EDUCATION IS LIKE THE MORNING SUN. As the sun rises and brightens up the entire stratosphere, so does right education, which brightens up thoughts, deeds, vision and makes life more prosperous and purposeful. SIES, which has been at the forefront in the field of EDUCATION FOR 90 YEARS, presently imparting quality education through 16 institutions, has adopted the creative Morning Sun as its icon and pledges its resolve to take the Nation further up, with its motto **RISE WITH EDUCATION**.

The South Indian Education Society, a symbol of QUALITY AND EXCELLENCE IN EDUCATION Since 1932, that has as its bedrock, a distinct and enduring combination of social values and moral beliefs. A bedrock that in turn, forms the foundation of a spectrum of institutions- each one adapting those values to further their delivery of excellence.

THE SOUTH INDIAN
EDUCATION SOCIETY

ABOUT SIES

HISTORY OF SIES

Established in 1932, the South Indian Education Society (SIES) prides itself on its rich heritage. Based in Mumbai, SIES is one of the oldest educational societies in India and is known for its rich tradition of imparting education while inculcating the essence of culture in its pupils. The society, since then has successfully expanded its reach by establishing various institutions that have striven to achieve academic excellence. In the journey to achieve individual milestones and collective growth, SIES started with six ardent learners and today the SIES family has evolved with various educational institutions and is blessed with over 25,000 students under its wing.

The Society has established two high schools, an array of Arts, Science and Commerce colleges, along with academic and professional institutions of higher learning. The SIES Institutional Social Responsibility (ISR) is the visible face of the institution. Education blends with tradition at SIES, which in turn reflects on individual and personal growth. This has been achieved through the foresight, wisdom and dedication of the founders and succeeding managements with a strong emphasis on high standards of academic, professional and societal performance.

INSTITUTIONS

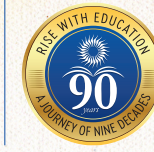

◆ ACADEMIC INSTITUTIONS

1. SIES High School

The SIES High School was established in 1932. It is a co-educational English medium school, reputed for its high academic service, discipline and efficient management. The school is recognized by the Municipal Corporation of Greater Mumbai for primary education and Government of Maharashtra (and follows the S.S.C syllabus). The institution caters to the educational needs of all students irrespective of caste, creed or religion right from the Pre-Primary level to the Secondary level.

2. SIES (Dr. APJ. Abdul Kalam Memorial) High School

The North Mumbai Welfare Society (NMWS) was amalgamated with the South Indian Education Society in 2017 and alongwith that merger their high school came within the fold of SIES. Dr. APJ Abdul Kalam was the Principal Patron of SIES and received its Lifetime Achievement Award. "In his honour and memory and in acknowledgement of the

HONOUR CODE

The honour code of SIES rests on contemporary student's perception of the value systems and the various practices. The Society firmly believes in secular education and supports cultural and ethnic diversity in the community. It would ensure that its graduates in humanities go out in the Government and Industry with an understanding of the role of science and technology in the scheme of things and its Graduates in sciences and technologies go out into the world with an understanding of the power structure of the society and the humanizing influence of the Arts. The honour code dwells on the Panchsheel of our philosophy.

- **Honesty and fairness in dealings, equity to be central to any action.**
- **No discrimination based on caste, creed, community or wealth.**
- **Pride in the nation – INDIA FIRST.**
- **A commitment to preserve, protect and perpetuate Indian culture, traditions and values. This includes respect for teachers and other elders.**
- **Understanding and empathy for the challenged students.**

The honour code would be entirely administered by the student body. The faculty and the administration will co-operate with the honour committee in ensuring compliance of the honour code. Every student of the Society will be made aware of the honour code and the responsibility of its maintenance imposed on them. Students found guilty of an honour offence without exception would be dismissed permanently from the institution. A student accused of honour violation would have a fair opportunity to present his view point before any decision is taken.

significant contribution he made to ignite young minds, NMWS High School was named SIES (Dr. APJ Abdul Kalam Memorial) High School.

3. SIES College Of Arts, Science & Commerce [Empowered Autonomous Status]

The SIES Arts and Science College was founded in 1960 to serve the ever-growing educational needs of the students from North and Central Mumbai suburbs. The college was a gift to the then newly-born state of Maharashtra. The Commerce Stream at the Degree level was started in 1980-81. Affiliated to the University of Mumbai, the college has an impressive strength of more than 6000 students drawn from all sections of this cosmopolitan city. It was conferred the Autonomous status on 28th May 2018. It was conferred Empowered Autonomous Status on 27th June 2023.

4. SIES College Of Commerce & Economics (Autonomous)

The SIES College of Commerce and Economics was established in May 1989 and was inaugurated by the then Vice President of India Dr. Shankar Dayal Sharma. It has now become synonymous with excellence in commerce education. The college that began as a single faculty college with 400 students and 7 lecturers, now offers under graduate and post graduate courses in Commerce, IT, Management, Banking and Insurance, Accounting and Finance to over 2,700 students supported by over 50 full-time and visiting faculty members. The Junior College with over 1,000 students and 18 teachers give the college the required strength to provide a complete package of quality higher education. It was conferred Autonomous status on 8th September 2020.

5. SIES (Nerul) College of Arts, Science & Commerce (Autonomous)

The SIES (NERUL) COLLEGE OF ARTS, SCIENCE & COMMERCE was founded in the year 1998. The college provides a safe academic environment and merit based education. It believes in providing an innovative educational environment, opportunities and experiences that would enable the students and faculties to grow, thrive and prosper. It firmly emphasizes the use of contemporary teaching methods. The students are empowered through value based education, discipline and varied extension activities thus providing them a holistic approach towards life. The college has grown by leaps and bounds over the years and today has about 5000 students. The college was conferred Autonomous status on 30.5.2023.

6. The SIES School Of Packaging - Packaging Technology Centre

The SIES School of Packaging was started in the year 2002 to bridge the gap between education and research in the field of Packaging. The various academic programmes offered by the School of packaging are recognised by the World Packaging Organisation. The employability post graduation is not just India centric but global. The Technology Centre

has been approved as a Scientific Research Organisation (SRO) by the Department of Scientific and Industrial Research, Government of India. The SIES SOP Star Awards is a significant step to foster innovation, creativity in Packaging with focus on cost containment, environmental issues, non-perishability of the material, transportation and the ease of consumption. These awards are recognised by the World Packaging Organisation. The winners of SIES SOP Star Awards directly qualified for the World Star Packaging Awards. The school is one of the few accredited members of International Association for Packaging Research Institutions (IAPRI) in India.

7. SIES Graduate School of Technology

SIES Graduate School of Technology was started in the year 2002. It offers four year Bachelor of Engineering courses in Electronics and Telecommunication Engineering, Electronics & Computer Science, Computer Engineering, Artificial Intelligence & Data Science, Artificial Intelligence & Machine Learning, Information Technology, Printing & Packaging Technology, Mechanical Engineering, Computer Science And Engineering (Internet Of Things And Cyber Security Including Block Chain Technology). It has a collaboration with Osaka Metropolitan University, Japan under which several high end technology programmes will be brought into the country. The course content will be aligned with the various investments made by the Japanese Government in India so that the Graduates can be absorbed in these projects. It is accredited by NAAC and NBA.

8. SIES Institute of Comprehensive Education

The SIES Institute of Comprehensive Education was started to meet the increasing demand for Pre-Primary education for teachers. With the mushrooming of nursery schools and with the dearth of adequate training programmes to train the personnel to mould the tiny tots, it was necessary to start an institute of early childhood education. It was established in June 1980. From a mere training centre, the institute has established itself as a leading institution for Pre-Primary and Early Childhood Education in the city of Mumbai. The institute is being upgraded into a College of Comprehensive Education post the approval for SIES University. Details of the proposed college given separately.

9. SIES College of Management Studies (SIESCOMS)

The SIES College of Management Studies was started in the year 1986. It offers the Masters Degree in Management Science (MMS) and Master of Computer Application (MCA) affiliated to the University of Mumbai. Both are two year post graduate programmes. The various autonomous courses that were offered by the College of Management Studies were shifted to the SIES School of Business Studies after AICTE had directed that all non-affiliated programmes should be run under a separate academic organisation. It is accredited by Accreditation Council for Business Schools & Programs (ACBSP). It is also accredited by NAAC and NBA.

10. SIES School of Business Studies (SIES SBS)

This management education institution offers Post Graduate Diploma in Business Administration (PGDBA), Post Graduate Diploma in Pharmaceutical Management (PGDM), Post Graduate Diploma in Bio-Technology Management (PGDBM). It also runs the Executive MBA Programmes of Indian Management Association. All these are full time two year programmes recognised by AICTE.

11. SIES Indian Institute of Environment Management

SIES-IIEM dedicates itself to the service of mankind by providing innovative and effective solutions to environmental and natural resource problems. It strives to enable individuals and organisations to achieve productive and sustainable use of natural resources on which all life and human activity depend. The institute endeavours for excellence in environmental science, technology and management by working hand-in-hand with its partners to protect environmental health and ecosystem integrity in India and around the world, through need-based education, training and research programmes. It was established in 1999.

Since its foundation, IIEM has been an active proponent of knowledge-based research and development to address upstream concerns on conservation of natural resources and protection of environment. With immense prescience, IIEM took up challenging issues in the areas of Corporate Green Accounting Procedures, Market Based Instruments for Regional Environmental Management, Minimisation of Environment & Resource use Impacts, Consequence Analysis of Eco-system Health with recourse to Hybrid multi-layered Neural Network etc. These research projects were supported with funding from IGIDR, Mumbai, MoEF, GEC and Wetlands International South Asia & Loktak Development Authority.

While the initial research projects were primarily in the area of Environment Management, IIEM rapidly evolved and today its structure also comprises the human resource skills and infrastructure to facilitate contemporary research in Biotechnology. The government funded research projects handled by the institute over the last five years in these areas include Climate change adaptation of onion crop, Monitoring and GIS mapping of water quality in urban slums of Greater Mumbai, Electrochemical oxidation of non-incinerable hazardous waste etc. These research projects have obtained financial support from DST, New Delhi and BRNS, Mumbai. The useful research work in the above areas has resulted in transfer of technology to society and publishing many research papers. In the last five years, institute has supported Maharashtra Pollution Control Board and different industries by supporting in consultancy projects viz. Biomonitoring and indexing of 56 rivers of Maharashtra at 156 National Water Quality Monitoring Stations in Maharashtra, Seed ball propagation for developing green cover in Maharashtra, Development of biofertiliser lab

and novel culture of AM fungi for Agri search India Ltd., treatment of leachate of hazardous waste.

It is affiliated to the University of Mumbai and approved as a Research institution. It offers Masters and Doctoral programmes in Environment Management and Post Graduate Diploma in Sustainable Environment Management. It also offers several certificate programmes.

12. SIES School of Pharmaceutical Technology

This school has been constructed on a separate plot of land D-125 in MIDC, Shirvane, Navi Mumbai. The plot area is 2285 sqm² and the total construction is 61467 sq.ft. This school is proposed to be commenced from the academic year 2024-25 offering both Diploma and Under Graduate Degree programmes in Pharmacy and after the first batch of degree students pass out commence the Masters Programme in Pharmacy. It is also proposed to add newer degrees in clinical sciences, Pharmaceutical regulatory framework worldwide and sandwiched programmes on patents and trademarks concerning Pharmaceuticals. The School will be affiliated to the Mumbai University to begin with and once the proposed SIES University takes shape, shall be brought within its affiliation.

13. SIES School of Law

It is proposed to introduce the 3 year Law Course, a 6 semester full time course leading to LLB Degree. For students completing upto 4th Semester and not going further, they would be given the LLB (General Degree) which would not give them the right to practice as Advocates. The 5 year Law Course leading to B.Sc. (LLB), B. A. (LLB), B.Com (LLB) is an integrated 10 semester law course after the 12th Standard. After the first batch of graduates passed out, Masters programme in law (LLM) will be introduced. It is also proposed to offer various degrees and diploma programmes in several specialised legal studies in later years.

14. SIES College of Education

The Society presently has the SIES Institute of Comprehensive Education which is an umbrella institution with courses in Teacher Education, Counselling and Special Education. The Institute has just completed over 40 years of its service in the field of teacher education. It runs the DECCEd programmes affiliated to the University of Mumbai. The counselling programmes include 1 year post graduate diploma in counselling (PGDC) affiliated to the University of Mumbai and 1 year post graduate diploma in Guidance and Counselling (PGDGC). It also offers short term programmes in Counselling both basic and advance. The Post Graduate Diploma in Special Education has been successfully run for over a decade. The institute received the NCERT award for innovation in Pre-School "Shishu Pahal Model".

It is proposed to upgrade this institute into a degree awarding college for both B.Ed and D.Ed in General Education, Rehabilitation and Special Education, Diploma programmes would also be part of offerings from the proposed college. This college will function from Nerul campus and the campus of SIES College of Arts, Science & Commerce (Empowered Autonomous).

15. SIES Institute of Medical and Laboratory Technology (DMLT)

It was started in the year 2004 at the Sion (West) premises. It is recognised by Maharashtra State Board for Technical Examination (MSTE). About 40-50 students are enrolled each year. Upon successful completion of the course, they are placed in private and civil hospitals.

16. SIES School of Physiotherapy

It is proposed to commence this School from the academic year 2023-24 at the Nerul campus of the Society. The School will be initially affiliated with the Maharashtra University of Health Sciences, Nashik and would come within the proposed University after its formation. It is proposed to offer degree in Physiotherapy initially with an intake of 80 students and in later years Masters in Physiotherapy.

17. SIES School of Nursing

SIES School of Nursing is proposed to commence at the Nerul campus of the Society from the academic year 2024-25. The School will offer the following courses :

- B.Sc. (Nursing) – 4 years.
- M.Sc. (Nursing) – 2 years
- Post basic (B.Sc.) (N) – 2 years
- General Nursing and mid-wifery (GNM) – 3 years

The School is attached to Zen Hospital, Chembur, Mumbai. This parent hospital institution shall give the required exposure to hospital management for the students.

18. SIES School of Music

SIES has a rich tradition of turning out several musicians from its students as front ranking national award musicians with an exceptional record of achievement. There could be no other institution that could have generated such a galaxy of musicians from its ranks. They include

- Padmashri S. Hariharan
- Padmashri Shankar Mahadevan
- Smt. Shreya Ghoshal, National Awardee
- Padmashri Dr. Aruna Sairam, former Vice-Chairman of Central Sangeet Natak Akademi
- Padmashri C. Saroja and C. Lalitha (Bombay Sisters)

- Shri. Naresh Iyer, National Awardee
- Shri. Ghanshyam Vaswani, Ghazal maestro and music director

SIES School of Music will begin formal coaching in light music. After a year, classical music will be introduced, both in Hindustani and Carnatic music with Degree and Diploma programmes. Facilities for percussion training include that for Mrudangam, Tabla and Pakhawaj. In later years, Violin, Sitar and Sarod would also be brought within the streams of study. Western classical would be progressively introduced.

As a first step, a minimum 12 session credit (3 months) in appreciation in music of any genre would be made compulsory for any graduate degree offered by the proposed University. This would be in addition to the formal degree and diploma programmes. Certificate for appreciation in music would be given to every graduate student of the University.

19. SIES School of Foreign Languages

It is proposed to set up the SIES School of Foreign Languages immediately after the establishment of the University offering short term conversational courses in

Spanish
Mandarin
German
French
Japanese

These would be of 3 months duration and would be conducted jointly in alliance with consulates of the various countries with these languages. Every student graduating from the University will have to go through a compulsory 12 session credit (3 months) for conversational proficiency in any one of these languages.

The Society has entered into academic collaboration agreement with Osaka State University of Japan dated 26th September 2019. This university has now become a mega university of Government institutions of Japan called Osaka Metropolitan University. Under the collaboration, it is proposed to offer several graduate programmes in high end technical education particularly in Mechanical, Robotics, Signals, Geo Informatics. In later years with foray into Architecture and Landscape, SIES will explore Building Engineering, Urban Planning and Design with the Osaka Metropolitan University. The 9G technologies trend that defines the future would be brought within the academic collaboration. The academic collaboration could not be implemented between 2019 to 2023 in view of the pandemic.

20. SIES Incubation Centre

This centre is being set up by CIIE.CO, an innovation continuum centre, (Innocity)

sponsored by Indian Institute of Management, Ahmedabad. It is the best in class incubation centre, backing entrepreneurs, building disruptive solutions in consequential sectors. The proposed SIES Incubation Centre would also be supported by the Department of Science & Technology, Government of India. The spectrum of activities covered by the SIES Incubation Centre is divided into four verticals.

InnoCity Connect- for ecosystem Meetups, Mentoring and Angel Training, Networking Meetups, Panel discussions, Experience sharing between investors, Founders, Start-up Enthusiasts, etc. Connect has done 12 Boosters, 80 Start-ups, 3 Bootcamps, 60 Teams. InnoCity Learn - for short duration knowledge dissemination sessions to provide structured support InnoCity has done 4 Programs, 40 Start-ups, 25% successful Start-ups InnoCity Booster - for identifying problems faced by early stage Start-ups, specifically at prototype, feedback to early stage founders regarding the business idea and way forward. InnoCity Pitch- for curating investment ready start-ups, provide ' focused evaluation visibility ' with Angels/HNIs to kick start first-round fundraise InnoCity Pitch has done 8 Pitches, 40 Start-ups.

All the above institutions except the Schools will come under the proposed SIES Deemed to be University.

SOCIAL INSTITUTIONS

1. SIES Sri Chandrasekarendra Saraswathi Veda Vidya Pitha

The SIES Sri. Chandrasekarendra Saraswati Veda Vidya Pitha embraces the traditional Gurukula system of learning with modern education. It combines vedic learning with mainstream education. The Veda Vidyarthi enrolled in the Vidya Pitha study at the State Bank of India Officers Association School for regular school education. Vedic studies are imparted in a traditional environment. The inmates of the home double up as Hon. Teachers for these students teaching them English, Mathematics, Sciences etc. that form part of School education. A therapeutic union that provides the company of the elders for students moved out of their homes for learning and yearning for parents and the elderly who long for children, either having moved away from them or childless. This bond has emerged as a potent social initiative.

The present education system has been inadequate for the task of turning out sufficient young leaders who can lift the country out of the polluted waters of our public life and the slime and sledge of a corrupted economy. The aim of character based higher education must be to leave a residuum called culture which would teach a meaningful philosophy of life and enriched character. The traditional Gurukula system has several inherent advantages and promotes a Guru Shisya relationship that transcends all material barriers. In living with our times of integration of old values with modern day means to forge healthy and durable teaching methods that would ultimately lead to good citizens, SIES Sri. Chandrasekarendra Saraswati Veda Vidya Pitha was inaugurated. In this unique education model, children have the best of both the systems of education. The entire cost of boarding, lodging, education, healthcare and other needs of the Veda Vidyarthi is borne by the Society and no contribution is received from the students.

The system has already seen the emergence of Doctors, post graduates, Graduates who are conversant with Indian culture, tradition and art. The track record of the students who have passed out of the system bares ample testimony to the success of the dual education system. By far this is the most significant innovation brought about by the Society during its long history of nine decades.

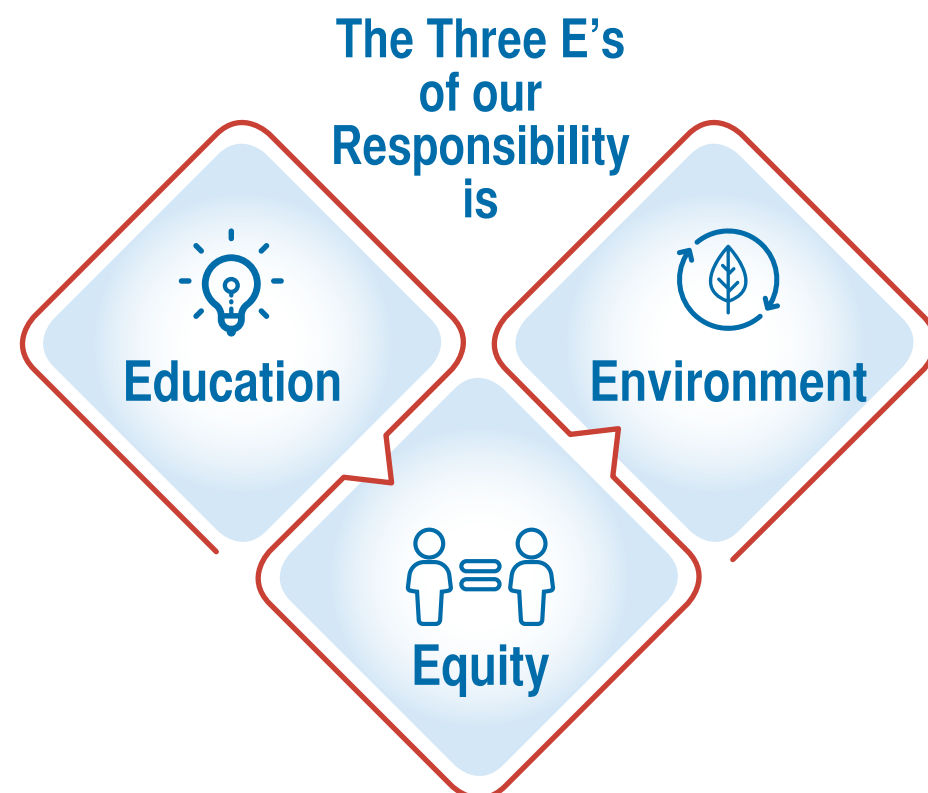

During the last 10 years, the Society incurred a deficit of Rs. 3.73 crores on the dual education of these students.

2. SIES Seniors Home (Care of the Elderly)

This home was inaugurated on 27th December 2002. Unlike the conventional home for the elderly, this is a unique social initiative mainly for the teachers of yesteryears who survive on a meagre pay and the terminal benefits received on superannuation were too

little to lend dignity to their residual life. The home provides free boarding and lodging for teachers who cannot afford any contribution, limited to boarding charges for teachers who receive nominal pension / interest on their savings. The home is designed for disabled friendly and has been constructed at a cost of Rs. 15 crores. In the last ten years, the Society incurred a net deficit of Rs. 2.25 crores for running this home. The inmates also double up as teachers for the students of SIES Sri Chandrasekarendra Saraswathi Veda Vidya Pitha with special coaching for English, Mathematics and Languages.

3. SIES – ISR (Institutional Social Responsibility)

Our ISR activities are

1. Equity and access to education for all (SIES Educational Assistance Trust)	1. SIES SEAT (in all institutions) 2. Ghatkopar South Indian Education Trust
2. Village Adoption	1. Kawathewadi (SAMVEDANA), Karjat Taluka, Dist. Thane 2. Khairpada, Shapur Taluka, Dist. Thane 3. Ghoteghar, Shapur Taluka, Dist. Thane 4. Kalgaon, Shapur Taluka, Dist. Thane

3. Skill Enhancement	BEACON (SIES Graduate School of Technology)
4. Environment	Focus this year was 1. Climate change adaptation of onion crop 2. Bio-monitoring and indexing of 56 rivers in Maharashtra. 3. Propagation of seed balls in Maharashtra for developing green cover 4. Environment and Green Audit
6. Care of the Elderly	1. SIES Seniors Home 2. Aadhata Community Centre 3. My Retired Life (MRL)
7. Culture	SIES Sri. Chandrasekarendra Saraswati Veda Vidya Pitha
8. Differently abled	Prajnya Vision
9. Armed Forces	Preferential admission scheme in select institutions with 90% fees waiver and financial support given for upgradation of the following Army Public Schools and Army Goodwill Schools (All completed) 01. Army Pre-Primary School, Colaba 02. Army Public School, Colaba 03. Army Goodwill School, Karu, Leh 04. Government Middle School, Yurgo, Ladakh (under implementation) 05. Army Public School, Kirkee, Pune 06. Army Public School, Kamptee, Nagpur 07. Army Pre-Primary School, Kamptee, Nagpur 08. Army Public School, Dighi, Pune 09. Army Pre-Primary School, Dighi, Pune 10. Army Pre-Primary School, Ponda, Goa 11. Army Pre-Primary School, Bambolim, Goa 12. Army Pre-Primary School, Pulgaon, Nagpur 13. Learning Centre and Gymnasium for Army Recruitment under the Agnipath Scheme in Apshinge Military Village, Satara District, Maharashtra
10. NSS / NCC & ISR activities of all colleges	SIES College of Arts, Science & Commerce SIES College of Commerce & Economics SIES (Nerul) College of Arts, Science & Commerce SIES Graduate School of Technology

11. 'Sahayog' activities of SIES
College of Management
Studies

12. Chords to Conquer	Hymn Humanity – Charity Music Band
13. Awards and recognition for promoting excellence	SIES Sri. Chandrasekarendra Saraswati National Eminence Award Prof. P. S. Ramaswamy Best Teacher Award SIES SOP Star Awards Prof. Purushottam Khanna Memorial Award and Lecture on environmental issues.

