mrs. Pande then took steps towards the career aspects as a translator and opened the gates to a variety of options available to us. She shared various resources and encouraged the students to use them in their work. More than 50 students and staff attended this session.

Day 4: On 10th February, Day 4 of the Workshop, the guest speaker was Ms. Shayonnita Mallik, a Media Professional in Journalism and Advertising. Ms. Mallik started off the session by explaining Journalism in detail and then went on to explain the job roles and workings of a newsroom. Students were given an idea about how much hard work goes on behind the scenes of a television news broadcast and publishing of newspapers. She also shared valuable and vital tips that gave the students clarity regarding Journalism as an interesting career option, the courses available and job opportunities. It was a very interactive session and many questions were addressed. The session include an interactive activity given to the students, which involved active participation from the students as well as the staff.

Day 5: 11th February, Day 5 of the workshop was divided into two 1 hour sessions. The first session from 4:00 p m to 5:00 pm was conducted by Miss Shilpa Uparkar, an alumna of the Department of English, SIES College and currently working as an English teacher and the Head of department at the B.D. Somani International School. Miss Uparkar listed out for the participants the duties and responsibilities of teaching English in an International school and the requirements of being eligible to teach in an international board in the country and the differences in eligibility requirements from other national curriculums. She also explained in detail the pros and cons of teaching an international curriculum, citing examples from her own professional experiences. This session was especially noteworthy for the number of questions that poured in from attendees and the interaction that ensued from the session. Participants were curious to know from Miss Uparkar about the difference in teaching in an IB Board from an ICSE Board, eligibility to teach in a government institution and Kendriya Vidyalaya, preparations required for M.A. in English, which route is better-doing B-Ed after M.A or M.A after B-Ed, the skills required for an English teacher to make students grasp the language. The second session on Day 5 of the Workshop began precisely at 5pm with the resource person, Miss Padma Brahma who currently teaches the International Baccalaureate Programme in an international school in Bangalore. Since she had travelled to places all over the country like Dehradun, Udaipur and Surat, and taught in various boards Miss Brahma had gained a lot of experience in teaching in residential schools and she began her session by explaining the pros

and cons of teaching there. Then she moved to briefing the advantages and disadvantages of teaching in day schools so that the attendees, especially those who aspire to become teachers in the future, get a clear idea of the difference in teaching in both environments. After that, Miss Brahma described a career in teaching in an International Baccalaureate (IB) school and talked about things like the diversity of subjects, range of schools, skill development, teacher training avenues and affiliated careers. She gave examples from her own experience and showed how it is important to be tech savvy and research about every opportunity to gain experience before landing the dream job. She ended her talk by providing online resources for IB certificates in teaching and learning. This was followed by a question-and-answer session where attendees asked Miss Padma Brahma about internship opportunities at the British Council since she was a freelancer there, about teaching opportunities in Bangalore, about the essential things that recruiters look for while hiring teachers for IB schools. The session was truly fruitful and Miss Padma Brahma had valuable advice and tips for aspiring teachers.

The workshop was a success gauged by the feedback which was collected after the sessions, as the students gained a clear insight into the workings of all these different fields they can enter in the future after their graduation. Altogether 63 TY students and 4 staff members attended the sessions.

Names of Resource Persons:

1. Mr. Rajat Nair
2. Mr. Vikrant Pande
3. Mrs. Subha Pande
4. Ms. Shayonnita Malik
5. Ms. Shilpa Uparkar and
6. Ms. Padma Brahma

G. Expected Outcome:

Participants will learn about:

the details of working on translations from English to regional languages and vice versa, job opportunities and funding available in that field.

The studies involved and the pattern of IELTS examination and the opportunities available after IELTS training.

Media and its workings, the job opportunities and training in that field.

Explore the training and job opportunities in the field of education.

And Language skills will be improved.