INSTITUTIONS The Journey Thus Far

The journey of a thousand miles starts with the first step and that was taken way back in 1932 when the School started functioning at the Shangani Garage in King's Circle with six students. Like the proverbial banyan tree, the Society has grown over the years bringing within its influence diverse sections of the society regardless of caste, creed and community. From such humble beginnings it has grown to several institutions today.

SIES FAMILY

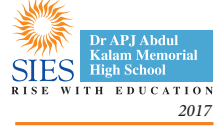

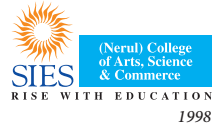

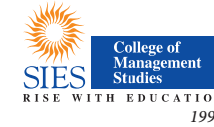

The South Indian Education Society,

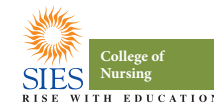

with its allied colleges and schools has been a unique pathfinder for decades now. **Excellence** being its hallmark, the Institution has always strived to instill values, and **practice** rather than preach!

From basic sciences and arts to high-end technology, SIES colleges have a **spectrum** of courses across all spheres of education. No wonder, this highly esteemed Institution has played host to some of the most eminent personalities.

Today, SIES pledges to write many more success stories on the pillar called **Education**.

To,
The Registrar
University of Mumbai
Fort, Mumbai - 400032.

Dear Sir,

Sub : No Objection Certificate

The South Indian Education Society was founded in 1932 and has completed 90 years in the service of education in Mumbai and Navi Mumbai. The Society is applying to the University Grants Commission under the University Grants Commission (Institutions deemed to be Universities) Regulations 2023 which has been gazetted by the Government of India on 2nd June 2023. The following institutions of our society are affiliated to the University of Mumbai.

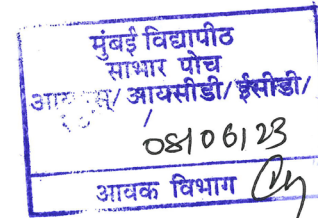

1. SIES College of Arts, Science & Commerce (Autonomous)
2. SIES College of Commerce & Economics (Autonomous)
3. SIES (Nerul) College of Arts, Science & Commerce (Autonomous)
4. SIES Graduate School of Technology
5. SIES College of Management Studies
6. SIES Indian Institute of Environment Management (Research Institution)

We propose adding these institutions to the SIES deemed to be university as and when approved and notified. We request you to issue a no objection certificate to enable us to transfer the affiliation from the University of Mumbai for all these institutions to the proposed university.

Thanking You,

Yours truly,

Dr. V. Shankar
President

THE SOUTH INDIAN EDUCATION SOCIETY

DETAILS OF THE SPONSORING BODY, ITS AIMS AND OBJECTIVES and Key Academic and Administrative Personnel

The South Indian Education Society (SIES) is one of the oldest registered tax exempt society in the city of Mumbai and Navi Mumbai. It celebrated its “Navathi” (90 years) in 2022. From KG to Ph.D, the multiple campuses of the Society encompass over 25,000 students and under its Mission 2025 plan, the student strength is expected to increase to 50,000 with 25 SIES institutions.

Education blends with tradition at SIES which in turn reflects on individual and personal growth. Foresight, wisdom and dedication of the successive generations of management and faculty with a strong emphasis on high standards of academic, professional and societal performance have enabled the institution to carve a niche for itself in the educational landscape of Maharashtra.

1. **THUS.....WE WERE BORN**

Public Meeting of the parents convened by the South Indian Association held on 27th December 1931.

“Resolved that a body called the South Indian Education Society be formed to work for the cause of Education of South Indian children in Bombay and its suburbs”.

This resolution was confirmed at the meeting of the Standing Committee for education on 23.3.1932.

2. The First institution, the SIES High School was started from a Garage in King Circle, Mumbai with six students on 6th June 1932.
3. The Society currently runs the following institutions :
 - SIES High School
 - SIES (Dr. APJ Abdul Kalam Memorial) High School
 - SIES College of Arts, Science & Commerce (Empowered Autonomy)
 - SIES Institute of Comprehensive Education
 - SIES Institute of Medical Laboratory Technology
 - SIES College of Commerce & Economics (Autonomous)
 - SIES (Nerul) College of Arts, Science & Commerce (Autonomous)
 - SIES College of Management Studies
 - SIES School of Business Studies
 - SIES Graduate School of Technology

- SIES Indian Institute of Environment Management
- SIES School of Packaging – Packaging Technology Centre
- SIES School of Learning and Leadership Development
- SIES Sri Chandrasekarendra Saraswathi Veda Vidya Pitha
- SIES Seniors Home (for retired Teachers without pension support from any institution)
- SIES Institutional Social Responsibility (SIES – ISR)

Institutions proposed to be started from the academic year 2024-25

- SIES College of Law
- SIES School of Pharmaceutical Sciences and Technology
- SIES School of Physiotherapy
- SIES School of Music
- SIES Incubation Centre in association with CIIE.CO – IIM, Ahmedabad
- SIES College of Comprehensive Education (with the starting of this college, the activities of SIES Institute of Comprehensive Education will be transferred to this college).
- SIES School of Nursing

Institutions proposed to be started from the academic year 2026-27

- SIES Research and Development Centre, a state-of-the-art facility for multi-disciplinary research.

The institutions with their logo and the front façade of the campus is enclosed in pages 11-12.

4. The Vision – Mission statement of the Society is enclosed in page 2.
5. Major achievements of the Society in its institutional journey of 90 years.
 - a. The patrons of the Society are :
 - Bharat Ratna Dr. APJ Abdul Kalam, former President of India (since deceased).
 - Padma Vibhushan Dr. K. Kasturi Rangan, an ex-student, former Chairman of ISRO, former member – Planning Commission, former Member of Parliament (Rajya Sabha), Chairman of the National Education Policy and Chairman – National Steering Committee for National Curriculum Frameworks.
 - Padma Vibhushan Dr. R. Chidambaram, Principal Scientific Advisor to the Government of India.
 - Padma Vibhushan Prof. Dr. M. M. Sharma, Emeritus Professor, ICT
 - b. The Society is registered as a Scientific Research Organization (SRO) by the Department of Science and Technology of the Government of India, valid till 31.3.2025. (Copy enclosed - Pg 17)
 - c. The Society is one of the few institutions registered u/s 35 (1) (2) of the Income Tax Act, 1961 which allows a weighted deduction from taxable income for contributions for Research and Development activities. (Copy enclosed- Pg 18)

- d. The SIES Institute of Environment Management had the unique privilege of being acknowledged by the Inter Governmental Panel on Climate Change, Geneva when it received the Nobel Prize for the year 2007 by endorsing the Nobel certificate itself to the Society acknowledging the contribution of SIES IEM towards the climate change work of the institute that gave it the Nobel Prize. (Copy enclosed - Pg 19)
- e. The SIES School of Packaging is the only institution in South East Asia recognised by the World Packaging Council.
- f. The SIES SOP Star Awards Winners qualify for direct participation in the World Star Global Packaging Awards of the World Packaging Council.
- g. The SIES SOP is an institutional member of International Association for Packaging Research Institutions (IAPRI) headquartered at United States of America. For the first time in the 51 years of IAPRI history, its Bi-Annual Members Conference was hosted by the SIES School of Packaging between 22nd – 25th May, 2023 at Mumbai.
- h. The South Indian Education Society was the first institution to bring foreign academic institutions into the soil of our country with UGC according its no objection to the external academic study centre and campus for the London School of Economics and Political Science for its undergraduate programmes in B.Sc. (Economics) and (Management) in 1990. Subsequently the programmes were withdrawn by the Society due to economic unviability.
- i. The SIES Graduate School of Technology has entered into a collaboration with the Graduate School of Engineering, Osaka City University, Japan for bringing mainstream technology programmes to India from this state university. During the pandemic, the project could not be kickstarted and would be implemented in the coming years.
- j. The Society has formalised the setting up of an Incubation centre in collaboration with CIIE.CO promoted by IIM Ahmedabad. The activities to be covered are
 - InnoCity Connect - ecosystem meetups, mentoring, angel training, networking meetups, panel discussions, experience sharing with investors, founders, startup enthusiasts
 - InnoCity Learn - short duration knowledge dissemination for igniting entrepreneurship
 - InnoCity Booster – identify problems of early-stage startups at prototype and MVP (minimum viable product), feedback to early-stage founders on the business ideas and way forward.
 - InnoCity Pitch – curating investment ready startups with Angels, HNIs to kick start fund raise.

This would start functioning from the later half of this year.
- k. The Society has a very dominant Institutional Social Responsibility (ISR). Every institution has an ISR department not limited to education but covering the full

facet of life. Partners in progress, tribals and adivasis in Maharashtra and the Indian Army.

Projects implemented

- Kawathewadi, Taluka Karjat – Varali Tribe, Village – total transformation.
- Khairpada, Shahpur Taluka, Dist. Thane – ‘Smart School’
- Adivasi Seva Mandal – Ashram Shala, Gothegar, Shahpur Taluka campus development. Residential school for 450 Adivasi girl children and day school additionally for 400 Adivasi Boys
- Kalgaon, Shapur Taluka, Dist. Thane – ‘Zilla Parishad School’
- Beacon – Skill India
- Samvedana – Action at the onset of distress
- NGO Internship – learning process beyond the classrooms.
- Army Connect – Renovation and modernisation of
- Army Pre-Primary School, Colaba
- Army Public School, Colaba
- Army Goodwill School, Karu, Leh
- Government Middle School, Yurgo (under implementation)
- Army Public School, Kirkee, Pune
- Army Public School, Kamptee, Nagpur
- Army Pre-Primary School, Kamptee, Nagpur
- Army Public School, Dighi, Pune
- Army Pre-Primary School, Dighi, Pune
- Army Pre-Primary School, Goa
- Army Pre-Primary School, Pulgaon, Nagpur
- Learning Centre and Gymnasium for Army recruits under Agnipath Scheme in Apshinge Military Village, Satara District, Maharashtra.

I. SIES – SEAT

Scholarship to the poor and needy – around 500 students per year disbursing about Rs. 60 lakhs per year.

- m. The SIES Sri Chandrasekarendra Saraswathi National Eminence Award is given each year in four distinct fields of human endeavour i.e. Public Leadership, Community Leadership, Science and Technology and Spiritual Leadership. The 25th award was given on 10th December 2022. Over these 25 years, the Society has conferred this award on **100 men and women** of outstanding accomplishments and achievements in the field of endeavour. The award is also given to foreigners who espouse the cause of Indian culture in their homeland. Till now the award has been given to **3 Presidents, 2 Vice-Presidents, 3 Prime Ministers, 2 Speakers of Lok Sabha, 4 Governors, 5 Chief Ministers, 5 Bharat Ratnas, 7 Foreign Nationals and 23 Padma Vibhushans**. Over the years, the award has emerged as one of the foremost national awards in the non-governmental sector.

- n. A grateful Municipal Corporation both in Mumbai and Navi Mumbai has named several roads and chowks after the Society and its office bearers.
- The road leading to the SIES High School, Matunga, Mumbai as “**SIES Chowk**”.
 - The road leading to SIES College of Commerce & Economics (Autonomous) at Sion (East), Mumbai as “**T. V. Chidambaram Marg**” after the President of the Society, the late Shri. T. V. Chidambaram who was the Registrar of the Bombay University for three decades.
 - The road opposite the SIES High School as “**T. S. Narayan Chowk**” named after the former President of the Society, the late Shri. T. S. Narayan.
 - The quadrangle on the main road leading to the market in Matunga as “**C. G. Raman Chowk**”, named after the former Hon. Secretary of the Society, the late Shri. C. G. Raman.
 - The road from the SIES (Nerul) Campus to the Nerul Railway Station of about 3 kms as “**Sri Chandrasekarendra Saraswathi Marg**” after the Sankaracharya of Kanchi in whose name the Nerul campus has been named.
 - The road from the SIES Nerul Campus to the Nerul Railway Station of 3 kms from the other side as “**Sri Adi Sankara Marg**” based on the suggestion of the Society to Navi Mumbai Municipal Corporation for such naming.
 - **Param Vir Chakra Major Parameshwaran Marg**, a student of SIES High School and SIES College of Arts, Science & Commerce at Wadala, Mumbai.
- o. The SIES College of Arts, Science & Commerce (Empowered Autonomous Status), Sion (W) was adjudged the Best College amongst over 900 affiliated colleges of the University of Mumbai in the year 2010.
- p. All the undergraduate institutions of the Society i.e. SIES College of Arts, Science & Commerce, SIES College of Commerce & Economics, SIES (Nerul) College of Arts, Science & Commerce have been conferred autonomous status by the University Grants Commission.

F.No. 11/411/2002-TU-V

Date: 23rd March 2022

**The President
The South Indian Education Society,
K.A. Subramaniam Road,
Matunga,
Mumbai – 400019, Maharashtra**

Subject: Renewal of Recognition of Scientific and Industrial Research Organisations (SIROs).

Dear Sir,

This has reference to your application for renewal of recognition of **The South Indian Education Society, Mumbai, Maharashtra** as a Scientific and Industrial Research Organisation (SIRO) by the Department of Scientific and Industrial Research under the Scheme on Recognition of Scientific and Industrial Research Organisations (SIROs), 1988.

2. This is to inform you that it has been decided to accord renewal of recognition to **The South Indian Education Society, Mumbai, Maharashtra** from **01.04.2022 to 31.03.2025**. The recognition is subject to terms and conditions mentioned overleaf.

3. Receipt of this letter may kindly be acknowledged.

Yours faithfully,

(Dr. P.K. Dutta)
Scientist - 'F'

**TERMS AND CONDITIONS FOR RECOGNITION OF
SCIENTIFIC AND INDUSTRIAL RESEARCH ORGANISATIONS (SIROs)**

1. The organizations should acknowledge receipt of the recognition letter by stating that they will abide by the terms and conditions of recognition.
2. The recognition will entitle the SIRO to receive such administrative support from the DSIR, Ministry of Science & Technology as may be required on issue to promote or encourage scientific research activities.
3. SIROs recognized by DSIR are also deemed to be registered. A separate certificate of registration** is issued along with the recognition letter. The recognition would be valid for the period specified in the recognition letter and application for renewal of recognition shall be submitted in the prescribed proforma at least 3 months before the expiry of the valid recognition. Failure to submit application in time may lead to automatic lapsing of the recognition & registration.
***However, the certificate of registration is not issued to SIROs engaged in activities falling within the definition of 'hospital' as per notification No. 51/96-Cus. Dt. 23.07.1996 issued by the Department of Revenue.*
4. The recognition of DSIR does not amount to approval u/s 35(1)(ii)/(iii) of Income Tax Act, 1961.
5. The registration will entitle the SIROs to avail of custom duty exemption on purchase of equipment, instruments, spares thereof, consumables, etc. used for research and development subject to relevant Government policies in force from time to time. Custom duty exemption has to be separately dealt with the customs authorities. The SIROs should abide by the terms & conditions of the customs notifications issued/amended from time to time.
6. Separate books of accounts shall be maintained by the SIRO for research & development activities and the R&D expenditure, both capital and recurring should be reflected the Annual Report and Statement of Accounts of the Organization in separate schedules.
7. Disposal/sale of equipment and products/prototypes/intermediates, if any, emanating from the R&D/pilot plant, should be intimated to DSIR immediately. The realization, if any, from above or any services rendered etc. shall be shown in the R&D accounts of the organization as income of the SIRO in the audited accounts as well as annual report and should be used or reinvested for research activities only. In case of disposal/sale of R&D equipment, clearance from custom authorities will also be required in view of the applicable notifications under which the equipment was imported/purchased in India.
8. Accelerated depreciation allowance as per Rule 5(2) of Income Tax Rules 1962 will be available on investments on plant & machinery by any industrial unit which has made these investments for the purpose of commercialization of technology/know-how acquired from a SIRO recognition by DSIR.
9. Brief summary of the achievements of the organization shall be submitted to the DSIR every year. This should include details related to papers published, patents obtained and process developed, new products introduced, awards & prizes received, copy of Annual Report and Statement of Accounts of the organization etc. List of equipment, instruments, parts and consumables imported/purchased using the duty exemption should also be submitted to DSIR along with the Annual Report.
10. Any violation of the terms & conditions mentioned-above and / or provisions of taxation in force will make the organization liable to de-recognition.
11. The organization will also conform to such other conditions for recognition stipulated in the Guidelines or as may be specifically provided in the recognition letter.

(TO BE PUBLISHED IN PART II, SUB-SECTION (ii) OF SECTION 3 OF
THE GAZETTE OF INDIA)

Government of India
Ministry of Finance
(Department of Revenue)
(Central Board of Direct Taxes)

New Delhi, the 28th April, 2009

Notification

S.O. It is hereby notified for general information that the organization **The South Indian Education Society, Mumbai** has been approved by the Central Government for the purpose of clause (ii) of sub-section (1) of section 35 of the Income-tax Act, 1961 (said Act), read with Rules 5C and 5E of the Income-tax Rules, 1962 (said Rules), **with effect from 1.4.2009** in the category of '**other Institution**', partly engaged in research activities subject to the following conditions, namely:-

- (i) The sums paid to the approved organization shall be utilized for scientific research;
- (ii) The approved organization shall carry out scientific research through its faculty members or its enrolled students;
- (iii) The approved organization shall maintain **separate books of accounts** in respect of the sums received by it for scientific research, reflect therein the amounts used for carrying out research, get such books audited by an accountant as defined in the explanation to sub-section (2) of section 288 of the said Act and furnish the report of such audit duly signed and verified by such accountant to the Commissioner of Income-tax or the Director of Income-tax having jurisdiction over the case, by the due date of furnishing the return of income under sub-section (1) of section 139 of the said Act;
- (iv) The approved organization shall maintain a **separate statement of donations** received and amounts applied for scientific research and a copy of such statement duly certified by the auditor shall accompany the report of audit referred to above.

Contd.....p. 2

-2-

2. The Central Government shall withdraw the approval if the approved organization:-

- fails to maintain **separate books of accounts** referred to in sub-paragraph (iii) of paragraph 1; or
- fails to furnish its audit report referred to in sub-paragraph (iii) of paragraph 1; or
- fails to furnish its statement of the donations received and sums applied for scientific research referred to in sub-paragraph (iv) of paragraph 1; or
- ceases to carry on its research activities or its research activities are not found to be genuine; or
- ceases to conform to and comply with the provisions of clause (ii) of sub-section (1) of section 35 of the said Act read with rules 5C and 5E of the said Rules.

Geneva, 24 April 2008

Dear Colleague,

I am very happy to send you a copy of the award certificate for the Nobel Peace Prize which was bestowed on the IPCC in 2007.

I would like you to know that the credit for this prestigious award goes to you and other colleagues who have contributed so admirably to the work of the IPCC. We are providing a copy of this award only to those who have contributed substantially to the work of the IPCC over the years since the inception of the organization.

I know you would proudly cherish this memento which is richly deserved and earned by you. With my congratulations & best wishes.

Yours sincerely,

R. K. Pachauri

Detailed Project Report of SIES COLLEGE OF ARTS, SCIENCE & COMMERCE (EMPOWERED AUTONOMOUS)

Strategic Vision Plan

The institutional development plan implies the vision and goals of our society.

VISION

The Institution aims at all round development of its learners in a favourable environment to nurture their intellectual, cultural, social, physical and recreational skills by imparting the education to attain global competencies.

MISSION

With a spirit of sincerity we:

- foster an integrated character in the learners
- mould the facilitators to be role models for the learners
- prepare the learners with technological knowledge, communication skills, social awareness, critical thinking and problem solving ability
- develop inquisitive minds to inculcate a culture of research and innovation
- equip the learners with leadership skills to become the agents of social change
- initiate sensitivity towards environmental, gender and ethnic diversity
- promote values of responsible citizenship

Qualification Descriptors

SIES College of Arts, Science & Commerce (Autonomous) is committed to a learner-centric environment and assessment procedures are designed to provide every learner with the opportunity to achieve the intended programme learning outcomes. Keeping in mind the changing trends in teaching-learning, SIES necessitates the effective use of technological tools in order to meet the growing employability requirements. For this, under Degree (Graduate and Post-graduate) programmes and Diploma programmes, New Value added courses are designed periodically.

Our Graduates

- demonstrate (i) a coherent understanding of the academic field of study, its different learning areas and applications, and its linkages with related disciplinary subjects; (ii) procedural knowledge that creates different types of professionals related to the subjects of study, including research and development, teaching and government and public services; (iii) skills that are subject centred and multidisciplinary based knowledge

and abilities, develop creative expertise, critical proficiencies and rational skills of inquiry.

- use subject-related and transferrable skills that are relevant to some of the job trades and employment opportunities.
- recognise and decisively evaluate issues of social responsibility, ethical conduct, sustainability by solving complex problems with well-defined solutions and open attitude to accept constructive feedback.
- embrace the diversity and recognise that all are unique in their own ways by working in collaboration with a sense of inter-cultural sensitivity.
- respond to the opportunities and challenges of the future using the main concepts, constructs and techniques of the subjects as accomplished communicators, skilful professionals and resourceful citizens in local, national, and global society.
- reflect the values of the Institution by meeting one's own learning needs, drawing on a range of current research and development work through professional acumen.

Based on these paradigms every department initiates their respective programme outcomes, programme specific outcomes which are classified into two levels: skills; attitudes and course outcomes focus at knowledge level.

FIVE YEAR ROLLING PLAN

Propose to initiate BA BEd and BSc B Ed along with PG in Political Science, English, and Economics

The summary is here

YEAR	STUDENT STRENGTH	FACULTY STRENGTH	
		T	NT
2024	3685	175	138
2025	3987	176	142
2026	4007	177	143
2027	4047	179	144
2028	4067	181	144

◆ ACADEMIC

The College has established a long tradition of academic accomplishment by achieving excellent results with meritorious rankers. Another unique feature of the college is its ability to use higher education as a tool to transfer skill and need based solutions by providing opportunities to the students to earn while they learn and become job creators rather than job seekers. The college offers 62 value added skill based and career oriented courses under the Centre for Excellence. The curricula of the courses developed by the college ensure student satisfaction, employability, as well as regional and global competency. Value integration, Human Rights, Environmental Awareness, Gender Sensitivity and ICT is promoted through

the co-curricular and extra-curricular programmes. We have started along with UG and PG, initiate number of certificate and credit courses under NEP.

I	Landscaping and Urban Gardening	Botany
I	Logical Reasoning and Mental Ability	Physics
I	Chemistry in Everyday Life I	Chemistry
I	Business Mathematics I	Mathematics
I	Understanding the History of Mumbai	History

OPEN ELECTIVES OFFERED TO SELF FINANCED COURSES

SEMESTER	NAME OF THE COURSE	DEPARTMENT OFFERING THE COURSE
I	Data Management in Excel	Data Science
I	Food and Nutrition	Biotechnology
I	Environment & Society	Environmental Science
I	Data Visualisation & Presentation in MS Powerpoint	Information Technology
I	Foundation of Human Skills	Department of Management Studies
I	Introduction to Media and Entertainment	Department of Mass Media
I	Web Designing	Computer Science

The institution plans to introduce courses in Disaster management, Self defence, Soft skills, and Stress management in order to facilitate a holistic development of its learners. We also look forward to making our learners globally competent by introducing new postgraduate courses in Food technology and Nutraceuticals, Bioinformatics, career guidance courses in Drug regulatory affairs, Quality control, Pharma sales and marketing. This will equip them with necessary skills to bridge the gap between industry and academia. In order to promote entrepreneurship skills amongst the students, we plan to start certificate courses in Aqua scaping, Maintenance of Aquarium, Professional and Business Ethics and Yoga Upasana. Our students and staff are continuously engaged in the Institution's Social Responsibility programme to bring social transformation. Thus, to ensure proactive social responsibility culture amongst students, we plan to strengthen our ISR initiatives such as adoption of villages by involving the students in making the villagers of rural Maharashtra self-reliant.

◆ EXAMINATION ORGANOGRAM

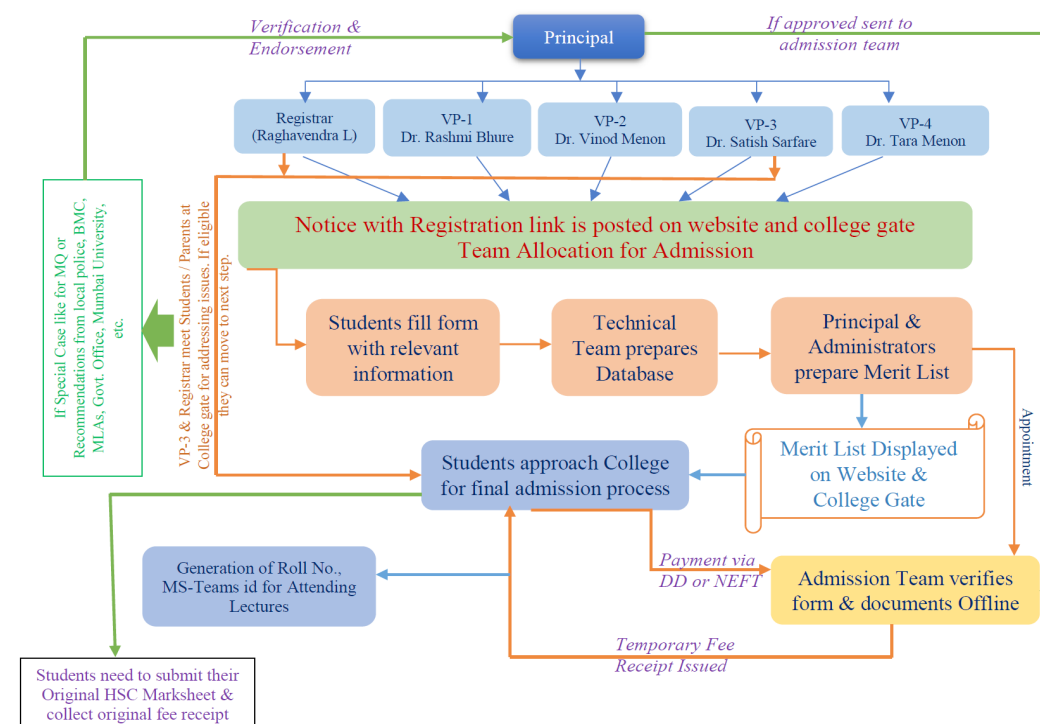

◆ STUDENT ADMISSION

With new promising courses we hope to have increase in admission of students . We shall maintain 1: 20/21 in order to maintain the standards. We conduct interview and written tests for the admission of premier courses.

During admission counseling provided to all After admission orientations carried class wise, stream wise to share the codes, norms and academic calendar with parents and students.

Below the organogram of the admission process.

◆ FACULTY RECRUITMENT

The institute is Government aided and also society funded Self Finance Courses. As per the need while starting new courses we shall recruit fully qualified committed staff to run them. At present we have all fully qualified staff with 90% are PhDs.

◆ RESEARCH

The institutional research advisory committee along with the IQAC is instrumental in developing inquisitive minds and to inculcate and promote research culture, and research aptitude amongst the faculty members and students.

● Promotion of Research

Various workshops/seminars on Research Methodology, Intellectual Property Rights (IPR), Entrepreneurship and Skill Development are conducted every year. The institute promotes participation of teachers in seminars, conferences and various faculty development programs. (2022-23: Teacher participation: 45). Every year, faculty is actively involved in training and mentoring students for participation in research conferences and competitions like Avishkaar- a Mumbai University Research convention. Programs are conducted to create awareness amongst the stake holders regarding research opportunities and grants announced by research institutions and funding agencies are organised. Faculty is engaged in writing research proposals. Research grants both Minor and Major have

been sanctioned from UGC, DBT and University of Mumbai in the last five years. (*Total grant sanctioned: 2019-20: 4.41 lakhs ; 2020-21: 8.4 lakhs; 21-22: 0.455 lakhs*). There are 11 recognized PhD centres (08 Science and 03 from Arts and humanities). and 16 PhD guides who are at present involved in research.

● **Research Publications**

Teachers publish and present the outcome of their research activities in reputed peer reviewed journals many of which are UGC CARE listed or indexed in SCOPUS and Web of Science. In 2022-23 there are more than 25 publications. (UGC CARE listed publications: 2021-22: 05; 2020-21: 13)

● **Innovation ecosystem**

One of the objectives of Rashtriya Uchchatar Shiksha Abhiyan (RUSA), a central government scheme, is to provide strategic funding to enable higher educational institutions to devote themselves to research and innovation. RUSA-funded Nirmitee Kendra, the Entrepreneurship Cell and Skill Hub of the college conducted several programmes aimed at not only training the students to create business ideas but also to provide insights for transforming their innovative idea into profitable ventures. This was inaugurated digitally by Honourable Prime Minister.

The programmes provided opportunities for students to network and socialize with industry experts and business professionals. These activities bore fruits when selected four start up ideas were sanctioned seed money amounting to Rs. 1,61,000/- (One lac sixty-one thousand only), from RUSA Grant in 2021-22. Various departments also contribute to fostering the research and innovation ecosystem by collaborating with research centres, industry and professionals to conduct skill development and training workshops related to research methodology, R tools, analytical techniques, bioinformatics, food quality assurance, waste management and intellectual property rights.

● **Collaborations**

With the objective to bridge the industry-academia gap, institute has several collaborations in the form of formal MoUs and has developed linkages with several corporate houses, and educational and research institutions. (In 2021-22, 05 functional MoUs; 2022-23: 02 MoUs). These collaborations facilitate faculty exchange, student exchange, internships, on-the-job training and project work.

● **Extension and Outreach**

The institute endeavours to inculcate in its students, the sense of societal responsibility and community service. Several structured and themed activities, programs, and workshops are conducted to create awareness and sensitize the public towards crucial social issues like

cleanliness, green environment, gender sensitization, and social values. In 2021-22, NSS Volunteers and associated teachers, in collaboration with government and nongovernment organizations, conducted activities like Blood donation camp, COVID Vaccination drive and Mangroves Clean up drive. NCC in association with 1 Maharashtra Battalion organised various programs with an aim to inculcate patriotic fervour, motivate youth to contribute to National security and sensitize the community towards the importance of yoga for health. The institute has a proactive Rotaract Unit that fruitfully engages students in extension and outreach activities like Talent Dikhlaja (a platform for the specially abled kids to showcase their hidden talents), Science made easy, thalassemia awareness and test drive, etc.

Various departments and associations such as Value Lab and Gender Sensitization Cell organize diverse programs related to menstrual hygiene, demonstration of composting for reducing waste, and instilling values and morals in young minds.

◆ **CAMPUS INFORMATION**

SIES College of Arts, Science and Commerce, Sion (West) was established in 1960, to serve the ever growing educational needs of students from North and Central Mumbai Suburbs, and was the gift of the South Indians in Mumbai to the then newly-born state of Maharashtra. The Commerce Stream at the Degree level was started in 1980-81. Affiliated to University of Mumbai, the College was conferred Autonomous status by the University Grants Commission in June, 2018. The College offers courses from Junior College to Ph.D programmes in various disciplines. The College has 24 departments and offers 23 UG and 13 PG programs to meet the academic interests of the students with diverse backgrounds. There are 10 Ph.D. centers to guide research students. The motto of SIES is to impart value based and inclusive education. The College has distinguished alumni in different fields such as Major Ramaswamy Parameshwaran, Param Vir Chakra recipient, Padma Shri Shankar Mahadevan, Padma Shri Hariharan, Padma Shri Aruna Sairam, Arjuna Awardee Suma Shirur, MP and Vice-President BJP, Vinay Sahasrabudhe, National Film Award winner Shreya Ghoshal and Latha Venkatesh, CNBC-TV18. Excellent results at various University and Board examinations, and coveted awards and prizes bagged by the students have placed the S.I.E.S. college among the most outstanding institutions in the city. The college has attained its position of repute due to the efficiency and dedicated service of the staff, support of non-teaching staff and encouragement from the management. Apart from conventional UG and PG programs, various skill enhancement courses and numerous certificate courses are offered by the departments and by the Center of excellence. The college was conferred Empowered Autonomous status in June 2023.

Communication Technology

We have courses like Data Science, Information Technology, Computer Science both at Under Graduate and Post Graduate levels .

We also have 'Centre for Excellence' where we have following courses :

- Web Engineering and Animation
- Embedded System for Beginners - I
- Embedded System for Professionals - II
- Basics of Hardware Assembling & Networking
- Programming in C Language
- Programming in Java
- VLSI (Very Large-Scale Integration) Microchip Development
- Python Programming for AI
- Basic Computer Skills in Word and Powerpoint
- Basic Computer Skills in Excel
- Basic and Advanced Python
- Computer Basic Skills (MS Word, Excel, Powerpoint)
- Advanced Excel (Macros)
- Spoken Tutorial IIT Software Training by IIT Bombay (40+ courses) – Avoagadro, Cell Designer, MatLab, Virtual Chemcollective Lab Training, Python, C, Java, eSIM, etc.

◆ INFRASTRUCTURE DEVELOPMENT PLAN

All science labs have been renovated and upgraded. Since the college is old and used optimally we are unable to add rooms or floors .

◆ ADMINISTRATIVE PLAN

To have exclusive ERP covering the following areas

Admission

Generation of Admission form, Merit list generation, Acceptance of fees online, generation of fee receipt, preparation of different statement like daily collection statement, Daily admission statement etc./ generation of various certificate like NOC, Bonafide certificates, TC etc/ generation of Roll call & time Table.

Accounts

Linking all types Fee collection to accounts ERP, generation of receipt and Payment , balance sheet , Ledger etc as per institutional requirement./ Reconciliation of cash & bank accounts/ Linking accounts heads to Budget heads of income & expenditure/ Accommodating the refund procedure due to cancellation and online refund payment process. / Preparation of Salary for staff, bank advice for banks for release of payments/ generating various reports for statutory and non-statutory deductions.

Attendance

Teaching, Non-Teaching Staff & Students attendance. Different types Attendance report like day wise, Month wise, Subject wise etc.

Examination

Generation of exam forms for both Regulars and ATKTs./acceptances of fees through online/generation of Hall tickets/ examination seating arrangement/submission of Question paper transcript by online in secured way/ generating Question papers /online assessment/ entry of marks/ process of results with all the resolution and ordinances / generating consolidated marks sheets/ generating individual marks statements with provisional pass certificate/ provision to generate duplicate marksheet if required./ Generating degree certificate

Detailed Project Report of SIES COLLEGE OF COMMERCE & ECONOMICS (AUTONOMOUS)

5 YEAR PLAN OF SIES COLLEGE OF COMMERCE AND ECONOMICS

◆ BACKDROP

The world is witnessing a realignment of political and economic powers. In this period of dynamic change, it is India, aiming for a five trillion dollar economy, which will adopt the mantle of leadership in South Asia and beyond. This will mandate investment in Education, Innovation, Research and work place skills.

National economic and education policies have been formulated to ensure that India drives the engine of change.

◆ ROLE OF COMMERCE EDUCATION

A five trillion dollar economy will necessitate focus on trade, industry and commerce. This along with globalisation, privatisation and liberalisation will surely impact Commerce Education in India. Mumbai, being the financial and commercial capital of India, will continue to play a defining role in India's quest for a self reliant economy. Commerce education in Mumbai was always popular as it is a gateway to employment in the banking and financial sectors. However with technological advances, increased digitalization, innovation and competition it is important to re- envision commerce education. Focus on trade, economics, management practices, financial markets, mergers and acquisitions at a global level is needed. The commerce curricula will also have to impart a number of skill sets such as critical thinking, problem solving, negotiation skills, critical and analytical thinking, numeracy and business literacy among others.

◆ THE SIES COLLEGE OF COMMERCE & ECONOMICS

The college was established in July, 1989 to promote the cause of Commerce education in the city of Mumbai. It quickly rose to prominence and is now one of the leading colleges for Commerce, in the city and suburbs. It began with one B.Com Program but now offers seven undergraduate and six post graduate courses and 2 Ph.D programs. B.Com is the flagship program with Bachelors in Management Studies (BMS), Banking and Insurance (BBI), Accounting and Finance (BAF), Financial Markets (BFM), B.Com. (Hons- International Accounting) and B.Sc. Information Technology (BScIT) being the other UG programs. M.Sc. Information Technology (MScIT), M.Sc. Data Science (MScDS), M.Com (Accountancy), M.Com (Banking & Finance), M.Com (Financial Research and

Technical Analysis), M.Com (Global Wealth Management) are the PG courses offered. All the programs are approved by University of Mumbai. In 2020, the college was awarded autonomous status by UGC and along with new UG & PG programs, it has introduced several short term and value added courses. NEP 2020 and global concerns offer the opportunity to integrate and re-align programs and courses to provide a teaching learning environment commensurate with the changing times.

DETAILED PROJECT REPORT (DPR)

1. STRATEGIC VISION PLAN

The college has a strategic vision plan to blend individual goals with national and global goals. The ultimate goal is to provide access and equity through education. The college will align all activities with NEP 2020 and at the same time be in tune with Sustainable Development Goals. A multi-disciplinary / inter disciplinary and holistic curriculum will be enriched with, collaborations and international certifications. Industry linkage through tie up with industry and academic partnerships with CA / CS Institutes, NISM, CIMA and other bodies will firm up course content and delivery. A green, safety compliant campus is envisaged. Students will be trained for competitive and professional exams as well as employment through placement and internship cells. To impart quality education, the college aims to attract fully qualified and competent staff. The college will ensure satisfactory NAAC re-accreditation at all times.

2. FIVE YEAR ROLLING PLAN

A. ACADEMIC PLAN

An institution is known by the quality of its alumni and the role they go on to play in society. To equip the coming generations with knowledge and skills to face and cope with the changing business environment, the college proposes new PG and Diploma programs aligned with emerging and sunrise sectors. 21st Century Skills are to be incorporated in all syllabi and curriculum. Along with regular programs, specialisations will also be encouraged. Inter disciplinary studies are to be encouraged so as to provide experts in crucial areas. To make learning and upskilling practical and accessible, more skill-based courses will be in hybrid mode and through MOOC. Internship and placement training will be the key to employability. This will be reinforced by national and international certifications. Seamless functioning of academic, examination and evaluation processes will take place through ERP. Qualified teaching staff, mindful of diversity quotient, will ensure success of academic programs.

	2023-24	2024-25	2025-26	2026-27	2027-28
No. of Programs	16	17	17	17	17
No. of Students	3097	3167	3187	3187	3187

B. FACULTY RECRUITMENT

The College will appoint all fully qualified (NET/SLET) faculty for all posts across courses, (where available). They will be offered competitive or equivalent packages to avoid pay gaps among the faculty. Revenue sharing models will be developed to promote consultancy. Faculty with professional and industry background will be recruited. The student teacher ratio, currently at 29.50:1 will progressively move to 21.98:1 in the fifth year.

	2023-24	2024-25	2025-26	2026-27	2027-28
No. of Programs	16	17	17	17	17
No. of Teachers	105	121	140	145	145

C. STUDENT ADMISSIONS

The college may introduce entrance exams to maintain the quality of students entering the programs. College may offer scholarships and incentives to invite and retain students with high calibre. Increase in placement and internship opportunities will help in attracting good students.

D. RESEARCH PLAN

The college is primarily an under graduate institute but has been continuously promoting research culture amongst students by organizing student research conventions. Students are mentored and guided by teachers to write and publish research papers. By integrating research projects in the curriculum, a research culture will be inculcated in students. A comprehensive research policy exists to support faculty research.

E. CAMPUS INFORMATION

The college shall continue to operate from its existing campus at Sion (East). Due to its central location, at the heart of Mumbai City and close proximity to the railway station, bus and taxi / auto stands, it benefits from good rail and road connectivity. The college has attracted students from all across the city including far flung suburbs. As the college is located in a safe environment, it is always in a position to offer day and night courses and programs. The college is competent to provide education in hybrid mode. For this, the campus will be digitally upgraded. Necessary arrangements for delivering online programs and E-content development and MOOCs shall be created. This will be subject to regulatory and accreditation approvals from the authorities.

F. COMMUNICATION TECHNOLOGY

The College will have a centralized digital network system and shall ensure transparency in operations as well as internal and external communication. The college shall attempt at minimizing paper usage, by measures such as conducting exams online, communicating to students, faculty, staff and other stakeholders through centralized messaging and electronic mail systems with adequate servers for data storage, as well as systems

availability. The website shall be made user friendly and personnel will be appointed and deputed for operations, maintenance and customer relations.

G. INFRASTRUCTURE DEVELOPMENT PLAN

To provide effective and impactful teaching learning and evaluation eco-system there is a need for both physical and digital infrastructure. The college will upgrade computer laboratories, add laboratories to support new courses along with lecture capturing systems and fully digital class rooms. All this will be supported by licensed software as per the curriculum. To improve communication skills, a language laboratory will be set up. Incubation and Innovation Centre to promote research and startups will need to be set up. To meet increased student intake and student expectations, additional class rooms, reading halls, common rooms, sports facilities, larger canteen and wifi enabled campus will be considered. Additional lifts, disabled friendly campus will facilitate free movement within the campus. The college will be moving towards a green campus.

H. ADMINISTRATIVE PLAN

The existing administrative structure is robust. Academic and Administrative activities function in a cohesive manner. Decentralisation, but with an effective reporting structure, ensures smooth functioning of all systems within the organization. Manpower planning is required to handle increased educational and allied activities. While college will ensure employability, placement officers, executives and assistants will be hired to liaison between college and companies for internships and placements. Sports plays an important role for the holistic growth of students. Hence, the need for coaches and Physical Education instructors. A career counsellor and psychologist, full time on campus, will safe guard

the mental well being of students. Laboratory assistants, IT executives for hardware and software will ensure the success of digital programs. Correspondingly, non teaching administrative and support staff will be added to strengthen the administration.

I. FINANCE PLAN

In order to upgrade quality, a viable finance plan is required. Fees alone cannot support all future activities. The college proposes financial and academic partnerships on revenue sharing basis. This will be supplemented by industry sponsored programs. With increased privatization, the cost of education is expected to go up. To ensure access to the meritorious students of all sections of society substantial endowments and donations will be invited from public and private sources for scholarships, fee support, subsidies and grants.

J. GOVERNANCE PLAN

The College, being autonomous, has a well-defined governance plan with Governing Council, Academic Council, Finance Committee, Board of Studies, College Development Committee and Internal Quality Assurance Cell.

Additional Boards of Studies will be set up with the introduction of new courses and programs. Anti-ragging, Internal Complaint Cell, Research Advisory Committee already exist. It is proposed to set up a Corporate Advisory Committee and a Diversity Cell along with existing statutory college level committees. New committees / cells mandated by the government will be set up as directed.

Detailed Project Report of SIES (NERUL) COLLEGE OF ARTS, SCIENCE & COMMERCE (AUTONOMOUS)

DPR (5YEARS)

◆ STRATEGIC VISION PLAN

SIESASCN will frame college vision and mission in alliance with SIES University and set short term and long term goals for the institution, department and faculty. The institution will recognise, identify and foster the unique capabilities of each student by sensitising faculties and parents'. Keeping in mind SIES university status, the institution will frame objectives and policies for the holistic development of students. The institution will refine mission and vision for their effective implementation in alignment of future trends and requirements. As per the changing market demands, the institution will introduce new online programmes and courses. To cater to the students' competencies at national and global level, the institution will introduce distance education. The Institute being autonomy aims to become a global institution providing quality education in a dynamic environment. The college will tirelessly work towards building a unique brand by becoming Benchmark for other institution at state and central level. The college will aim to become mentor for the new colleges in Navi Mumbai. Our institution has implemented The National Education Policy (NEP 2020) and is aligning itself with the goals of The New Education Policy (NEP 2020) of the Government of India. Our institution will provide inclusive and equitable education for all our students by adopting multidisciplinary and flexible approach under NEP- 2020. SIESASCN will focus on implementation of National Education Policy 2020 by providing higher education leading to excellence and innovations and engaging in interdisciplinary/ multi-disciplinary/ trans-disciplinary teaching and research in addition to domain-specific specialization. The institution aims to provide holistic education across disciplines such as sciences, technology, social sciences, arts, humanities and sports.

◆ ACADEMIC PLAN

The institution will introduce programmes and courses as per the requirements of Government, industry and market. The learning objectives and outcomes will be designed as per the NEP 2020 policies as well as industry demand. Outstanding academic programmes with new curriculum framework for Four Year Undergraduate Programme (FYUP) and Dual Degree as per NEP-2020 guidelines will be introduces to push and encourage students to produce their finest work. The institution will blend "classroom" learning with student centric methods such as experiential learning, participative learning, on the job training, vocational training and problem solving methodologies to enhance

teaching learning experiences. These programmes will also give students access to a rich learning environment where they can gain knowledge through instruction, activity-based, experiential experience and mentorship. The main aim will be to prepare learners with technical, digital, employable, life, soft skills and to be socially responsible as well as value based citizens in a globalised society through more collaboration. The institution will give importance to the Indian Culture, Indian value, Regional Language, Mental and Physical health and Ethics. The institution will introduce new programmes which would emphasize on Indian and Global Ideologies, Entrepreneurship, environment, community engagement programmes and cater to the needs of new generation. The institution will continue to focus on encouraging more research, innovation and use of technology for enhanced learning environment through collaborations. The institution will provide flexible and innovative curricula which include credit-based courses and projects. Initiatives for student exchange programmes will also be undertaken. The institution will strengthen and refine its feedback mechanisms and revise curriculum at regular intervals. The emphasis would be to boost and enrich the academics, co-curricular and extra-curricular activities to the best in the world and update it to keep it relevant and up to date. The aim of the institution will be to create high Achievers' Learners' with Emotional Maturity, Scientific Temper, Civic Sense, high Moral Character, human and Cultural values.

◆ FACULTY RECRUITMENT

The institution will meet faculty requirement as per changing student strength, new programmes and courses. Selection Committee will be constituted for recruitment of the staff as per UGC norms. Full time faculties will be hired as per eligibility norms for under graduate, post graduate and doctoral programmes. The recruitment will be made keeping in mind the diversity of new programmes and courses offered. The goal would be to hire the most qualified personnel, who are reasonably young, lively, computer proficient, multilingual and passionate about research. Competencies in areas of teaching and research would be accorded. The student teacher ratio (1:20) will be maintained as per the UGC norms. The details for the same is attached in the excel sheet.

◆ STUDENT ADMISSION PLAN

The Institution will focus on enhancing demand ratio and adding new programmes. The aim is to become the most preferred institution for admission in the city of Navi Mumbai. The admission process will be completely digitalised. Institutional entry level entrance test will be introduced in the admission process of programmes with high demand ratio. Admission process will be undertaken as per UGC regulations issued time to time. Efforts will be made to increase enrolment rate of college through branding and benchmark. Provisions for Lateral Entry between colleges as well as universities will be made. More number of Distance Education will be promoted to enrol students from other districts, states and countries.

◆ INFRASTRUCTURE DEVELOPMENT PLAN

As the new programmes and courses will be introduced in next 5 years, arrangements for adequate physical and other infrastructure will be made available. The provisions for additional classrooms, Head of Department rooms, staffrooms, Audio visual rooms, Seminar room, tutorial room, Laboratories, committee rooms for extra and co- curricular activities and Washrooms would be made. The institution will introduce Simulators and virtual laboratories. The detail plan is attached in the excel sheet.