Funding agency: RUSA

H Amount Claim:

Mr. Rajat Nair Rs. 2000/

Mr. Vikrant Pande Rs. 2000/

Mrs. Subha Pande Rs. 2000/

Ms. Shayonnita Malik Rs. 2000/

Ms. Shilpa Uparkar -Rs. 1000/-

Ms. Padma Brahma-Rs. 1000/

Total amount : Rs. 10,000/-

J. Photographs Annexure: 1

i. Detail of the Resource persons:

1. Mr. Rajat Nair works as a Senior IELTS trainer with Collegedunia Pvt. Ltd, a leading EdTech firm headquartered in Delhi.

2. Vikrant Pande has (till Jan 2022) published 12 translations from Marathi bestsellers into English some of them being Ranjit Desai's Raja Ravi Varma, Shreeman Yogi (Shivaji the Great Maratha) and Radheya (Karna the Great Warrior), NS Inamdar's Rau, The Love Story of Bajirao-Mastani, Milind Bokil's Shala amongst others. His translation of Girish Kuber's Tatayan as The Tatas- How a Family Built a Business and a Nation got the Gaja Capital best business book award for the year 2019.

3. Subha Pande is a translator based in Vadodara, Gujarat. She is fluent in six Indian languages. She works with multiple languages. She has several translated publications to her credit.

4. Shayonnita Mallik is a media professional with 5+ years of experience in journalism and advertising. She started her journey as a spirited News Producer at TV channel Mirror Now alongside Faye D'Souze producing breaking news and Morning Television.

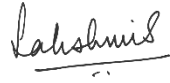

5. Ms. Shilpa Uparkar is currently an English teacher and the Head of department at the B.D. Somani International School. She is also completing her PhD from Mumbai University.

6. Padma R. Brahma has an M.Phil in Literature from Mumbai University. She has worked as a freelancer at British Council, Mumbai after which she moved to various places like Dehradun, Udaipur and Surat on school teaching assignments. She now lives in Bengaluru and teaches IBDP Language and Literature at an international school.

RISE WITH EDUCATION

NAAC REACCREDITED - 'A' GRADE

0010SIES COLLEGE OF ARTS, SCIENCE AND COMMERCE
(AUTONOMOUS), SION WEST, MUMBAI - 400 022

Department of Biotechnology

A. Title of the Seminar/Workshop/Conferences: Chromosomal Microarray

B. Background: Department of Biotechnology, SIES College of Arts, Science & Commerce College (Autonomous), Mumbai under the aegis of BT talks (interactive sessions with alumni)

C. Aims/Objectives:

The main objective of the webinar series was to introduce the participants to:

1. Chromosomal microarray and its use
2. Scope of cytogenetics

D. Location: The program was conducted using the online platform MS Teams. It was followed by a question-answer session between the resource person and participants.

E. Target audience/participants with expected number: 60 Undergraduate and postgraduate students

F. Details of Sessions: The session was held on Saturday, 29th January 2022 from 3:30pm to 5:00 pm

G. Session and names of Resource Persons: Ms. Tehmina Faizi, Scientific officer, Lilac Insights Pvt. Ltd., Mumbai, India

H. Expected outcome:

The feedback of participants stated that they found the session to be helpful, interesting and very relevant to the field.

The program helped them to understand:

1. Karyotyping
2. Prenatal cytogenetic screening
3. Affymetrix array and its interpretation
4. Various job opportunities in diagnostic sector

Annexures:

Annexure 1: Details of the resource person

Ms. Tehmina Faizi is currently working as a scientific officer in Lilac Insights since 2019. She did her bachelors & masters in Biotechnology and is an alumni of our department. During her masters, she did her dissertation research in BARC under the guidance of her mentor, on cloning of *Deinococcus radiodurans* DR_0708 gene signal peptide in pKG plasmid, helping her gain expertise in various molecular biology techniques such as RT-PCR, qPCR etc. She also completed various courses on Nutrition and Lifestyle in Pregnancy, offered by Ludwig-Maximilians University and Autism Spectrum Disorder, offered by University of California, both via Coursera. At Lilac, Tehmina analyses chromosomal microarray data to identify microdeletions/ duplications.