◆ FINANCE PLAN

As the institution moves towards University Status, multi-layered financial planning will be undertaken. The Revenue and Expenditure Statement for 5 years Projection Plan is made taking the current year 2022-2023 as the base. The income that comprises of Tuition fees and Add-on Course will be increased by 25% and the Expenditure for every three years of the academic term. The expenses comprises of salary for teaching, non-teaching, A.M.C, Repair and maintenance, License Fee Renewal, Printing & Stationery, Postage & Telegram, Electricity Charges, Insurance Charges, Advertisement & Publicity, Conveyance & Traveling, Consumables, Legal & Professional Taxes, Remuneration, Administrative Expenses, Affiliation fees to University of Mumbai, Housekeeping & Security, Books & Periodicals, Student Activity Expenses, Workshops & Seminar, Miscellaneous Expenses are approximately calculated from 20% to 10% to 5% to 3%. All the financial statements of the institution will be passed through Finance committee and further by Governing Council of the college. The detail plan is attached in the excel sheet.

◆ ADMINISTRATIVE PLAN

1. Administrative staff

Increased intake capacity of students will require an increase in the number of administrative staff-members. Hence it is planned to create more positions in administrative staff category. Recruitment and promotion will be done as per rules operating in the Govt. of India/UGC, or the qualifications prescribed by the Govt. of India/UGC. As per NEP 2020 requirements, training programmes will be organised for administrative staff-members on a regular basis to improve their efficiency and adapt to necessary changes. Skill Enhancement activities improves productivity hence it is planned to organise more events for support staff members. As a part of the inclusion policy, it is planned to organise various sessions for the house-keeping staff members.

2. Digitalisation

Complete Enterprise resource planning (ERP) software will be upgraded and implemented for paperless environment.

3. Conformity to Standards

Periodic audits will be conducted to maintain the transparency and quality in system administration.

4. Examination Process

The College will develop a technology based, transparent and secure examination process to ensure an efficient system with minimum errors. Under Autonomous status and NEP 2020, the college will adopt Credit based Semester and Grading System. The emphasis will be given on Continuous Internal Assessment process. The college will aim at enhancing transparency in examination system to create confidence and trust amongst the stakeholders (Management, Teachers, Students, Parents) of the College. The Outcome based education reforms outlined in the NEP 2020 would be implemented effectively, to transform the assessment and evaluation process of the institution and enhance the quality of examination process for all students.

◆ GOVERNANCE PLAN

It is effective governance and leadership that enables the creation of a culture of excellence and innovation in higher education institutions. The common feature of the institution would be as follows—

1. Strong self-governance and outstanding merit-based appointments of institutional leaders.
2. A suitable system of graded accreditation and graded autonomy to become independent self-governing institutions pursuing innovation and excellence
3. A Board of Governors (BoG) shall be established consisting of a group of highly qualified, competent, and dedicated individuals having proven capabilities and a strong sense of commitment to the institution.
4. Along with College Development Committee (CDC) and Internal Quality Assurance Cell (IQAC), the college will constitute the committees/ statutory bodies as per the guidelines of UGC / Government from time to time or the governance of the institution and for the academic growth
 - Governing Council: The Governing Council is constituted as per the UGC and SIES University norms to fulfil the objectives of the college.
 - The institution could have two vice-principals.
 - Academic council: The academic council is constituted as per the norms prescribed by the UGC and the SIES University to ensure upgradation of Curriculum and introduction of new programs from time to time based on the emerging trends.
 - Board of studies: The Board of studies of various programmes has been constituted as per the guidelines prescribed by the UGC and the SIES University to facilitate the designing of an innovative curriculum, different teaching-learning methods and provide academic flexibility to students and creative freedom to the staff members.
 - Finance Committee: Finance Committee is formed as per the UGC and SIES University norms to act as an advisory body to the Governing body.
 - Various new positions will be created such as Controller of Examinations, Head for Skill Development, Training and Placement Officer, Academic Coordinator for Distance Education, Head for Corporate Relations and Officer for Industry Academia Interface.

5. The institution will introduce a Strategic Institutional Development 5 years rolling Plan on the basis for future prospects of students' expectations and requirements. Institution will develop initiatives, assess own progress, and reach the goals set therein, which could then become the basis for further funding from various sources. The IDP shall be prepared with the joint participation of Board members, institutional leaders, faculty, students, and staff as per NEP 2020.

◆ RESEARCH PLAN

The institution will constantly provide a supportive environment to achieve excellent outcomes from students and teaching faculties with reference to research, consultancy and extension. SIESASCN will emphasize more on research and innovation by setting up start-up incubation centres, IPR cells, technology development centres, research centres, greater industry-academic linkages, and interdisciplinary research and support a vibrant research and innovation culture, collaborating where possible with research organizations and research laboratory. The college will maintain and enhance conducive environment for research culture and temperament amongst faculty and students by facilitating requisite infrastructural financial, academic and administrative support including-

1. SIES research policy- The current policy provides a broad framework to encourage scholarly research work. The future aim is to inspire, guide and coordinate the initiatives of the staff towards PhD Programme, Major and Minor research projects grants provided by the Government organizations and private funding agencies, publication of research papers in reputed journals (UGC CARE recognized journal, SCOPUS, ABDC etc), patent filing, and similar other research related activities(by providing Monetary and Non-Monetary benefits)
2. Social science research and humanities research will be promoted
3. Consultancy work- The institution will aim to develop strategies to foster research collaborations within the faculty, across faculty and institutes/organizations and with agencies outside the college. The institution will encourage consultation offered by faculty members on problems faced by industries.
4. Provision for Seed Money and corpus funds for research Work.
5. Forming a Research Centre including more PhD Guides.
6. Taking up Institutional membership for research and consultancy work.
7. Creating Innovation/IPR cell.(patents and incubation)
8. Tie up with other Institute Libraries –To utilise the Research bank for Literature Review and Multidisciplinary Research Work)
9. Install latest Research software For Data Analyses and Interpretation, Questionnaire framing, Bibliographic references etc.
10. Install software for Plagiarism Test and Inclusion of research ethics in the research methodology course work
11. Creation of Research Advisory Committee to help teachers receiving national/

international fellowship/financial support by various agencies for advanced studies.
Install Language software to help research work and analyses.

12. Inclusion of research ethics in the research methodology course work
13. Introduce more number of institution's own journals.
14. Students Research Projects -Well Equipped Library with latest research Journals of various categories (access to e- journals and databases subscribed by the library, computer, reading space, and other resources for research.) and tie up with other Institute Libraries for project common pool.
15. Engaging in interdisciplinary/ multi-disciplinary/ trans-disciplinary teaching and research in addition to domain-specific specialization.

◆ COMMUNICATION TECHNOLOGY PLAN

As institution will diversify and expand in the years to come, it will adopt and adapt with ever changing technologies and market dynamics for which the institution will plan in the areas of hardware, software, network and operating systems. Further these requirements will be broadly classified into 3 user level roles-for students, Faculties and Administration. To serve the increasing intake of students and to accommodate them all, Computer laboratory planning will be done. ERP will be introduced in a phased manner. The detailed plan is attached in the excel sheet.

◆ CAMPUS INFORMATION FACILITIES

In the capacity of University; the institution looks forward towards setting up campus at par with national standards. We have framed strategic plan for setting up campus facilities for our Institute.

During first five years-

- Increase accessibility for students with disabilities, including the installation of elevators, ramps, and accessible restrooms.
- Develop a comprehensive sustainability plan to reduce energy and resource usage, increase recycling and composting, and promote alternative transportation options.
- Waste management systems will be advanced and upgraded.
- Green campus initiatives with more environment friendly facilities.
- Conduct a comprehensive campus facilities audit to identify existing conditions and deficiencies, including accessibility and safety issues. Create a prioritized list of projects based on the results of the audit and master plan, including deferred maintenance and emergency repairs.
- Fully automated library with increasing reading area
- Increasing Canteen capacity in terms of area, food variety and better quality standards.
- Special Lab for gifted students.
- Hobby Centre
- Building Regional centre.

- Building PG Centres and Centres of Excellence
- Yoga & meditation Centre
- Increased Solar power usage
- Water purification plants and Waste Disposal plants

◆ COURSES AND ENROLMENT

In the next 5 years, the institution proposes to start with new programmes in post graduates such as MA in Business Economics, M.A in Communication & Journalism, M.A Psychology, M.Com in Business Management Studies, M.Sc. Data Science. New undergraduate programmes such as B.Sc Environment Science and B.Sc Packaging Technology, Business Administration (BBA), B.Ed, BA in Psychology, B.A (Business Economics), B.Sc. Data Science, B.Sc. Artificial Intelligence (A.I), B.A Honours, B.Sc. Statistic will be introduced. Doctorate in Economics, Environmental Science, Information Technology, Accountancy, Business Administration, and Business Management will be introduced. The projected student intake in next 5 years is 4674. The college will also introduce market oriented, value addition certificate courses and diploma courses.

DPR (15YEARS)

◆ STRATEGIC VISION PLAN

The institution will redefine and enrich its objectives and policies as per status of SIES University, high tech global demands and stakeholders' needs. The institution will enhance students' unique capabilities and take initiatives to make them global citizens. As per the changing future market demands, the institution will introduce new online programmes and courses. To cater to the students' competencies at national and global level, the institution will also introduce distance education. The institution will continuously work towards meeting the standards of national and global universities. The college will continue working towards building a unique brand by becoming Benchmark for other state, central and global universities.

◆ ACADEMIC PLAN

The institution will enhance emphasizing on programmes with expanding societal demands and the potential for academic achievement. The institution will continue introducing new programmes which would emphasize on Indian and Global Ideologies, Innovations, Entrepreneurship, environment, and cater to the needs of new generation. The institution will improve in providing educational experiences that will be effective and productive for students and faculties. The institution will take advantage of the enormous opportunities that lie ahead and continuously prepare graduates with technical, digital, employable, life skills and prepare them as socially responsible citizens of globalised society. The focus would be to boost and enrich the academics, co-curricular and extra-curricular activities to the best in the world and update it to keep it relevant and up to date. The institution will have collaborations with establishment at global level.

◆ FACULTY RECRUITMENT

In the next 15 years the goal would be to hire the most qualified personnel, who are reasonably young, lively, computer proficient, and passionate about research. Competencies in areas of teaching and research would be accorded. The projection of faculty required in the 15 years is 234 with the student teacher ratio will be as per national and international standards.

◆ STUDENT ADMISSION PLAN

The institution will strive for becoming the most preferred institution for admission in the city of Mumbai. The digitalised admission process will be enhanced as per the changing requirements then. The institution will continue and work towards advancement level of its Institutional level entrance tests. More number of Distance Education will be promoted to enrol students from other districts, states and countries. National level merit-based admission process will also be undertaken. Provisions for 5 % reservation for international students and inclusive education will be made. Measures to increase enrolment rate of institution will always be taken.

◆ INFRASTRUCTURE DEVELOPMENT PLAN

Physical Infrastructure Facility

As students intake will increase in 15 years, following additional requirements will be planned-

- Hostel and guest rooms facilities
- More students' accommodation
- More canteens / cafeteria
- 2- 3 stationary/ printing stores
- Athletic facilities and recreation areas to support the physical and mental well-being of students
- Separate recreational facility/ sports complex with all gaming facilities and sports hostel for approx. 50 sports man.

◆ FINANCE PLAN

As the institution will grow in future, proportionate financial planning will be undertaken. The detail plan is attached in the excel sheet.

◆ ADMINISTRATIVE PLAN

New positions and Recruitments of staff will be done as per changing requirements of educational bodies and global standards. Administrative staff intake will be increased. The institution will implement E-Governance through MIS- Data analysis system. The institution will continue striving for paperless work environment. Periodic external audits will be regularly conducted to maintain the transparency and quality in system administration.

The college will enrich its technology based, transparent processes and systems. The institution will introduce courses with global recognitions, and faculty and student exchange programmes with global institutions.

◆ GOVERNANCE PLAN

The institution will enrich and deepen its effective governance to sustain the culture of excellence and innovation in higher education institutions. The institution will continue the statutory bodies/committees as per the guidelines of UGC / Government from time to time or the governance of the institution and for the academic growth. The members from national and global prominence will be part of various regulatory bodies such as College Development Committee (CDC) and Internal Quality Assurance Cell (IQAC), Governing Councils, Academic councils, Board of studies.

◆ ANNUAL MILESTONE ACTION PLAN

The Annual Milestone Action Plan of SIESASCN is based on following parameters:

1. Academics

SIESASCN will focus on implementation of National Education Policy 2020 by providing higher education leading to excellence and innovations and engaging in interdisciplinary/ multi-disciplinary/ trans-disciplinary teaching and research in addition to domain-specific specialization. The institution aims to provide holistic education across disciplines such as sciences, technology, social sciences, arts, humanities and sports.

ACTION PLAN (5YEARS)	ACTION PLAN (15YEARS)
<ul style="list-style-type: none"> Introducing the new curriculum framework for Four Year Undergraduate Programme (FYUP) and Dual Degree as per UGC guidelines Bringing in new market oriented programmes and courses Introducing Vocational and Technical training programmes Taking initiatives for Mental and physical health and hygiene for students and staff. Introduce programmes on Indian value education and culture. Continuous training programmes for staff members To adopt innovative teaching learning pedagogies. 	<ul style="list-style-type: none"> Introduce and Emphasise on Regional Language in Education Introduce programmes and courses as per global standards Provide simulators, introduce use of virtual laboratories Training of uneducated youth and local population Academic flexibility for interdisciplinary learning

2. Status / Accreditation & Certifications

SIESASCN will work for effective implementation of measures for quality improvement as per the quality mandate of UGC.

ACTION PLAN (5YEARS)	ACTION PLAN (15YEARS)
<ul style="list-style-type: none"> Autonomy University status Participating institution of UNNAT BHARAT ABHIYAAN SCHEME National Skill Development Programmes Implementation of NEP 2020 Execution of ABC Improve quality assurance systems Rankings-NIRF 	<ul style="list-style-type: none"> Identifying the Unique Selling Points of the college and publicize them leading to brand building. Prepare for accreditations by national and international agencies Achieve higher college rankings given by reputed assessors Provide mentoring to new colleges in Navi Mumbai

3. Admission

<ul style="list-style-type: none"> Outcome based education- Course outcome, Programme outcome, Programme Specific Outcomes 100% pass percentage 	<ul style="list-style-type: none"> Evaluations reforms in Outcome based education Adopt Learning-outcome based curriculum framework (LOCF) and revise curriculum at regular intervals; University rank holders National Ranks

6. Extension Services

Institutional Social Responsibility, National Service Scheme, Department of Lifelong Learning and Extension and Rotaract will work in the areas of community engagement and service, environmental education, value-based education, etc. The institute will promote linkage of the students with the society/industry.

ACTION PLAN (5YEARS)	ACTION PLAN (15YEARS)
<ul style="list-style-type: none"> Designing curriculum for community engagement programmes Village Development Programs Interlink age between the Educational System and Environment Provide flexible and innovative curricula which include credit-based courses and projects 	<ul style="list-style-type: none"> Campaigning with Government bodies and schemes Creating community Centres

7. Global / national collaborations

ACTION PLAN (5YEARS)	ACTION PLAN (15YEARS)
<ul style="list-style-type: none"> Online education to enhance global connect Student exchange at state and national level 	<ul style="list-style-type: none"> Student exchange at global level Signing MOUs with potential organisations 1% of total faculties to acquire status of international faculty

8. Infrastructural Support Services

ACTION PLAN (5YEARS)	ACTION PLAN (15YEARS)
<ul style="list-style-type: none"> Sports ground Hostel Canteen Building Regional centre buildings, Building PG Centres and Centres of Excellence Yoga & meditation Centre 	<ul style="list-style-type: none"> Sports Centre Hostel Individual Canteen Faculty guest house, Increased Solar power usage Water purification plants and Waste Disposal plants

9. Stakeholder Engagement

ACTION PLAN (5YEARS)	ACTION PLAN (15YEARS)
<ul style="list-style-type: none"> Designing curriculum along with stakeholders in alignment of NEP 2020 Consultancy work with Alumni, parents, industry Strengthen and refine the feedback mechanisms 	<ul style="list-style-type: none"> Generating additional revenue for the college Monitor the implementation of feedback and suggestions

10. Identifiable Outputs and Outcomes

PARAMETERS	OUTPUTS AND OUTCOMES
Academics	<ul style="list-style-type: none"> Outcome based education as per NEP 2020 The learners can opt to earn credits in the areas of social initiatives, certificate courses, arts, humanities, music, dance, sports, etc. To recognize, identify and foster the unique capabilities of each student, by sensitizing teachers as well as parents to promote each student's holistic development. High Achievers' Learners' with Emotional Maturity, Scientific Temper, Civic Sense, High Moral Character, human and Cultural values
Status / Accreditation & Certifications	<ul style="list-style-type: none"> Pioneer institute in vicinity by mentoring other upcoming institutions Obtain certifications with higher grades/ranks from recognized certifying national and international agencies Continuous Conformity to Standards of various regulatory bodies
Admissions	<ul style="list-style-type: none"> Enhancing demand ratio and adding new programmes To become the most preferred institution for admission in the city of Mumbai

PARAMETERS	OUTPUTS AND OUTCOMES
Research	<ul style="list-style-type: none"> To have atleast 50% publications in highly reputed journals and 10 % patents of total number of faculties annually To secure atleast 1 Awards and Recognitions per department Fellowship More number of institution's own journals SIESASCN will become member of regulatory bodies and thereby be part of policy making in central and state government.
Results	<ul style="list-style-type: none"> The graduate outcomes shall be such that a minimum of 50% of the graduating students secure access to employment/self-employment or engage themselves in pursuit of higher education Placement Self-employment/Entrepreneurship Industry Internships for students and Faculty student representatives on various bodies Ensure that at least 20% of the students passing out appear for examinations such as CAT/CET/ILETS/GMAT/GATE/JAM/UGC-NET, and at least half of those appearing qualify
Extension Services	<ul style="list-style-type: none"> at least two-third of the students engage in socially productive activities during their period of study in the institution Community Service
Global / national collaborations	<ul style="list-style-type: none"> To conduct Faculty exchange and Student exchange programmes at national and International level annually To become International Faculty (1% of faculty)
Infrastructural Support Services	<ul style="list-style-type: none"> Safe and secured campus Environment friendly campus
Administrative	<ul style="list-style-type: none"> e-Office for paperless administration
Stakeholder Engagement	<ul style="list-style-type: none"> Satisfaction of stakeholders To become a brand that will attract all stakeholders by building world class teaching-learning processes

11. Courses and Enrolment

In the next 5 years, the institution proposes to start with new programmes in post graduates such as MA in Business Economics, M.A in Communication & Journalism, M.A Psychology, M.Com in Business Management Studies, M.Sc. Data Science. New undergraduate programmes such as B.Sc Environment Science and B.Sc Packaging Technology, Business Administration (BBA), B.Ed, BA in Psychology, B.A (Business Economics), B.Sc. Data Science, B.Sc. Artificial Intelligence (A.I), B.A Honours, B.Sc. Statistic will be introduced. Doctorate in Economics, Environmental Science, Information Technology, Accountancy, Business Administration, Business Management will be introduced. The projected student intake in next 5 years is 4674. The college will also introduce market oriented, value addition certificate courses and diploma courses.

DETAILED PLANNING REPORT

Five to Fifteen years in Communication and Technology

MAIN FACILITIES	5 YEARS	15 YEARS
Hardware	<ul style="list-style-type: none"> Intel i7,11 generation, Intel Processor 16 GB RAM. 1 TB solid state (SSD) hard drive or larger. Web camera in media lab Laptop Security Cable Lock Camera in all classrooms CPU in all classrooms 	<ul style="list-style-type: none"> Intel i9,13 generation, Intel Processor 32GB RAM. 5TB solid state (SSD) hard drive or larger. Virtual technologies in all classrooms Wireless CPU in all classrooms
Software	<ul style="list-style-type: none"> Common software that are essential for the overall learning and skill development of the students (Example: Adobe Photoshop, Adobe Illustrator, etc.) Syllabus related softwares and licenses 	<ul style="list-style-type: none"> Latest software that are essential for the overall learning and skill development of the students Syllabus related software's and licenses
Network	<ul style="list-style-type: none"> Network: 10/100/1000 BASE-T Ethernet, Layer 3 Switch Wireless: 802.11 a/b/g/n dual band (2.4/5.0 GHz) WIFI devices in all floors CAT 6 to CAT 7 WIRE in all networks Fiber cable(optical) Wi-Fi speed of 500 Mbps 	<ul style="list-style-type: none"> Network: 10/100/1000 BASE-T Ethernet, Layer 4 Switch Wireless: 802.11 a/b/g/n dual band (2.4/5.0 GHz) WIFI enabled devices with more than 500+Mbps. Optical Fiber cable Private Cloud
Operating System	<ul style="list-style-type: none"> Latest Windows 11 OS in all the PCs and Laptops 	<ul style="list-style-type: none"> Latest Windows OS in all the PCs and Laptops
Further these requirements can broadly be classified into 3 user level roles:		

For Students

- Laboratory with good configuration 16GB (UG) and 32GB(PG)
- Topology-Star topology can be used in laboratory
- Separate laboratory for subjects like Robotics, IOT, Electronic, Language, multimedia
- Online Research material for students. SPSS
- Video, Audio laboratory, virtual laboratory, Programming Laboratory, Artificial intelligence and machine learning laboratory, Linux lab, Language laboratory, Media laboratory, Incubation laboratory
- Digital Broadcasting, Smart boards.
- SWAYAM, Coursera and NPTEL platform.
- Websites creation, document creation, multimedia utilization, ICT accessibility for physically challenged, Mobile version of website
- Access to a vast range of E-content and study materials.
- Digital Library facilities for library with separate Discussion room
- Remote X feature facilitates easy access of all the available materials, even from home. RemoteXs has enabled all leading institutions (academic or research) in optimizing usage of the precious eResources and nurturing research interests of faculty and their students.
- RemoteXs has an ability to provide secured access to scattered eResources of the institution, bringing them under one umbrella, along with subscribed eJournals, eBooks and all other eContent, that too anytime from anywhere

For Faculties

- Separate E-content room for development of e-content materials.
- Social Media management committee, Blogs, and social networks
- Various Online collaboration through online mode like Teams, Zoom, video conferencing. And distance learning
- Encouraging various MOOC programs
- Interactive teaching sessions with greater teacher student collaborations.
- Plagiarism tool.
- Parents app to report attendance and result

For Administration

- ERP development
- Training sessions for ERP
- Data Management Queries, spreadsheet recognition and trend patterns.
- Desktop publishing like fliers, brochures.
- Infrastructural examinations, proctoring.
- Transparency in Attendance and grading process, examinations
- Database management. Data storage in cloud, planning through tools like calendars, task managers.
- Evaluate and repair websites for accessibility.

Other Infrastructure

To serve the increasing intake of students and to accommodate them all, Computer laboratory planning will be as mentioned :

- Number of computer laboratory - 15
- With a seating capacity of - 60 students per laboratories
- Separate and dedicated laboratory for different courses and specialized subjects like Data Science, Artificial Intelligence, Database, Programming lab,
- Individual laboratory for UG and PG, with PG having systems with higher configuration to meet their practical demands.
- And other system configurations as mentioned in the Main facilities section.
- Media lab requirements- 4 laboratories
- Environment laboratory will be upgraded.

Detailed Project Report of SIES COLLEGE OF MANAGEMENT STUDIES

ROLLING PLAN FOR NEXT 5 YEAR

◆ AN APPROACH PAPER

Backdrop

We are passing through an unprecedented period of transformation with unpredictable uncertainties of future. Shifting paradigms of digital drivers and rapid change in required skills & competencies of tomorrow's workplaces call for new ways the educators look at education and teaching-learning processes. The very nature of many subjects and way these will be taught will undergo a rapid change in days to come. And these will come much faster than what we think.

In this volatile and rapidly changing period, it becomes increasingly difficult to make any plan for a long period. However, NEP 2020 has provided broad framework and direction in which the education sector in India is likely to go at least in near future both in terms of alignment with international standards and also keeping in view Indian values and ethos. And any plan has to be in congruence with the same.

Management Education in Future

The formal set up of business schools came into existence in the modern era about a century ago with the specific goal of providing a structured process and direction to the manufacturing and other business entities. At the initial phase, the MBA education the world over was in high demand as business houses needed both specialists who had a deep knowledge about a particular sector / domain and also the generalists who could show the way and direction. The business schools used to develop the required skills & competencies among MBA graduates through rigorous teaching learning processes (both inside as well as outside classroom). Case studies, simulations, projects, immersive outbound activities, experiential learning, all added to the skill sets of students.

Things are, however, undergoing a rapid change. Questions are being asked about the relevance of business schools, in terms of their ability to develop the skills of tomorrow for an unpredictable and digitally driven world. In response, the business schools have attempted to modify their programs, curriculum, delivery modes, enabling IT support system in a massive way to make them relevant and contemporary to suit the needs for next few

decades. There has been growing demand for increased collaboration between academia and businesses to make the MBA graduates more industry focused and employable.

SIES College of Management Studies (SIESCOMS) / SIES School of Business Studies (SIESSBS):

SIESCOMS was established in 1995 and has completed more than 25 years of its existence. On the other side, SIESSBS is a newly created outfit just around 3 years old having being carved out of SIESCOMS due to regulatory requirement of segregating the university affiliated courses from other programs. As of now, SIESCOMS runs the Master of Management Studies (MMS) program as well as Master of Computer Applications (MCA). Both these are 2-year full-time management and computer application programs respectively and are affiliated to University of Mumbai. SIESSBS runs 2-year full-time Post-Graduate Diploma Management (PGDM) programs in 3 areas: General, Pharmaceutical and Biotechnology Management. All these programs are approved by All India Council for Technical Education (AICTE).

SIES management institutes are known for their quality education with outcome-based focus creating socially sensitive leaders for various industries. The management programs are highly coveted both by students as well as employers. SIESCOMS is accredited by both NAAC as well as NBA. Its erstwhile PGDM program (now a part of SIESSBS) is also accredited by Accreditation Council for Business Schools and Programs (ACBSP), USA. In all the rating exercises by major business magazines, SIES management institutes have always figured among the top - 50 business schools in the country.

However, because of the challenges being faced by business schools in India, it is always needed for any institute to think for future and take strategic steps that will keep it ahead of competitors. This is the backdrop under which this plan is being made. Single plan is drawn for both the institutes.

The broad goals that drive the plan include:

1. To become the first choice among students for admission to various management and other courses in the city of Mumbai
2. To build a brand that will have a pull effect not only for students but also for corporate and parents by building world class teaching-learning processes
3. To position itself as research driven institute that impacts society at large
4. To become a center for skill building for corporate sector through executive programs

PLAN FOR NEXT 5 YEARS

The broad contours of the plan are given as under:

◆ ACADEMICS

The success of any business school is determined by how the graduates are equipped with knowledge, skills and attitude for the corporate sector and society at large, keeping in view the futurist scenario. In nutshell, how good the graduates passing out are in terms of their “graduate aptitudes” from employment and societal perspective. The SIES business school will, therefore, endeavor to inculcate the futuristic technical, digital and life skills to make the graduates not only employable but also socially responsive citizens in a globalized world. One critical dimension would be to make them competitive from global perspective. The endeavor would, therefore, be to benchmark the curriculum with best in the world on an ongoing basis and make it relevant as well as contemporary. The pedagogy would also involve moving away from “classroom” to more of “experiential and phenomena-based learning”. The institutes will migrate towards a “liberal education approach” and 15 to 20 per cent credits would be offered in areas away from the management domain say, in arts, humanities, music, dance, etc. For attaining the highest standard of international recognition, the management institute will file papers to get AACSB accreditation within next 5 years.

The institute would like to be known for its impetus on industry focused skill-oriented programs besides the general management courses that may be of 1 or 2-years duration. Integrated management programs like “engineering management program” of 5 years duration will also be contemplated.

The focus of the new programs would be on:

1. Industry relevance
2. New generation specializations
3. Entrepreneurship and Innovations
4. Social and environmental relevance
5. Indian ethos & values
6. Executive skill development through EMBA

Focus should also be to scale up the management development programs and to see that at least 10 percent of the total revenues of the institute are generated through such programs.

◆ FACULTY RECRUITMENT

Getting and retaining right talent of faculty for driving the change is going to be one of the biggest challenges for the institute. The institute, therefore, will create appropriate

compensation package along with liberal revenue sharing models for MDPs / Consultancy schemes so that the right talent is attracted. Focus would be to get the talent that is relatively young, dynamic, digitally literate, best qualified, avid researchers and have publications in indexed / high impact journals. Since the core job would be combination of teaching and research, competencies in both the areas would be given equal weightage. Going forward during next 5 years, the institute looks forward to have a student teacher ratio of 15:1, if not better, for all its courses put together (other than distance education programs).

The institute also plans to have around 10 percent of its faculty from industry as “Professors of Practice” who will supplement the theoretical exposition by the core teaching faculty in various subjects. Similarly, the institute also plans to have at least 1 faculty in each area of its specialization who has an “international qualification”. This will bring fresh perspective in teaching facets.

◆ STUDENT ADMISSION

The institute will focus on improving the quality of students admitted besides the goal of filling all the seats for all programs. Focus on academic delivery and better placement will help improve the brand equity of the institute enabling it to draw better quality students. Besides drawing the pool of students from all India centralized examinations like CAT, XAT, MAT, ATMA and other state level examinations, the institute will also entertain international entrance tests like GMAT, etc. To attract better quality students, the institute will have its own screening tests in “writing ability”, “communication skills” and “innovative thinking” of the students as these are essential for any management student. The institute will also try to get 5 per cent of its students from other countries particularly from nearby South Asia and South East Asian countries.

◆ RESEARCH

The management institute would like to be known as research driven institution; “knowledge creation” in addition to “knowledge dissemination” will be high on agenda. Publication in high impact journals will be the key area of performance for faculty. The management institute would also create a dedicated “research center” focusing on high impact research in various areas relevant to Indian corporate and focusing on larger social issues. The special focus of this research center will be on following areas:

1. Digital transformation
2. Competitiveness of Indian industry
3. Environmental and social impact of business entities
4. Case studies of best practices of Indian companies
5. Emerging learning & developmental strategies
6. New generation skills & competencies needed for industries

◆ CAMPUS INFORMATION

The central location of the management institute will continue to be in Navi Mumbai. However, the management institute will try to have at least one (1) satellite center in the state Maharashtra. The campus will be totally digitally connected and represent a modern digitally enabled “virtual university”. A dedicated virtual set up will be created to deliver online programs. This will be, however, getting the necessary accreditation and other regulatory approvals for the authorities.

◆ COMMUNICATION TECHNOLOGY

The entire institute will be networked and communication system will be through digital mode and transparent. This includes both external as well as internal communications. However, physical mode of communications will continue to be with the external bodies who desire so. The use of physical mode of communication (through pen / pencil) will, however, be minimal. The ERP system will ensure that all communications through digital mode are stored in a server (through cloud or otherwise) so that these can be retrieved, whenever needed. The institute will ensure to have the communication technology that is most contemporary and best in the world.

◆ INFRASTRUCTURE DEVELOPMENT

There are two aspects to the infrastructure in this digital world. First, the “physical infrastructure” that must have the right ambience for learning in terms of basic convenience, library, computing facilities, spacious classrooms, discussion cubicles, lobbies, club rooms, gymnasiums, cafeteria, prayer / meditation place, among others. The second and most important aspect is “digital infrastructure”. Many of the next generation students would like to learn at their own pace at their own time and place. Therefore, digital infrastructure should be world class in terms of proper LMS and e-content that are uploaded for use by students for “asynchronous learning”. In addition, the classrooms should be flipped ones enabling discussion in the classroom to be based on theoretical concepts being learnt earlier.

The institute would, during next 5 years, try to create the infrastructure in both these dimensions. Though it would be done in phases because of huge investment needed, the institute would definitely try to be one of the best “experience providers” in terms of academic infrastructure to the student community. This will significantly enhance their joy of learning.

Administrative Plan

A strong organizational set up will be in place to ensure the administrative roadmap. This includes creation of various academic and administrative advisory / regulatory bodies. These will ensure smooth running of the management and also financial stability. An ERP

system will be in place to ensure that all academic deliveries and administrative matters are controlled, regulated, have proper risk management system and minimize any chances of slippage. A “Risk Management Officer” will be recruited who will ensure administration of risk management policies of the institute. The administrative set up of the institute will be headed by a fully qualified Registrar / Chief Administrative Officer who is capable and qualified for handling a modern technology driven educational institute.

◆ GOVERNANCE PLAN

Both the external and internal governance set ups will be upgraded to meet the challenges of future. Besides the apex Board of Governors, Boards of Studies (for various subjects), College Develop Committee, and other statutory & established committees, the institute will also set up following committees to upgrade its activities:

1. Advisory Committee of International Experts (to give suggestions for internationalization of programs / activities / collaboration)
2. Research Committee (to guide research activities)
3. Corporate Advisory Committee (for augmenting corporate relations)

The internal corporate governance system will be strengthened in terms of formulating strategic vision and communicating the same to stakeholders. Therefore, following committees at the institute level will be set up to strengthen internal governance:

1. Strategic vision implementation / review committee
2. Internal communications committee

Governance plan will also include formulation of “honors code” to be adopted by students, “plagiarism policy” to be followed by all, and “ethical code of conduct” to be adhered to at all levels within the institute.

DRAFT ROLLING PLAN FOR SIES MANAGEMENT INSTITUTE

Detailed Project Report of SIES GRADUATE SCHOOL OF TECHNOLOGY

SIES Graduate School of Technology, an integral part of the well-established Community of SIES, started in the year 2002 is located in the midst of an educational hub in Navi Mumbai imparting quality based technical education, offering four year Bachelor of Engineering courses in Electronics and Telecommunication Engineering, Computer Engineering, Information Technology, Mechanical Engineering, Printing & Packaging Technology, Electronics & Computer Science, Artificial Intelligence & Data Science, Artificial Intelligence & Machine Learning, Computer Science and Engineering (Internet Of Things and Cyber Security Including Block Chain Technology) and two years of Post Graduate Programs in Artificial Intelligence & Data Science, Information Security.

VISION

To be a center of excellence in Education and Technology committed towards Socio-Economic advancement of the country.

MISSION

- To impart advanced knowledge in Engineering and Technology.
- To transform young minds towards professional competence by inculcating values and developing skills.
- To promote research and ensure continuous value addition among students and employees.
- To strengthen association with industry, research organizations and alumni to enhance knowledge on current technologies.
- To promote next generation technocracy and nurture entrepreneurial culture for social-economic growth.

VALUES

Work is Worship” is a guiding principle at SIES GST. SIES Graduate School of Technology believes in building a strong personality of a student as it is an important step towards nation-building. Nurturing young minds is a vital responsibility and we at SIES GST believe in values and goals which guide the attitudes and behaviour of members of the GST. Educating students to differentiate between right and wrong, motivating them to choose the right path and strive for excellence is imperative. The following values are interspersed in all aspects of the teaching-learning process:

CORE VALUES

STRATEGIC VISION PLAN

Strategic vision plan includes futuristic needs of education and the holistic development of students. The strategic plan lays emphasis on “Sustained Development” of the reforms introduced for the overall quality improvement of technical education.

A realignment of educational edifices appears inevitable and SIES University will serve as a crucible to develop new pedagogical methodologies to enhance the learning experience of students; advance the state of the art of engineering pedagogy; and be an intellectual resource for engineering faculty to enhance their pedagogical skills.

The stake holders namely the alumni, students, faculty, staff, Industry and Society will work together for Self-development.

The strategic plan designed by the institute is based on four pillars

- Learner centric outcome based education
- Human resource development
- Social and environmental awareness
- Internships, Research and consultancy

Setting Targets

A well-defined short-term and long-term goals are chalked out as under,

Short Term Plan

- Initiation of new undergraduate, post graduate courses and Ph.D. programs.
- To enhance the knowledge & competence of faculty by participating in various FDPs, STTPs
- To disseminate the knowledge to students through value added courses.
- One publication by each faculty in reputed Journal/conference
- Revised Training Need Analysis is to be conducted for faculty and staff.
- Development of virtual laboratories in the institute
- To setup new laboratories for advance courses
- Establishment of Research Lab
- Development of one smart classroom each department with smart board, video lecture recording and learning material development facility
- Second Cycle for NBA Accreditation for UG

Long Term Plan

- Achieving self-reliance by enhanced testing, consultancy and industry sponsored project.
- Installing at least one Industry chair in each department.
- Collaborative research with Industries and academia.
- The training center for Industry Personnel.
- To initiate integrated Five years course program which consists of regular engineering courses plus one year of extended program for managerial subjects.
- Collaboration with foreign universities as per the trend in the global education field and to plan ABET Accreditation program from USA agencies, "The Global Gold Standard for Quality Assurance in Technical Education".

ACADEMIC PLAN

Academics: Curriculum, Teaching -Learning: OBE, Examination, Assessment

◆ CURRICULUM CONSISTS OF PROGRAM CORE, PROGRAM ELECTIVES, OPEN ELECTIVES, HUMANITIES AND SOCIAL SCIENCE ELECTIVES

Program Core

Every undergraduate program can consist of Twelve Core Courses referred to as Program Core. Several academic models from reputed institutions in the country and outside the country are studied in articulating this Program Core, to make curriculum Globally Competitive. All courses in this Core will have laboratory components to augment the learning. Each program core course will have an additional optional component of “Contents beyond the curriculum” which is carefully designed to ensure additional 15-20

hours engagement of the learners. The learner thus is nurtured towards the “Self-Learning” and “lifelong learning” which are essential attributes of 21st Century learner.

Program Electives

Every program will have six baskets of Program Electives, each basket having a minimum 3 courses. This enables learners to grow in a domain-specialization or domain-vertical. For example, learners can graduate with B. Tech Electronics with a vertical in “Embedded Systems” or “VLSI” or “Signal Processing”. Or a learner can graduate with B. Tech Computer Engineering with specialization in “Security” or “ML & AI” or “Computer Networking” or “Data Science”. At the same time, a learner can increase her bandwidth opting for elective courses which are general in nature, not pointing out towards a specific vertical.

Open Electives

Every undergraduate program will have three baskets of open electives. This is planned to give exposure to interdisciplinary and cross disciplinary domains. The courses in these baskets are planned both at department and institute level. Students can choose any combination of these courses (not floated by the parent department) to get familiar with other domains of learning. One of these open electives must be chosen from Basic science courses or Engineering Science courses. This unique approach of offering additional basic science or engineering science electives at senior level aims at appreciating the importance of other domains of learning.

Humanities and Social Science Electives

National Education policy 2019 has aptly spelled out the necessity of Humanities in Professional Education. It quotes, “A holistic and liberal education as described so beautifully in India’s past is indeed what is needed for the education of India in the future to truly lead the country into the 21st century and the fourth industrial revolution. Even engineering schools such as the IITs must move towards a more liberal education integrating arts and humanities”. Every program can have three baskets of humanities. Learners are encouraged to take diversified courses in the field of languages, law, history, economics, management, finance etc.

Following proposed certification/minor/ Honors courses to be included in the syllabus of regular programs as per the Industry requirements and suggestions by NEP 2020.

SCOPE Certification (Skill based Courses)

This unique sequel is designed to systematically develop skills required for an industrial sector. SIES GST should partner with various industries to offer the high-end skills required for a specific industrial sector. Well performing students can stretch the envelope and add a new dimension to their Professional Personality by earning this certification. There are multiple tracks for SCOPE certification. Each track can be offered with partnership

with a reputed institution or industry. These tracks can be jointly designed by SIES and partnering industry. Each track has four courses (modules). Each module/course is of 2-3 credits including laboratory components for most of the tracks. These tracks are also open for outside learners, leading to Certificate Program in a chosen domain.

Minor Certification

This additional and optional certification provides an opportunity to learners to develop the learners in the additional domain of interests. It broadens the education and ensures the multi-disciplinary development which is an essential attribute of 21st century engineers. However, this is optional. Well performing students can stretch the envelope and add a new dimension to their Professional Personality. Each track for this minor certification is offered either by institute or with partnership with other reputed institutions. Each track can have four courses (modules). Each course is of 3 credits and laboratory components if any. These tracks can be made open for outside learners, leading to a Certificate Program of 12 credits in a chosen domain.

Honors Certification

While the Minor and SCOPE certifications aim at adding an additional professional dimension to the professional personality of the learners, the Honors certification gives opportunity to well performing learners to drive deep in the chosen field of study. Multiple plans/ways are planned to encourage learners to earn this certification which essentially excite the learners to push an envelope and go extra/deep in the chosen area of the study.

Proposed additional Subjects/ Electives in curriculum as per NEP 2020

Augmented Reality/ Virtual Reality	Quantum Computing	Electrical Vehicle	Industrial IoT/ Green Technology & Sustainable Engineering	Smart City/ Distributed Finance
Accounting/ Finance	Finance Marketing	Sustainability Audit	Data Visualization and Analytics	Industrial Automation and Robotics
Mass Communication & Journalism	Economics	Bio-Medical Applications	Digital Therapeutics	
Introduction to Vedas and Vedic Religion	Sanskrit Vyakarana Praveshika	Yoga Mimamsa	Ancient Indian History and Culture	
use experience design fundamental	3D Modelling	Graphic Design	Game Design	
Mathematics and Statistics	Business Administration	Exploring Life sciences	French Language	
Data Science	Augmented reality / Virtual Reality	German Language	Coding Practices	
Western Ghat: Nature Heritage	Indian Culture: Warli paintings	Spanish Language	Design Thinking	

Proposed Structure and Credit Distributions for Level 4.5-8 Multidisciplinary Programmes [4 Year UG with SSC as Major, 5 Year Integrated PG and Ph.D.]

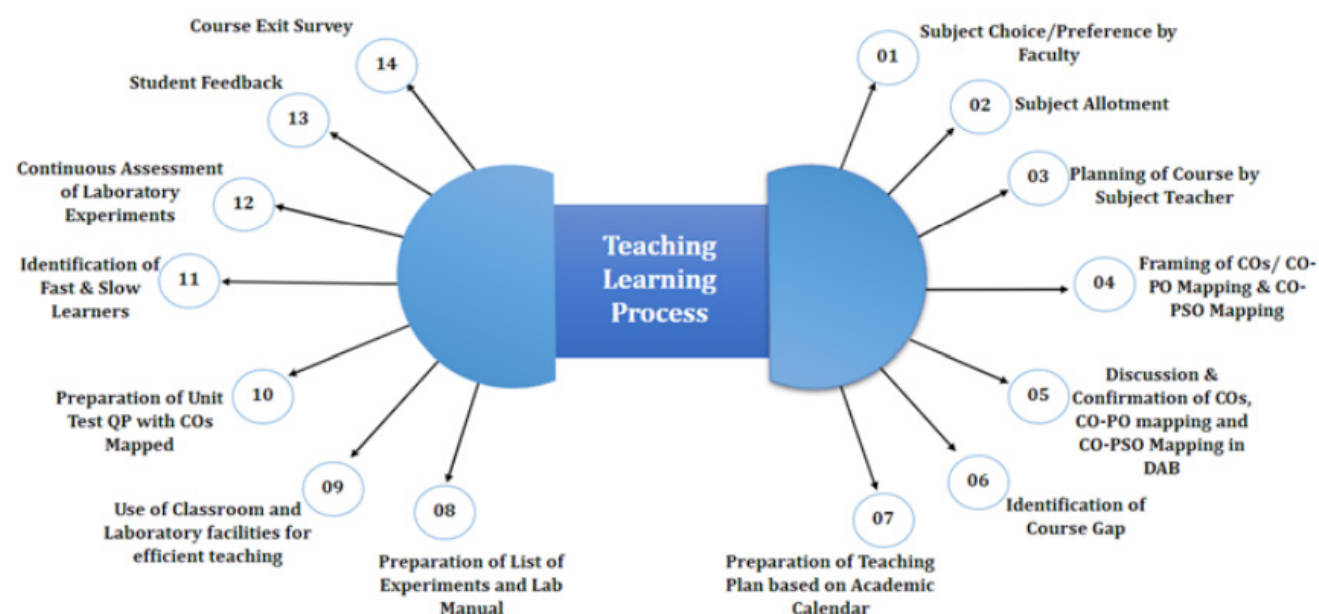

Year (Level) and Semester	Subject I	Subject II	Subject III	Subject IV	Vocational & Skills (VSC), Ethics & Value Ed. (EV), Life Skills (LS)	GE, AEC, Co-Curricular Courses (CCC)	Internship / Regional Case Studies (RSC)/ Research Project	Min. Credits For the year (Sem)	Cumulative Min. Credits Required for Award of Certificate/ Diploma/ Degree
Year (Level)	Sem.	SSC-I	SSC-II	SSC-III	Minor Subject	2/3/4 Credits	2/3/4 Credits	2/3/4 Credits	2/3/4 Credits

◆ TEACHING -LEARNING: OBE, EXAMINATION, ASSESSMENT

Curriculum planning and implementation

Graduate School of Technology takes adequate and timely measures to ensure effective curriculum delivery. A well-planned and documented process is in place and followed throughout the semester.

Academic Calendar

As per the academic schedule given by the SIES University, a well-structured academic calendar is proposed by the principal of the institute and is approved by the academic council in the review meeting. The academic calendar provides the date of commencement of the academic session, the schedule of internal assessments schedule, Parent Teacher's meetings, mid-term and final submissions, practical/oral exams, preparation holidays, end-semester examinations, etc. The academic calendar is distributed to the faculty members prior to the commencement of the semester.

Subject Allocation

The Institute follows the prescribed syllabus. Based on the syllabus and the student strength, the workload is calculated every semester by the heads of the departments. Department level electives and Institute level electives are offered by the department by conducting the briefing session and choices are collected from the students. Depending on the expertise, experience, opted choices, and the actual requirement in the department the subject allocation is done. The timetable committee prepares the timetables (class, laboratory, and Individual faculty) for all programs every semester.

Session Plan for Theory and Laboratory:

The allotted subjects, timetable, and academic calendar are conveyed to all the faculty members of the department. Every faculty member, in coordination with the course coordinator, finalizes course outcomes to achieve program outcomes and program-specific outcomes, makes a session plan for efficient content delivery of the allotted subject, and prepares teaching material, laboratory manual, assignments, etc.

Mode of Teaching

In addition to traditional classroom teaching, faculty members also use various ICT tools and active learning strategies. The process is also supplemented with an online learning management system to make it more effective.

Mentor-Mentee Scheme

A mentor-mentee scheme is also implemented to guide the students so that they strengthen their academics as well as co-curricular and extracurricular skills.

Record Maintenance with faculty Handbook and Monitoring

Each faculty maintains a handbook for all the records related to the session plan, individual timetable, academic calendar, list of text and reference books, list of experiments and assignments, attendance for theory/tutorials/practical, continuous evaluation of the student, term-work marks calculation, etc. The faculty handbooks are regularly reviewed by the respective HoDs and the Principal.

Course File

Each faculty member maintains a course file consisting of a syllabus, extended syllabus copy, course notes, laboratory manual, university question paper, course outcomes, and mapping of course outcomes with program outcomes and program-specific outcomes.

Gap Identification Analysis, Action Plan (Guest/Industry Expert lectures) and outcome

The gap analysis is done for all the courses belonging to the program. The gap may be a prerequisite gap, course gap, semester gap, or program gap. Discussion on the course gaps is done in the departmental advisory board meeting to bridge them with relevant guest lectures, seminars, workshops, value-added courses, industrial visits, implementing projects etc.

Content beyond syllabus

To address the curriculum gap, the sessions are arranged in terms of seminars delivered by the students, laboratory experiments over and above the syllabus are conducted.

Syllabus Completion Review

Review of coverage of the syllabus at each department is done through the faculty handbooks by respective HoDs fortnightly and monthly by the principal. Timely corrective

and preventive actions are taken if there is any deviation to make sure 100% syllabus is covered.

Course Outcome and Attainment

- The academic performance of students is continuously and meticulously monitored by conducting special tests, and internal tests, during the semester to assess the attainment of Course Outcomes (COs).
- File submissions and other term end activities are carried out as per the academic schedule and university guidelines.

Semester Feedback

All notifications are issued to the students through their official email IDs created using Microsoft Teams for education belonging to sies.edu.in the domain. Feedback from students is obtained for faculty, curriculum, and infrastructure. The Principal and the Managing council of the SIES take the necessary action based on the feedback.

Teaching- Learning Process

At SIESGST, conduct various student-centric activities to improve the quality of teaching-learning are carried out. The activities that are conducted under experiential learning, participative learning, and problem-solving methodologies are:

Curriculum Revision

Based on the inputs from Industry, Academicians and Alumni, Program and Course gaps are identified. This will act as input for curriculum revision. The frequency of revision would be based on as per the academic flexibility mentioned in NEP 2020.

Suggested list of courses (indicative only)

Open Electives: Branch Wise

- IoT and I2oT
- Cloud Computing
- Augmented and Virtual Reality
- 3DPrinting
- Industrial Automation
- Artificial Intelligence and Machine learning
- Cyber Security & Digital Forensics
- Block Chain Technology
- E-Mobility
- Smart Grid
- Consumer Electronics
- Robotic & Machine Vision
- Data Structures and Algorithms
- Information and Network Security
- Human Machine Interaction
- Software Engineering
- Database Management Systems
- Internet Technology
- Data Analytics
- Any other 12weeks Course approved by the Principal

Basic Science Electives

- Advanced Statistics
- Biology for Engineers- Part II
- Climate and Earth Science
- Engineering Optimization
- Environment and Sustainability
- Semiconductor Optoelectronics
- Numerical Methods for Engineers

Engineering Science Electives

- Thermal & Fluid Engineering
- Manufacturing Processes
- Electric Drives
- Engineering Materials
- Data Structures
- Algorithms
- Sensors and Actuators
- Communication Engineering
- Any other Course approved by the Principal

Humanities and Management Related Electives

- Management Principles
- Research Methodology
- IPR and Patents
- Law for Engineers
- Organizational Behavior
- Leadership, Innovation and Entrepreneurship
- Project Management
- Finance for Engineers
- Any course approved by Principal

Humanities and Social Sciences Electives

HSSE-I yr	HSSE-II yr	HSSE-III yr
Law for Engineers-I	Law for Engineers-II	Law for Engineers-III
Finance for Engineers-I	Finance for Engineers-II	Finance for Engineers-III
Psychology-I	Psychology-II	Psychology-III
Economics-I	Economics-II	Economics-III
Ancient India	Medieval India	Modern India
Language X-I	Language X-II	Language X-III

HSSE Common Electives

- Film Appreciation
- Game Theory
- Ecology and Society
- Drama Appreciation
- Justice
- Universal Values
- Human Behavior
- Energy Economics and Policies
- Political Ideologies
- Any other Approved Course

Activity Based Learning Courses

- Dance (Kathak)
- Dance (Bharatnatyam)
- Fundamentals of Photography
- Art of Short Film Making/Cinematography
- Film Appreciation
- Basics of Music Composition
- Basics of Key board playing
- Physical Fitness
- Self Defense for Women
- Pran-Vidya(Combo of Yoga and Pranayam)
- Jeevan Vidya (WorkLifeBalance)
- Integrated Personality Development-I
- Indian Knowledge System-I
- Design Thinking
- Innovation and Creativity
- Social Psychology
- Basics of Fire Safety
- Study of one of the Identified Books
- Kannada Language
- Telugu Language
- Tamil Language

Minor/SCOPE Certification

MINOR /SCOPE TRACK	MODULES
Computer Engineering	Data Structures and Algorithms
	Database Management Systems
	Machine Learning
	Internet Technology
Industrial IoT	Application Specific System Design
	Embedded "C" Programming & Real-time Software Development
	Software Design for Discrete time Control Algorithms
	Industrial Internet of Things (IIoT) System design and Applications
Management	Finance and cost Management
	Supply Chain Management, operations and project Management
	IT for Business HR and Organization
	Marketing
User Experience (UX) Design	UX Design & Digitalization
	Empathy & Its Tools
	User Research & Its Application
	Design Thinking & Its Applications

Teaching Learning

To include-

- Classroom Teaching, Lab work / class projects/ assignments/ tutorials.
- Technical / Vocational education, training, skilling,
- project work, field visits, Industry attachments
- Internship/ apprenticeship/ experiential learning,
- On the Job Training (OJT).
- Online/ digital/ Blended learning
- Sports and games (e.g. national & international achievers), physical activities, performing arts, music, yoga, handicraft work,
- Social work/ community work (e.g., contribution to adult education etc)/ NCC/ shramdan, debate and discussion.
- Examinations/ class tests/ quizzes/ assessments

Learning Outcome Based Education (LOBE)

- Curriculum is designed with focus on all levels of outcome, i.e. course outcomes, unit outcomes, and lesson outcomes. Use of appropriate instruction and pedagogy, to help organize teaching and learning processes around career advancement and placement of students, helps in selection and design of appropriate assessment modes and that programs are awarded based on demonstrated achievement of outcomes.
- Adhering to student-centric learning approach used to measure student's performance based on pre-determined set of outcomes. Also, to bring out reforms in curriculum framework that has to be outcome based; constant up gradation of academic resources; raising quality of research and teaching; technology integration in the teaching-learning processes; bringing out clarity among students as to what is expected from them after completion of the program and for teachers in bringing focus on what to teach, how to teach and evaluate.
- Program Learning Outcomes provide direction in curriculum design, instruction/delivery and conduct of assessment, its measurement can be done through identification of related Competencies and Performance Indicators (PI). For each Competency, Performance Indicators (PI) to be defined which statements of expectations of students learning are.
- The Program Education Objectives and the Program Learning Outcomes should be driven by the mission of the institution and should provide distinctive paths to achieve the stated goals.
- Program Learning Outcomes also lead to design and development of a curriculum containing multiple courses with specific objectives. Course Learning Outcomes and respective course competencies and its indicators are further derived from course objectives. A Program Learning Outcome may lead to one or many different competencies and each competency may have one or more measurable components called Indicators/ Performance Indicators.

Learning Outcomes for UG Degree

Learners will be able to

- Apply their knowledge and understanding in a manner that indicates a professional approach to their work or vocation, and have competences typically demonstrated through devising and sustaining arguments and solving problems within their field of study.
- Gather and interpret relevant data (usually within their field of study) to inform judgments that include reflection on relevant social, scientific or ethical issues;
- Communicate information, ideas, problems, and solutions to both specialist and non-specialist audiences.
- Develop those learning skills that are necessary for them to continue to undertake further study with a high degree of autonomy.

Learning Outcomes for PG Degree

Learners will be able to

- Demonstrate knowledge and understanding that is founded upon and extends and/or enhances that typically associated with the first cycle, and that provides a basis or opportunity for originality in developing and/or applying ideas, often within research context;
- Apply their knowledge and understanding, and problem-solving abilities in new or unfamiliar environments within broader (or multidisciplinary) contexts related to their field of study;
- Integrate knowledge and handle complexity, and formulate judgments with incomplete or limited information, but that include reflecting on social and ethical responsibilities linked to the application of their knowledge and judgments.
- Communicate their conclusions, and the knowledge and rationale underpinning these, to specialist and non-specialist audiences clearly and unambiguously.
- Continue to study in a manner that may be largely self-directed or autonomous.

Learning through Outreach Program

SIES University endeavors outreach program through ISR and NSS activities. Institute Social Responsibility (ISR: Beacon Project) is a small step to give meaning and purpose to someone's life. As it is rightly said "It costs a candle nothing to light another candle", we pledge to be the candle of inspiration and go on to light the Beacon of Knowledge. Creating a sensitive, motivational and professional environment of vocational training for such sections of the society will enable them to acquire skills which will help them get respectable jobs and also empower them to make a dignified living.

Project Beacon incorporates, for the targeted youth, a set of training programs that are recognized by and relevant to the requirements of industries and service providers. Seven

vocational trades of carpentry, welding, metal turning, sewing and tailoring, plumbing, electrician and Computer operator are offered to the underprivileged youth.

Quality Improvement in Teaching

- Use of student feedback rating results to make course improvements.
- Collection of mid-semester and end-semester student's feedback (e.g., Class monitor meeting).
- Student counselling on learning difficulties by Teacher-guardian scheme
- Analyze student assessment data to identify trends in student performance and problems to be remedied by changing teaching strategies, course content, and learning activities, etc.
- Development of Instructional Skills and Materials
- Course plan preparation by faculty and verified by course coordinator.
- Share and discuss teaching strategies and materials with another instructor.
- Improve the quality of exams and other assessments tools, rubrics, etc.
- Write an article for a professional teaching and learning improvement journal in your discipline, highlighting an innovative course design or approach to teaching.

Improve Course/Program Design and Alignment

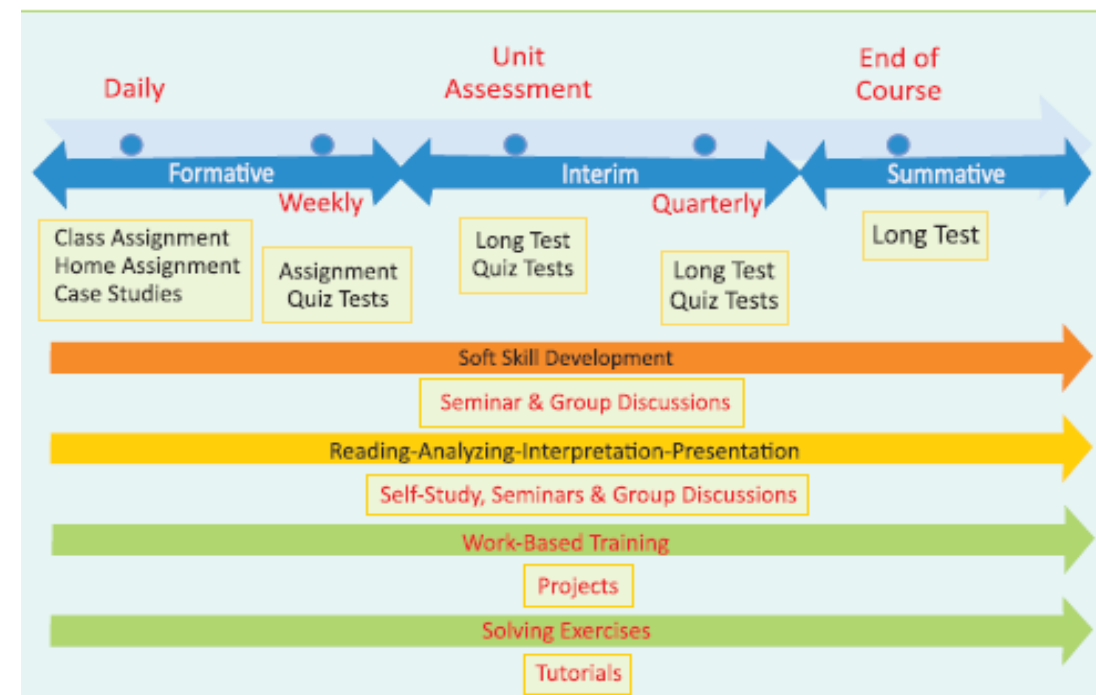

- Invite students' feedback on the congruency of course objectives, learning activities, assessments, and evaluation of outcomes.
- Discuss with the department chair the alignment of course learning objectives (CLO) with program outcomes (PO) and the programme educational objectives (PEO).
- Share and discuss course learning objectives and materials with those teaching other courses in the same curriculum sequence.
- Discuss course improvement plans with appropriate curriculum committees or department chair.

Skill enhancement for faculty

Multidisciplinary degree programmes punctuated with internship, skill courses, community service engagement need substantial orientation for teacher. Capacity building for faculty to teach, train and to do research in multidisciplinary academic programmes needs adequate focus. The important factor for the engineering institutions is quality and engagement of teachers that shape the next generation. Graduates will often have individualized learning plans rather than standard curriculum teaching plans. Assessing such graduates requires multidisciplinary knowledge and latest advances in education and pedagogy.

Faculty of the institute engage themselves in various activities to steadily improve teaching and learning over time.

◆ EXAMINATION AND ASSESSMENT

An assessment management plan

To be prepared that details the assessment strategy both for the program and the course levels. In plan, identify type of assessment for each course and the timelines. Choosing to type of assessment, needs consideration of characteristics learning attributes, its mapping to revised Bloom's taxonomy and assessment rubrics. Assessments must be continuous to include both formative (weekly class and home assignment, case studies, weekly/ interim quiz tests etc) and summative (Quarterly/ Mid-term Exam, End Sem Exam) components in a timely fashion for continuous feedback.

In addition, the assessment components may include exercises for soft skill development and reading-analysing-interpretation-presentation ability enhancement (self-study, Seminars, group discussions), work-based training (internship, projects) and solving techniques (tutorials).

Class Tests

These should be conducted 2-3 times in a semester including make-up test and must be designed to test all levels of cognitive domain. Marking Criteria be made known to the students. Teacher should discuss answers in the class.

Open book examination

In order to prepare students for real situations in actual work life, students must be

prepared for open book examinations. In this exam, students are allowed to get books of their choice for reference. The Questions need to be based not simply on retrieval of information but be creative. The exam measures what students can do with resources not just what they can remember. One of the class tests or some class assignments (say 30%) could be of this type. It will also facilitate better understanding and application of the knowledge with a better potential for its positive impact.

Group Tasks

Group Discussion/ Fishbowl Technique / Role Play / Authentic Problem Solving: It comprises small groups of 2-5 and members work on a joint task. It encourages team work (collaboration and co-operation) and provides opportunity for authentic skill development. Groups formed must be roughly equivalent, problems assigned should be equivalent and each team member must have a specific role. Rubrics for marking must be mutually decided including all domains of education. Such an approach is followed some times for project and also for laboratory assessments. But for theory type examinations, it is generally not followed. However, the group examinations, for theory papers, can improve the average performance of a class as students would be encouraged to share their knowledge with each other and also help them to improve their general understanding.

End Semester Examination

It is traditionally essay type and time- constrained. It tests memory most of the times more than higher level thinking. Hence the question paper must be designed to test all levels of cognitive domain and should include all types of questions-essay, short answer, quantitative problems, objective type etc. Model Answers for marking essay type questions should be prepared for minimizing subjectivity of evaluation. Marking Criteria made known to students.

Portfolios

These are conducted usually in practical courses to display an overview of the sessional work or some creative endeavour. It can contain evidence of a wide range of skills and attributes and can be very effective in combination with a quick viva exam.

ePortfolio

ePortfolio is not only a compilation of a few best assignments, activities of a learner throughout the programme, but his/her reflections about the assignments, experience and challenges faced during the process of working on these assignments, overall approach, attitude, philosophy towards life as a learner and also his/her academic resume. ePortfolio is a comprehensive tool which becomes a mirror to the learner for the world.

Classroom/Online Quizzes/ Objective Tests / Recognition Type (such as MCQs; True or False, Matching; Classifying) /Recall Type -Filling Blanks; One word / Phrase

Answers: These are short duration structured Tests and can be used to test interpretation and decision skills. Teachers be trained in construction of Tests. It also Needs careful planning to ensure the answer choices are clear. Though paper-pencil tests, over-use of question-answers may be discouraged for formative assessments. They may be conducted at a frequency of four per semester including one for Makeup and one for Surprise Quiz. A few ICT tools for quizzes and games can be used for formative assessment.

RESEARCH PLAN

◆ RESEARCH POLICY

At SIES Graduate School of Technology, Research is an integral part of the academic activity carried within various undergraduate and postgraduate programs. The Research and Development (R&D) centre facilitates various research programs by channelizing various research projects and consultancy works in various departments of the Institute. The Research activities include Academic research and funded research projects and patent in the Faculty of Engineering and Technology. The students and Staff are encouraged to innovate through quality research in emerging areas.

Research and Development centre acts as a liaison between funding agencies and the Institute to handle sponsored research projects and industrial consultancy assignments. The main objective is to maintain the quality and breadth of its research enterprise, and particularly for its openness to multidisciplinary research.

The research philosophy is to progress from inter-departmental collaboration to inter-institutional partnerships at national and international levels. The scope and scale of research has substantially evolved from the era of student theses to funded projects to interdisciplinary research programs at state and national level. The Centre facilitates encourage collaboration across industry, government, community- based organizations, and agencies at the local, national, and international levels. It facilitates greater access to research through mobilization of resources and funding.

◆ VISION

To encourage interdisciplinary research and innovation leading to collaborative projects with society committed towards socio economic advancement of country.

◆ MISSION

- To create a conducive environment for enhanced research productivity.
- To encourage collaboration across industry, government, community- based organizations, and agencies at the local, national, and international levels.
- To facilitate greater access to research through mobilization of resources and funding.

◆ OBJECTIVES

- To create an organizational structure with role-based functions of RDC, formulate Research Policy for the HEIs, identify thrust areas of research, and form related cluster groups/ frontline teams/consortia of researchers.
- To create enabling provisions in Research Policies for recruitment of research personnel, procurement of equipment, and financial management with adequate

autonomy to the Principal Investigator(s) and disseminate research outcomes to stakeholders and the public at large.

- To establish a special purpose vehicle to promote researchers and innovators, identify potential collaborators from industry, research organizations, academic institutions & other stakeholders for cooperation and synergistic partnerships.
- To act as a liaison between researchers & relevant research funding agencies, extend guidance in preparation & submission of project proposals and post-sanctioning of the grants to oversee adherence to timelines.
- To have better coordination among other cells/centers dealing with University-Industry Inter Linkage, Incubation, Innovation and Entrepreneurship Development and Intellectual Property Rights (IPR).
- To develop an Institutional Research Information System for sharing the status of ongoing/ completed research projects/ Programmes, expertise & resources, etc., making effective use of Information & Communication Technology (ICT) for preparing the database of in-house experts to provide industrial consultancy and services.
- To engage & utilize the services of superannuated active faculty/scientists in research capacity building of talented young minds and promote mobility of researchers across institutions and R&D Labs.
- To serve as nodal centre for ideation and conceptualization of research topics/themes by organizing workshops and training programs and ensuring the integrity and ethical practices in research activities including clearance of bioethical committee wherever required.

◆ SHORT TERM GOALS

- Sending research proposals to funding agencies.
- Increase the quality of publication in standard journals.
- Conducting faculty and students development programs for cutting edge trends and Technologies

◆ LONG TERM GOALS

- Getting grants from national international funding agencies for research projects.
- Collaborating with agencies at national/ international levels for IPR and consultancy.
- Getting sponsorships for faculty and students development programs.

◆ INSTITUTE HAS WELL DOCUMENTED POLICY WHICH PROMOTES RESEARCH CULTURE

Aims of the Policy

- Provide a guideline for the conductance and publication of the research work.
- Define and prioritize the areas for research to be conducted in the Vidyapeeth.

- Provide essential infrastructure support for the research work.
- Establish rational, transparent, merit based decision-making systems for the allocation of financial and other support for research.
- Promote the quality research and motivate the faculty members.
- Integrate postgraduate research into the main research systems and provide the necessary facilities.

General Guidelines in Publishing the Research Outputs

Authorship criteria should be strictly followed. A person can be included as a author if he/ she fulfils ALL of the following:

- Contribution in conceiving and designing of the study.
- Contribution in acquisition, analysis, or interpretation of data.
- Take consent of all the authors for the publication and their Contribution in the critical evaluation of intellectual content contribution is free from plagiarism.
- The order of authors must be directly proportional to the contribution towards the research work.
- A copy of the publication must be submitted to the IQAC Cell.
- Due credit should be given to the institute in the publication in the acknowledgment section.
- It is mandatory that publication from any constituent college need to ensure to write Institutional affiliation as "SIES GST, Navi Mumbai".

Precautions to be Taken While Choosing a Journal for Publication

- It is encouraged to publish in good quality reputed journals.
- Beware of predatory journals.
- It is encouraged to publish the research results in the journals which are indexed in Scopus/PubMed/Web of Science and UGC approved journals.
- Authors may decide the journal depending upon quality of the work.
- The Institute has designed the proactive policy to promote the research, thus motivating the faculty members and students of the university to undertake the activities by adopting the guidelines of policy promoted by DPU. The following special norms are given for research:
- Research funding will be provided as seed money for the projects.
- Installation of annual research awards and young researcher awards and best teacher awards.
- Financial support in the form of registration fees to be reimbursed for National and International conferences.

Norms and Standards For Submission of Research Proposals

- The Principal Investigator shall be responsible for all academic activities, and he/she shall be expected to complete the project within the stipulated period.

- The funds earmarked under the heads shall be utilized for that purpose only.
- On receipt of approval letter, the Principal Investigator should inform the University of his/her consent to undertake the project and send an Acceptance Letter (Annexure-VI). The principal
- Investigator shall send the “Acceptance Letter” within two weeks from the date of issue of approval letter, failing which the approval shall be liable to be cancelled.
- All the assets generated out of the funds for the project including equipment, books and journals shall be the property of the host institution, wherein of the Principal Investigator till the completion of the project will be In-charge. It may be retained in the laboratory of the investigator but must be handed over to the college/institution in case of his/her leaving the College/Institute.
- The results of the study on the project supported by the University may be published by the Investigator/s with a due credit to Institution. In all such cases, the investigator/s shall acknowledge the support received from the University.
- A spiral bound copy of the final report of work done on the project, along with a CD, shall be submitted to the University on completion of the research project.
- A copy of the “Final Report” of the work done may be kept in the Library of the respective department and/or of the College/Institute.
- The Principal Investigator shall submit six -monthly progress reports along with the statement of accounts (Annexure-IV) and utilization certificate (Annexure-II) at the end of financial year for the release of the subsequent grant.

Plagiarism Check

SIES GST ensures a complete review of various ethical aspects of the project proposals received and execute the same without bias and influence, that could affect their objectivity. SIES GST has provided plagiarism detection kit to all Directors /Principals of affiliated colleges and Heads of the Department, to check theses and article manuscripts to be sent for publications. It is mandatory for all the faculty and students to get the plagiarism check before submitting document to the respective authority.

◆ RESEARCH COURSES FOR STUDENTS

Introduction of a research Courses for undergraduate students to enhance the research culture. Numbers of research courses are offered to the students of undergraduates. All these courses are 6 credits and Students of B.E. program may register for these courses in place of 2 electives members consisting of Head of the department, guide, and an external examiner.

◆ INSTITUTE RESEARCH PROJECTS (IRP)

Institutional research projects approved by the university R&D centre or research committee established at the departmental level.

During this course the UG students in team shall work on a research project identified by the university R&D centre. At the end of the work the students team shall submit a report and will be evaluated by a committee of 3 members consisting of Head of the department, guide and an external examiner.

◆ SPONSORED RESEARCH PROJECTS (SRP)

The research projects which have received external funding. The goals and objectives are as per the accepted project proposals.

During this course the UG students in team shall work on a research project objective given by the PI of the external funded project. At the end of the work the students team shall submit a report and will be evaluated by a committee of 3 members consisting of Head of the department, guide and an external examiner.

◆ INNOVATION ECO-SYSTEM AND IP POLICY

The SIES GST shall take concrete steps to establish favourable environment for the creation of innovation eco-system. University shall take number of steps for enhancing the Innovation and Entrepreneurship in the campus. University shall have a policy towards protection of Intellectual Property Rights and protecting Intellectual Property. The aim of innovation eco-system is to foster:

- Enabling student startups on campus with end-to-end support in a conducive business/ technology ecosystem.
- Create and nurture the culture of innovation leading to India specific products/ services.
- Leverage student-faculty teams to build world class technology solutions.
- Support faculty participation in startups as a policy.
- Work with the state/central support system to bring the talent from the tier2/3 cities to the mainstream.
- Encourage, support women entrepreneurs and female students in all aspects of innovation/entrepreneurship initiatives of SIES.
- Making SIES a model incubator that can be emulated across India.

IP Policy

SIES recognizes the importance of innovations and assists in translating them into products, processes, and services for both commercial benefits and achieve the widest public good. The University Patent Policy states the procedure to be followed in the administration of inventions which result from teaching, research, and other intellectual activity performed under university auspices. A patent application can be filed by the faculty and student members of the university with prior permission in the Indian Patent Office, either with provisional specification or with complete specification, along with fees as prescribed in the schedule. The committee reviews the applications and recommends the financial support depending on the merit of the application. Patent fee and other related fees are permitted

for grant of support from the University. SIES IP policy is designed to identify, protect, and leverage the bouquet of IPs that is generated from research – patents, copyrights, design rights and trademarks amongst others, that serve the purpose of knowledge diffusion and commercialization. The features of IP Policy aim to meet such needs and enable to achieve its vision. The University has a separate IP policy document which governs the IP activities in the university. IP policy also includes to various agreements to transfer, share, and monetize IP rights.

◆ ETHICS IN PUBLICATION

- Ethical considerations apply to the production of all categories of publication and external communications, including websites, e-bulletins, press releases, media briefings or other events. The University expects research workers to abide by the University's core principles of openness, transparency and accountability and adopt appropriate ethical and professional standards and responsibilities in their publications as set out below.
- There is a fundamental ethical obligation on authors to acknowledge and attribute external sources of information. Citation of sources should be carried out in accordance with the Harvard referencing system which has been adopted as standard by the University, or in accordance with the house style of the relevant publisher and/or the normal practices of the discipline concerned. Citation not only gives credit to the work of others, but also enables readers to identify elements in the text and therefore recognize the contribution of the author or authors in the context of previous work. Failure to cite sources could, inter alia, constitute plagiarism and may be subject to disciplinary procedures.
- It is in the interests of faculty, Registered Students and the University that good practice in the matter of co-authorship is disseminated, understood and followed.
- A publication must contain appropriate reference to the contributions made by all those who have made what might reasonably be regarded as a significant contribution to the relevant research. Any person who has materially contributed through conceiving, executing, or interpreting at least part of the relevant research should be given the opportunity to be included as an author of a publication derived from that research. Accepting the status of co-author implies a full commitment to having one's name and reputation fully associated with the content of the publication.
- There is a general ethical obligation that the contributory efforts of persons who have helped in the work being reported in a publication should be identified and acknowledged in it. It may, therefore, be appropriate to identify those who have assisted substantively in the work presented in a publication. This may include financial sponsors, colleagues within and outside the University who have given advice and any others who have facilitated the collection of material or data on which the publication is based or who have assisted in producing the publications. Those identified should be approached

for permission if it is intended to acknowledge their assistance in the publication, and they should be offered the opportunity of seeing the publication.

- A publication which is substantially similar to other publications derived from the same research must contain an appropriate reference to the other publications. A researcher must disclose to a publisher at the time of submission (a) substantially similar work which is being submitted to another publisher at the same time or (b) work which has been previously published.
- Authors should be aware that in contract and collaborative research it may be necessary to seek permission for publication from all parties to the contract in advance of submission of the work to a publisher.

◆ FORMATS AND GUIDELINES

The formats and guidelines for the various R&D activities as envisaged in the aforesaid provisions made in this document shall be prepared and approved by the competent academic bodies of the University from time to time. The approved guidelines are shared with the faculty time to time.

◆ RESEARCH STRATEGY

The strategic priorities and objectives are:

Defining and Achieving Research Excellence

- Defining and achieving research excellence is the paramount objective of this Plan, and University will align resources, supports and incentives to ensure that, alongside teaching, the pursuit of research excellence remains at the forefront of University's academic mission.

Enhancing the Integration of Research and Education

- University will promote and support the integration of research and educational programs to create dynamic learning opportunities that reflect University's extraordinary environment and contribute to the vital impact of research.

Expanding Partnerships, Innovation and Entrepreneurship

- University will expand its focus on partnerships as mechanisms to enhance innovation, generate new research opportunities, engage with community partners, mobilize knowledge in society, policy and professional practice, and support entrepreneurship.

Improving Research Competitiveness through Differentiation and Specialization

- Building on its unique combination of history, place and dynamic capabilities, University will continue to concentrate resources in areas that have already demonstrated, or show real prospects of, research excellence.

Enhancing and Optimizing the Provision of Research Services

- By making strategic investments in systems, staff and staff training, and through the optimization of service delivery and asset management, University will further the pursuit of research excellence for researchers and the university as a whole.

Each of the strategic priorities advances University's academic and research missions by linking the university's high-level goals to specific objectives. Associated strategies describe how the objectives will be realized and how progress made against each priority area will be evaluated, including existing processes and consultation mechanisms such as academic and integrated planning, and future processes such as the development of indicators from the Enhanced Planning Tools. Ultimately, the timing and pacing of implementing the fifteen-year Plan and undertaking work to achieve each objective is subject to resource considerations.

15 Years Research Implementation plan														
	YEAR													
	2023	2024	2025	2026	2027	2028	2029	2030	2031	2032	2033	2034	2035	2036
Defining and Achieving Research Excellence	1. create an organizational structure 2. formulate Research Policy for the HEIs					Refine Research Policy for the HEIs				Refine Research Policy for the HEIs				Refine Research Policy for the HEIs
	Identify thrust areas of research, and form related cluster				Revise thrust areas of research, and form related cluster			Revise thrust areas of research, and form related cluster			Revise thrust areas of research, and form related cluster			Revise thrust areas of research, and form related cluster
Enhancing the Integration of Research and Education	Preparing the database of in-house experts and revise on yearly basis.													
Expanding Partnerships, Innovation and Entrepreneurship	Engage & utilize the services of superannuated active faculty/scientists													
Improving Research Competitiveness through Differentiation and Specialization	Collaboration with industries and research institutions													
	Collaborating with agencies at national/ international levels for IPR and consultancy.													
	Getting sponsorships for faculty and students development programs													
Enhancing and Optimizing the Provision of Research Services	Building on its unique combination of history, place, and dynamic capabilities													
	Nodal centre for ideation and conceptualization													
Enhancing and Optimizing the Provision of Research Services	strategic investments in systems, staff, and staff training, and through the optimization of service delivery and asset management													

Consultancy /Funded /sponsored Projects: - From various Government and non-government funding agencies, faculty members will submit the proposals. It is expected two such project consultancy/project per year per department

IPR and Patent: - Implementation of Innovative ideas/Design/Prototype from faculties/Students will be filed for copyrights or IPR and patenting. This would be at least one per year per department.

Students Publication: - It is desirable to inculcate inquisitiveness in students at young age and hence mini project at basic level are introduced at second year level, Final year and pre final year students are guided by the faculty members in the most recent and relevant domain/ interdisciplinary having potential for publication in standard journals. It is expected at least 75% Quality publication from final year and pre final year students from each department. This helps them in Post graduate admissions at National and International Institutes

CAMPUS INFORMATION PLAN

Total area available at Nerul Campus: 6.12 acres, Area available at GST: 3 acres (as per AICTE norms)

Facilities available in the campus

- | | |
|---|------------------------------|
| • Portable water supply | • Projectors in Classrooms |
| • Institution website | • Public announcement system |
| • CCTV Security | • Sewage disposal system |
| • Post & Banking facility | • Vehicle parking |
| • Electrical grid power supply connection | • Auditorium |
| • Rainwater harvesting | • Barrier free environment |
| • First aid/Medical /Counselling | • All weather approach road |
| • Sports facilities | • Fire & Safety system |
| • Backup electrical supply | • Solar Energy system |
| • Canteen facilities | • Reprographic facilities |
| • Boys /Girls common room | • Facilities for divayang |

Dedicated Auditorium & Hostel Facilities are in the pipeline

◆ IMPLEMENTATION PLAN

Quality Publication in Standard Journals: - The students will be selecting the project with relevance topics in consultation with industry with the help of guide/mentor. A group of 4 to 5 students will undertake the project with the potential of publication. Along with the mentor the student's group will implement the project. This work will be published in reputed journals. It is expected that every faculty member will publish a quality paper per year per department

LIBRARY FACILITIES

Total No of student in the institute	2002
Reading hall capacity	200
Total carpet Area Sq.Mtr.	458.15
1. No. of Titles	5608
2. No. of Books	28310
3. No. of National Journals	60
4. No. of International Journals	2146
5. Non-Teaching Journals	1
6. Total Cost of	
a) Books	108 Lakhs
b) Subscription for Journal	190 Lakhs
7. Cost of Furniture	27.86 Lakhs
8. Whether Xerox facility is available	Y
9. Whether Internet facility is available	Y
	Band Width 300
10. No. of Computer available in the Library	PIII 0
	PIV 18
	PV 0
11. Whether multimedia facility is available	Y
12. Whether digitization of library is done	Y
13. Any other amenities provided to students in library.	OPAC/INTERNET/NPTEL FACILITY

IT FACILITIES

1. Whether the central computing facility is available	Y
2. Number of PIII or equivalent and above PC available	685
3. Whether legal licenses of System & Application Software available?	Y
4. Number of System Software's available	14
5. Number of Applications Software's available	65

6. Number of Printers available (Type: DMP/ DeskJet /LaserJet)	54
7. Number of Scanners available	7
8. Total cost of the printers and scanners	3.55
9. Whether the Generator / UPS back-up available (back-up period and capacity in KVA)	Y
10. Whether the Campus is Networked.	Y
11. Whether the Laboratories are Networked through LAN	Y
12. Whether is internet connection is available	Y
13. If yes specify type Dialup/ISDN/DSL/Leased Line/ any other	ILL
14. Specify Bandwidth available	300 mbps
15. Specify compression ratio	01:01
16. Cost of Hardware in Computer Center	Rs. Lakhs 32.4
17. Cost of Software in Computer Center	Rs. Lakhs 3
18. Cost of Furniture in Computer Center	Rs. Lakhs 2.5
19. Annual fee of the Internet Services in	Rs. Lakhs 18.4

COMMUNICATION TECHNOLOGY PLAN

Teaching and Learning with Technology in SIESGST'

Communication technology is used to enhance the teaching-learning experience and allow various artefacts easily accessible to students. Various Information and Communication Technology (ICT)-enabled tools are used to enhance the quality of teaching-learning in face-to-face, online, and blended learning modes. The student-cantered learning was facilitated using ICT which enabled them to control their learning in both face-to-face and blended learning. Many universities globally are going through changes and transformations in their modes of teaching and learning for flexible learning, where courses and programs are offered through three modes as is noted in Figure 1.

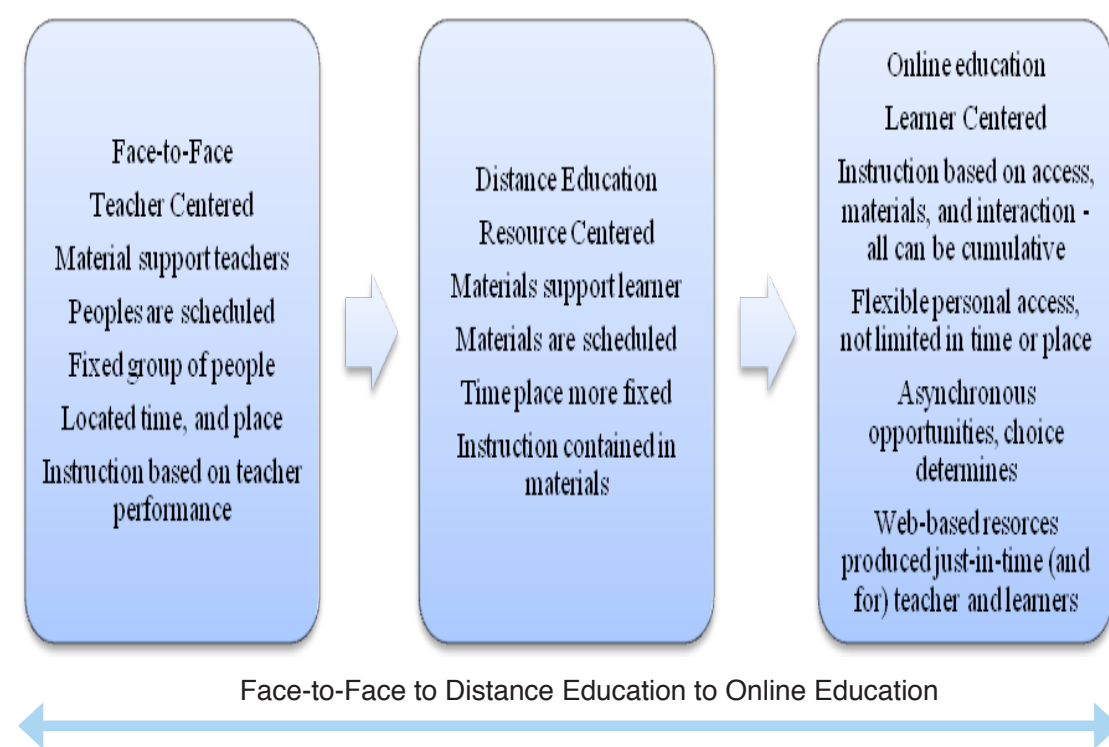

Figure1. Key Characteristics of Different Modes of Learning
Source: Adapted from Nunan, Reid, and McCausland, 2002

In the SIES Graduate School of Technology, various communication technologies are used for teaching-learning. The classrooms and labs are Information and Communication Technology (ICT)-enabled with projectors installed, and the campus is enabled with a high-speed wifi connection. The various technologies used in various modes of teaching in the SIES Graduate School of Technology are shown in figure 2 and discussed in detail in this section.

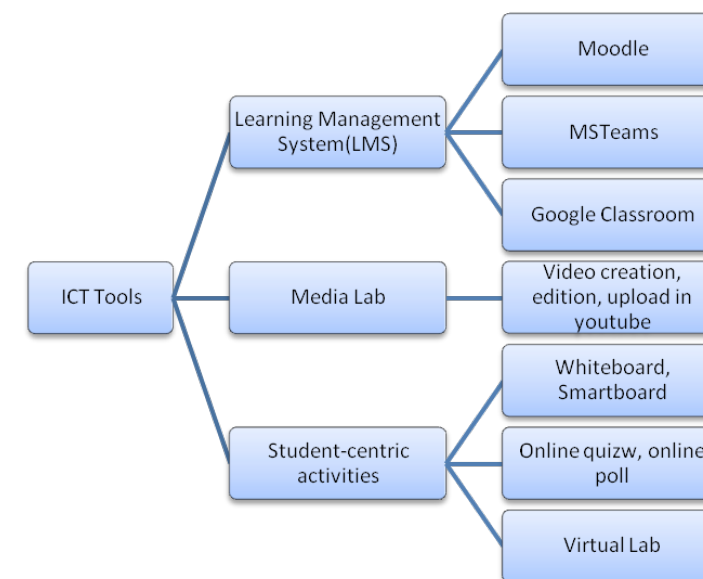

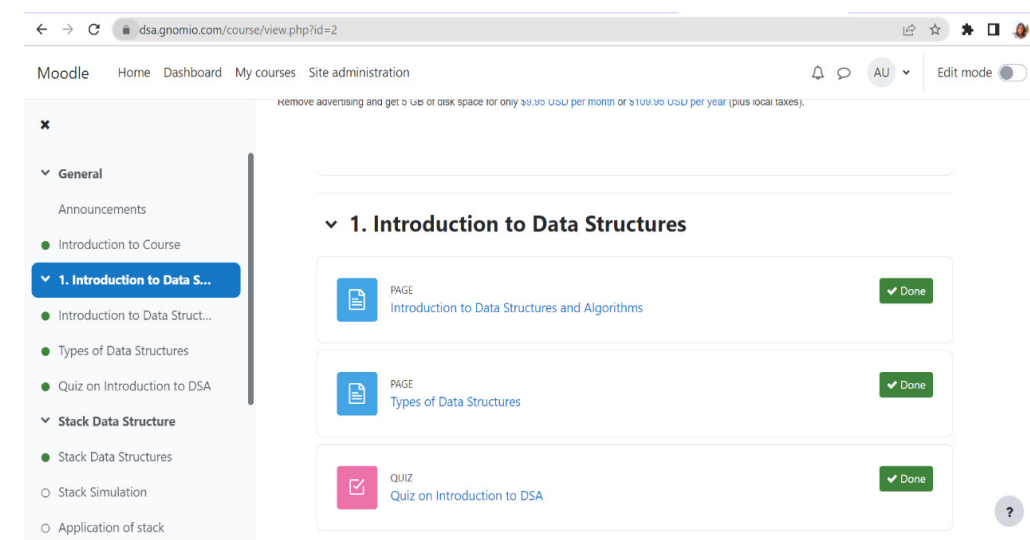

Figure 2. Various ICT tools used in SIESGST

LEARNING MANAGEMENT SYSTEMS (LMS)

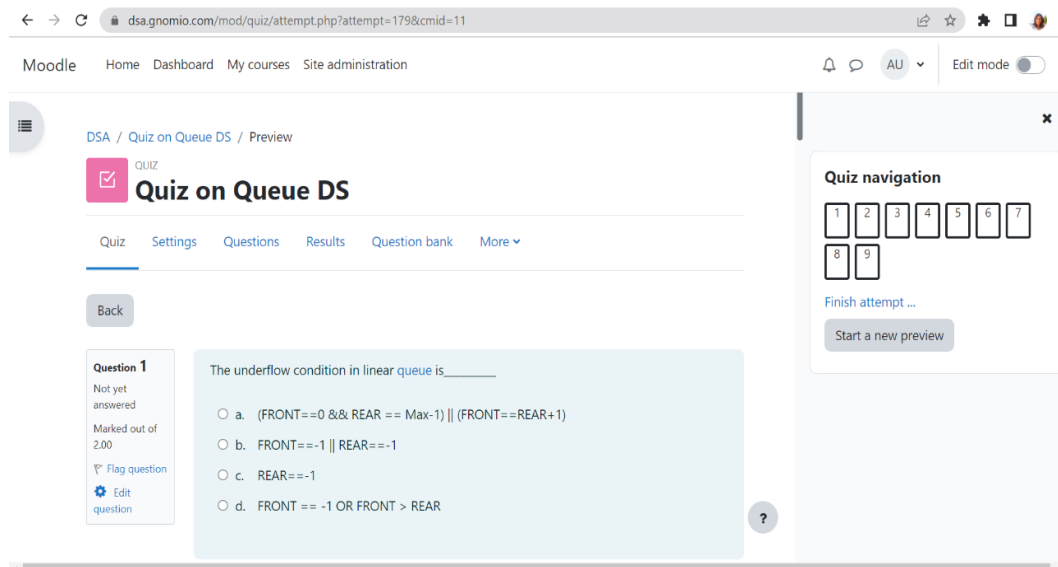

We have used various LMS like Moodle, MS Teams, Google class, Juno, etc to manage student attendance, timetable, post-course learning material, and conduct continuous assessments like lab submissions and evaluations, assignments, etc.

The online Moodle is used to create online courses which can be used in blended learning mode, where the videos, notes, discussion forums, quizzes, animations, and web resources can be posted and made available to students to access anytime and anywhere. Following are a few examples-

1. The **dsa.gnomio.com** is used to create MOOC course for three modules- Stack, Queue, and linked list.

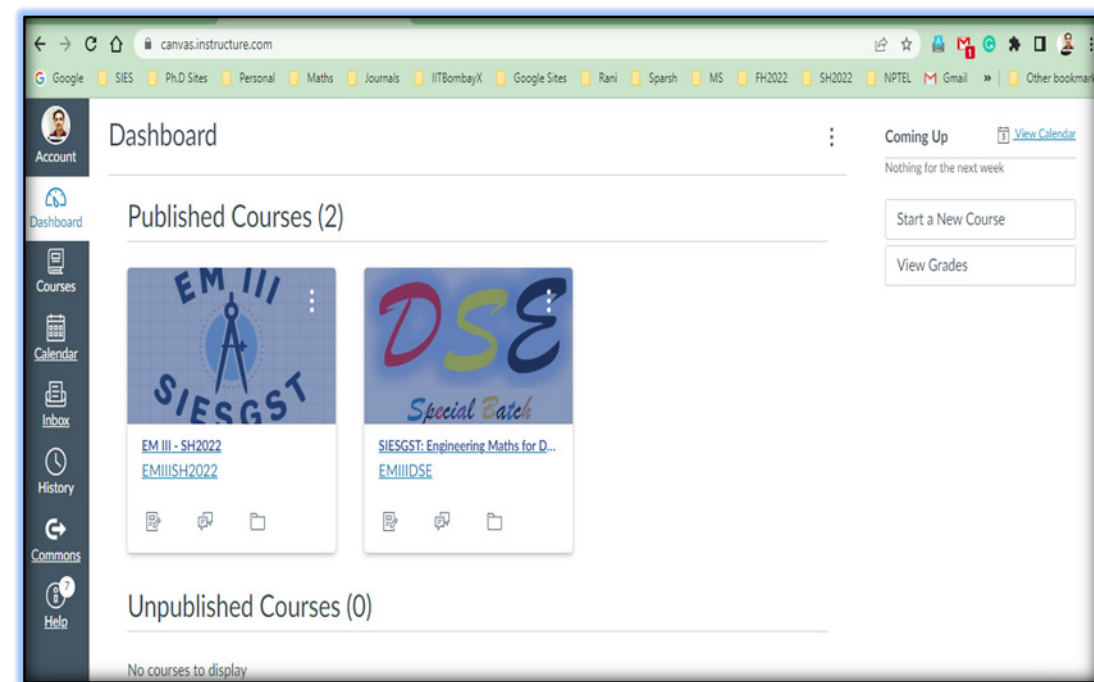

The screenshot of dsa.gnomio.com

screenshot of quiz in dsa.gnomio.com

2. **Canvas** is used for designing MOOC course in Engineering Mathematics for DSE students.

Dashboard:

Dashboard for the course Engineering Mathematics

3. **MS Teams** is used to conduct lectures, upload instructional materials, create classrooms, carry out assessments.

ICT enabled tools for effective teaching-learning processes.

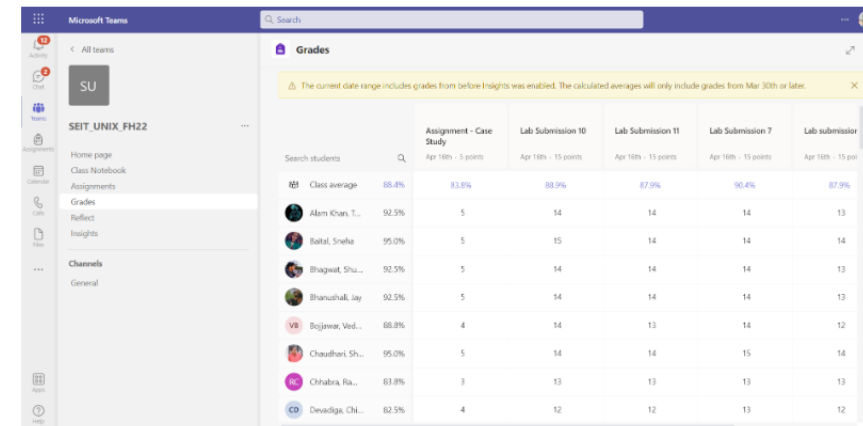

Faculty Name -Bushra Shaikh

Subject - Operating System

Sem - IV

Year - 2021-22

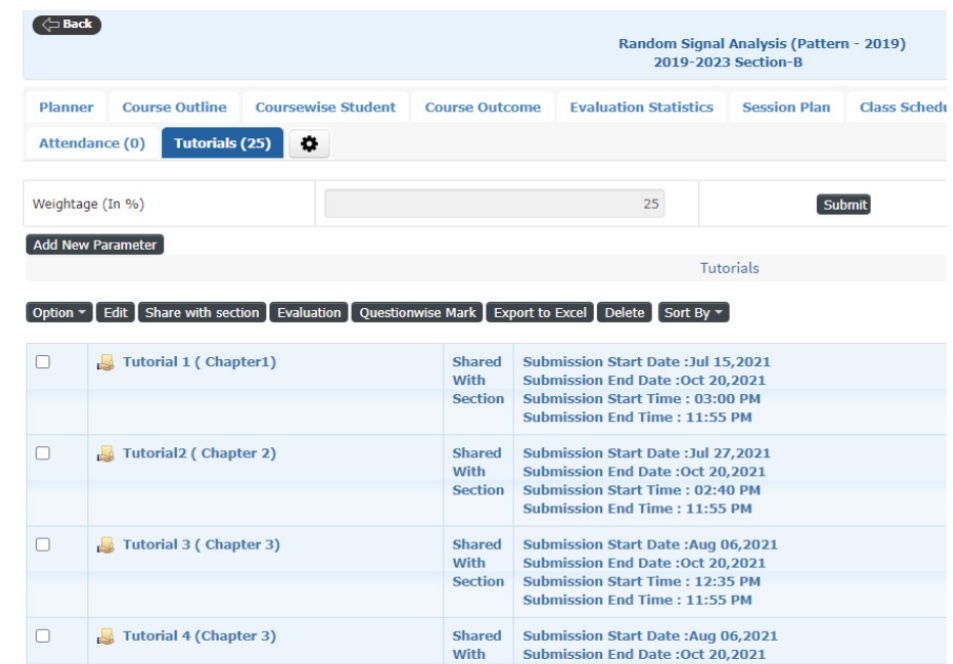

Microsoft Teams / Forms is used to manage and post course related information- learning material, programs, lab submissions and evaluations, assignments, etc.

	Assignment - Case Study	Lab Submission 10	Lab Submission 11	Lab Submission 7	Lab submission
Class average	88.4%	83.8%	88.9%	87.9%	90.4%

Juno ERP system

Media Lab

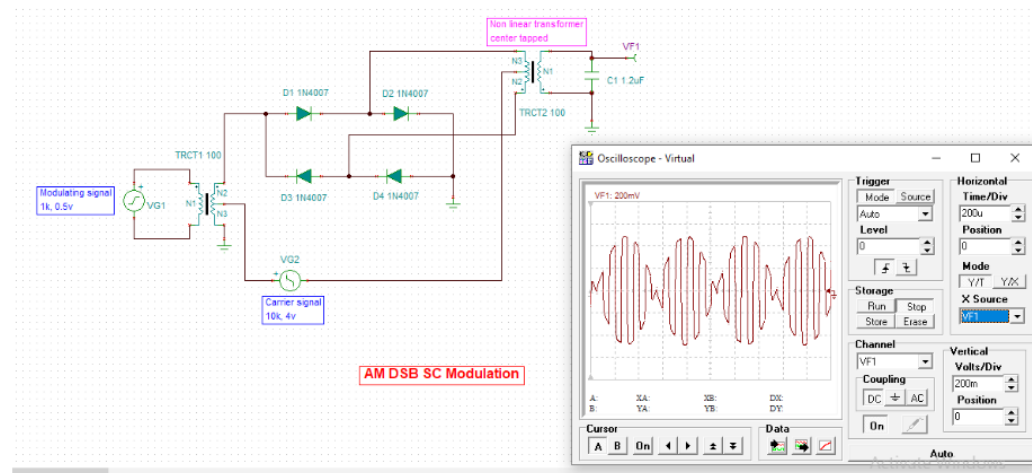

Media lab facility is used to create video lectures and upload them on appropriate platforms for students to use as extra learning resources. The resources available in the media lab are a laptop, camera, microphone, whiteboard, document scanner, graphics tablet, digital pen, and software to record and edit videos. The edited video lectures are uploaded by faculty on an online platform like YouTube and a website.

Student-Centric activities

Various student-centric activities to improve the quality of teaching-learning. The activities are conducted under experiential learning, participative learning, and problem-solving methodologies.

Experiential learning:

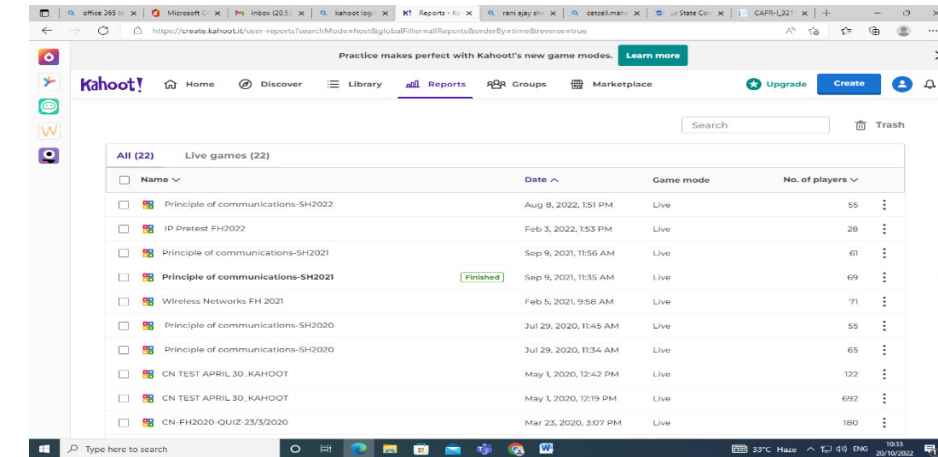

We encourage students to practice various technical and non-technical skills through Lab experiments, project development, student seminars, student development programs, workshops, internships, and industrial visits. Lab manuals are mailed to students well in advance before the experiment is performed. Various simulation software's like virtual labs, Scilab, TinaPro etc. are used to conduct practicals.

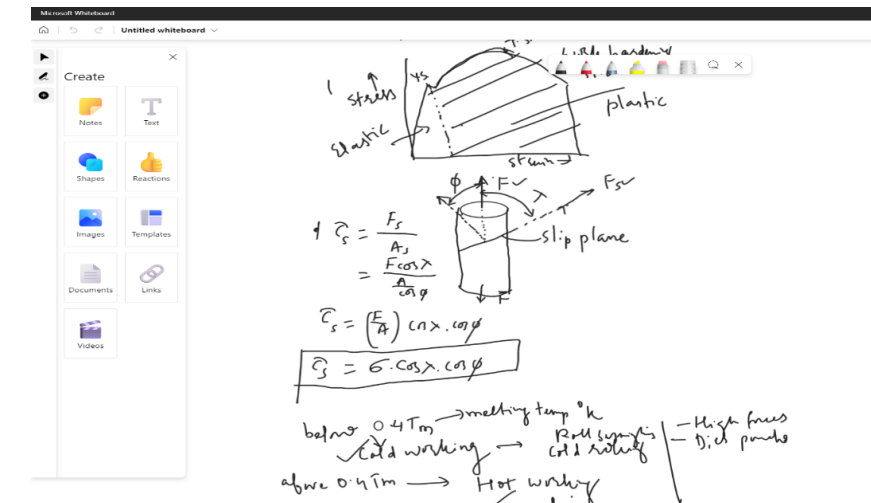

Simulation using TinaPro

Participative learning:

We always strive to enhance the learning experience of learners in class through various interactive and participatory approaches apart from traditional teaching. Various approaches used are- Think-Pair-Share, Flipped Classroom, Peer Instruction, Group Discussion, etc. Various tools used to improve participation are- concept map, whiteboard, smartboard, online quiz and polling software (Kahoot, Mentimeter, etc).

Kahoot for conducting online quiz.

Whiteboard used in Material and Metallurgy

Server, Machine & Software details at SIESGST.

SR. NO.	PARTICULARS	NO. OF UNITS
1.	Servers	9
2.	PCs	685
3.	Laptop	8
4.	Nas Box	2
5.	Network Switch	43
6.	LASERJET printers	54
7.	Scanner & printers	7
8.	Software	65
9.	Operating Systems	14

Plan of action: The open-source software may be introduced to online access of the library system.

ROADMAP FOR COMMUNICATION TECHNOLOGY

Smartboard-enabled classroom

Smartboards enhance teaching-learning by making the class more interactive and interesting. The smartboards are internet enabled which allows the lecture notes to be saved and accessible to students, videos/animations can be played in class.

Moodle LMS Server

It is used to manage academic-related activities like course creation, attendance, lab evaluations, quiz conduction, etc. The students can access the course material from anywhere and anytime. The courses can be converted into MOOCs by creating certified courses and floating them to students all over the world. The Moodle server installation is in progress in SIESGST.

ERP

It is used to automate processes in various departments like office, exam cell, library and departments. It enables efficient communication between departments and various stakeholders (students, parents, industry, etc).

Media lab

This facility will help in video recording, creation, and editing. This is needed for creating online courses/MOOCs for implementing distance education. This facility is available and needs to be enhanced with the latest equipment and opensource/licensed software.

Knowledge Base

Self-help is available through the Knowledge Base (KB), which is a searchable database of IT information. There you'll find more than all articles of how-to and FAQs on almost any topic about IT. This facility can be used by the new students at the Institute will find the guide to getting started with IT at SIES a helpful starting point.

VPN

The SIESnet, email, and the SIES VPN for securely connecting to Institute resources from remote locations.

Security Team

Security Team provides information and tools for secure computing and protecting your devices, data, and personal information. The team manages SIES's security infrastructure systems and proactively responds to threats detected by our systems and those reported by community members.

IT Admin and maintenance team

This team is responsible to creating user-id for new students/staff for LMS and ERP, resolving any issues and server and network maintenance. It should offer a wide range of centrally licensed software and IT services to students at no charge. Popular software and services available to students include:

- Microsoft Office, Dropbox, Google G-Suite
- MATLAB, Maple, and Mathematica
- Zoom and Webex for video conferencing.
- Slack Enterprise Grid for collaboration
- GitHub Enterprise for software code management
- Sophos and CrowdStrike for anti-virus and advanced threat protection
- Last Pass Enterprise for password management
- Code42 for backups

INFRASTRUCTURE DEVELOPMENT PLAN

Area Requirements for the Existing Courses (Instructional Area)

	Required areas as per norm (each unit)	Total No. required	Total Instructional area required	Additional requirement area in Sq.m
Classrooms	66 sq.m. each	27	1782	528
Tutorial Rooms (UG)	33 sq. each	7	231	33
Tutorial Rooms (PG)	33 sq. each	2	66	66
Labs (including for UG including FE)	66 sq. each	52	3432	792
Labs for PG course (2 labs & 1 Research lab)	66 sq.m. each	3	198	198

ADMINISTRATIVE PLAN

The Vision and Mission of the Institute has set by considering the need of the society. All the stake holders are involved in setting up the Vision and Mission. Individual departments prepare the Strategic plan and organize the events as per the plan.

SIES: GOVERNANCE AND MANAGEMENT

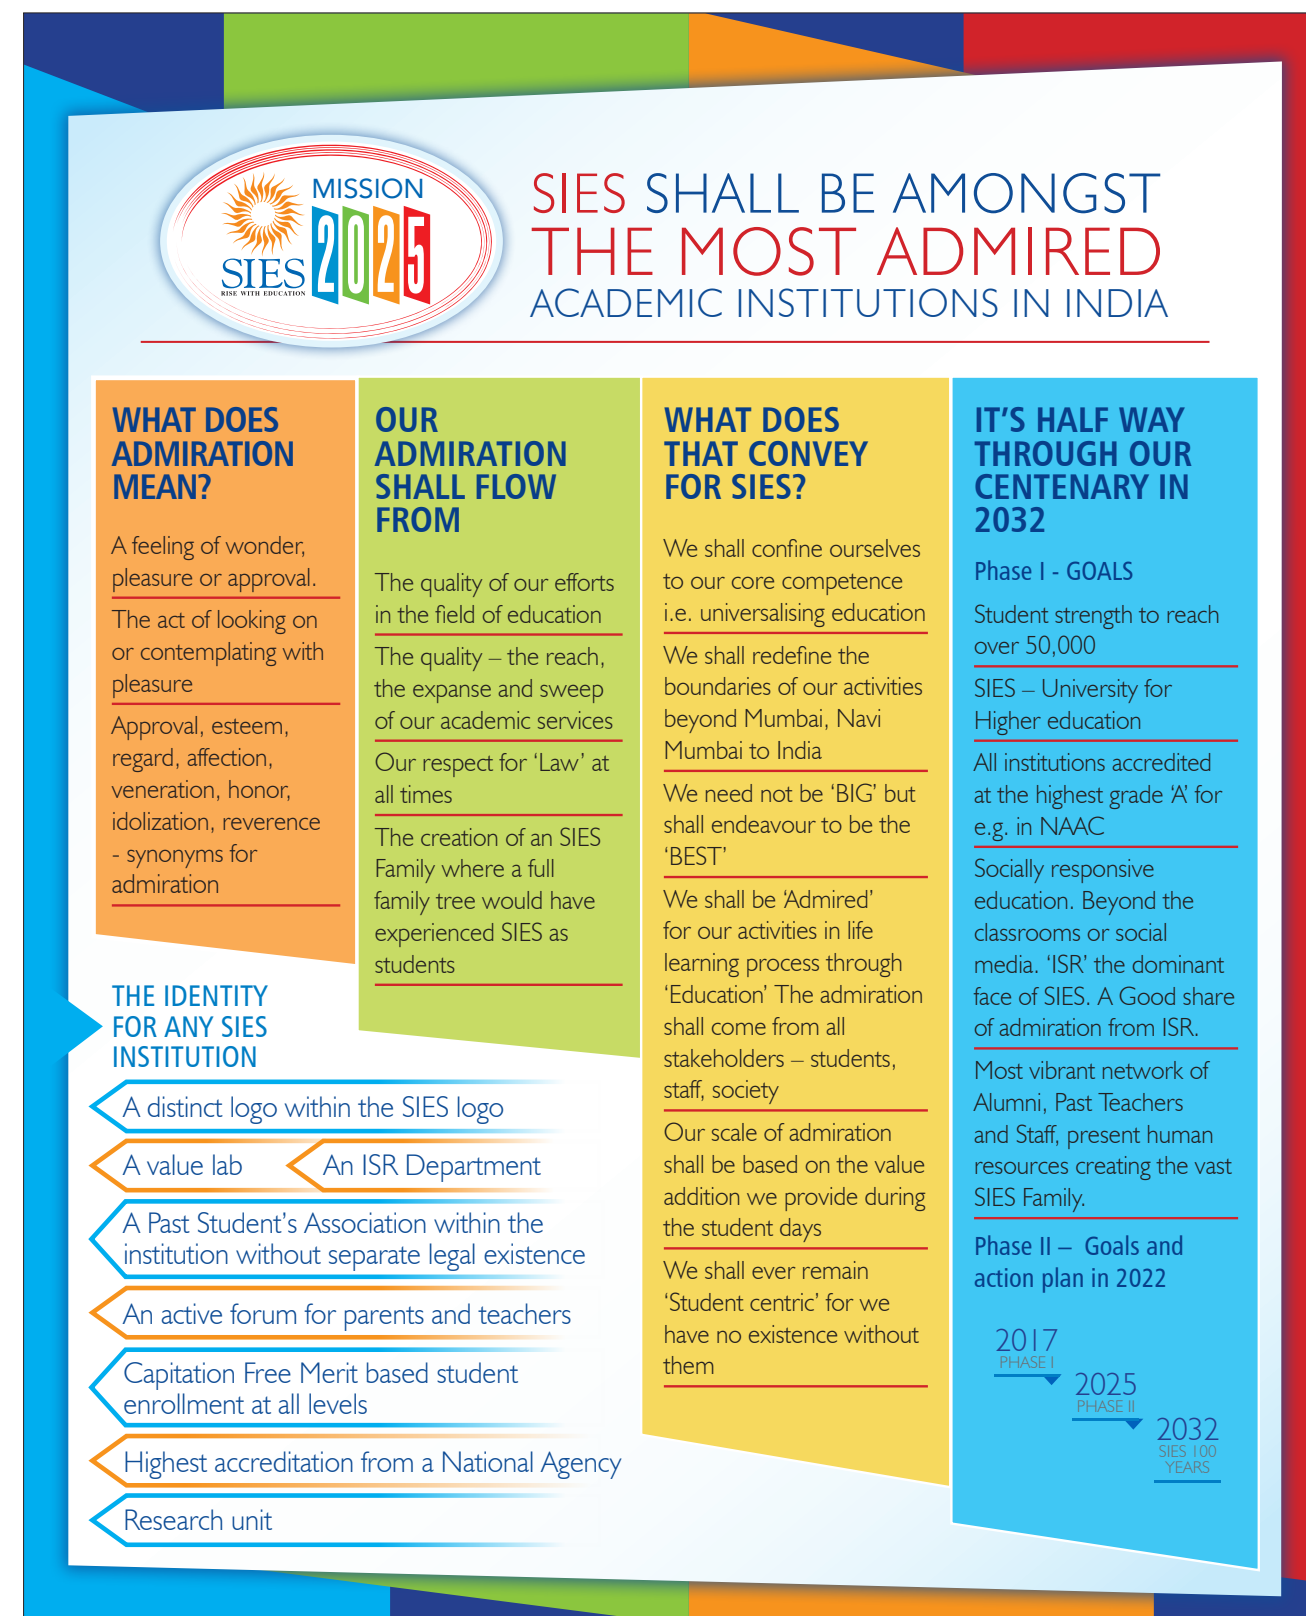

VISION

To be a centre of excellence in Education and Technology committed towards Socio-Economic advancement of the country.

MISSION

- To impart advanced knowledge in Engineering and Technology.
- To transform young minds towards professional competence by inculcating values and developing skills.
- To promote research and ensure continuous value addition among students and employees.
- To strengthen association with industry, research organizations and alumni to enhance knowledge on current technologies.
- To promote next generation technocracy and nurture entrepreneurial culture for social-economic growth.

The perspective-strategic plan is made by institution which is in-line with mission 2025 of SIES "To be the Most Admired Academic Institutions in India". The perspective strategic plan fulfils the requirements of industry and society by providing quality education to produce technically competent Engineers and Managers to serve the nation. Student's progression towards technical and social excellence is achieved with well-established infrastructure and dedicated faculty and staff. Considering Vision, Mission, Quality Policy, Core Values, and SWOC analysis, Strategic Goals are set and finalized by the IQAC Committee to improve the quality of teaching and learning, enhancing industry institute interaction, promotion of innovation and research amongst staff and students, provide holistic development of students with enhanced student experience. To initiate new courses at UG and PG level, the institute will be working towards completing NBA and NAAC accreditations.

Strategic Planning Process

Strategic planning was conceived as an IQAC initiative. The IQAC, with the inputs of principal, Registrar, heads of department, section in charges and senior faculty members developed the strategic plan. The plan is aligned with the institute's Vision, Mission, and Goals which in turn is aligned to SIES Mission and capable of guiding strategic decisions and action plans. The entire process is depicted in the diagram below:

Strategic Plan Implementation and Monitoring

Implementation of the strategic plan shall be steered by the Principal. The heads of the department and section in charges as depicted in the organogram shall assist in implementation and monitoring. The deployment status will be submitted and reviewed periodically through IQAC.

Strategic Goals 2023-2028

Considering the Vision, Mission, quality policy, core values and SWOC analysis, the following strategic goals were finalized by the members of the IQAC committee to improve the quality and quantity of research, holistic development of students, engagement with industry and alumni, and enhance the student experience.

Goal 1: To enrich curriculum

Goal 2: To incorporate a digital platform to improve the teaching-learning process

Goal 3: To encourage research and consultancy, industry-institute interaction, and entrepreneurship activities

Goal 4: To strengthen alumni engagement and enhance the student experience

Goal 5: To enhance contribution towards society and the environment

Goal 6: To initiate research lab

Goal 7: To initiate center of excellence in each department

Goal 8: To initiate skill development courses in emerging technologies

Goal 9: To formulate development plans to improve the overall quality of the Institute

GOVERNANCE PLAN

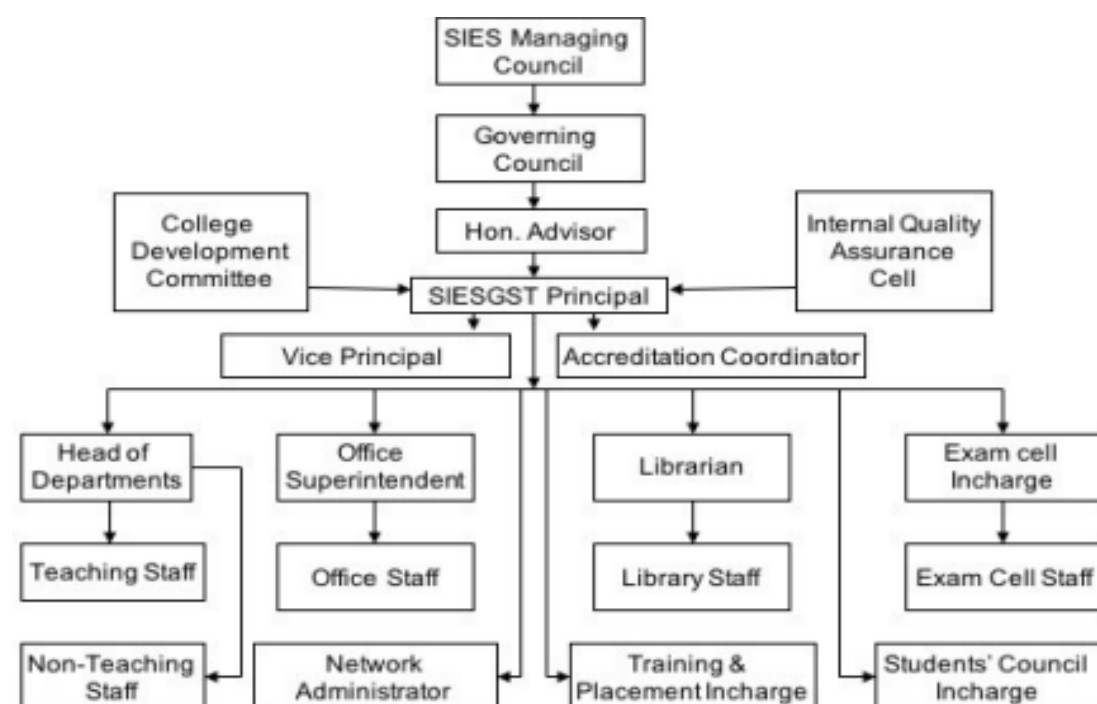

The institution follows a democratic and participatory mode of governance with all stakeholders participating actively in its administration to deliver value based and advance education which bring significant benefits to the society. The governing board comprises of distinguished administrators, academicians, and faculty representatives. The Governing Body delegates authority to the Principal who, in turn share it with the different levels of functionaries in the college. The Heads of Departments, the Conveners of various committees and section in-charges play significant role in framing the institutional policies and implementing the same. The institute has IQAC committee, which consists of Management representatives, Advisor, Student council President, Alumni Representative, Industry Representative, and Parent Representative along with the IQAC members. IQAC coordinates with all the departments for the development and application of quality benchmarks/parameters for various academic and administrative activities of the institution.

Academic Decentralization

There are 31 various committees with well-defined functions that give academic and administrative leadership to the institution. Academic council committee is the main internal governing board which comprises of the Principal, HoDs, Librarian, Training and Placement in charge, IQAC coordinator, Registrar, Network Administrator. All the academic and administrative decisions are taken in the Academic council meeting by considering the suggestions from all the members. Academic Council Committee is responsible for holistic development of the college and to recommend on the enhancement of student facilities, students' life and experiences at the Institute. This major responsibilities of the committee includes preparing the Academic Calendar before starting of the semester, tracking the

Syllabus completion of Theory/Lab for all the departments, exercising general supervision over the academic work of the institution and to give direction regarding methods of instruction, evaluation, and improvements in academic standards, taking active measures for improvement of standards of teaching, research and training, maintain the overall discipline in the campus.

Organizational Structure

IQAC Objectives

- Ensuring timely, efficient, and progressive performance of academic, administrative, and financial tasks.
- The relevance and quality of academic and research programmes.
- Equitable access to and affordability of academic programmes for various sections of society.
- Optimization and integration of modern methods of teaching and learning.
- The credibility of evaluation procedures.
- Ensuring the adequacy, maintenance and functioning of the support structure and services.

IQAC Functions

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes
- Dissemination of information on various quality parameters of higher education
- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles
- Documentation of the various programmes/activities leading to quality improvement.

Quality Initiatives by IQAC

- NBA accreditation and NAAC reassessment
- NIRD and ARIIA participation
- Academic Administration Audit Planning
- Training Program for Faculty members
- E.-Resource Development
- Outcome Based Policy
- Webinar Series
- Structured Committee Activities

Academic and Administrative Audits

The National Assessment and Accreditation Council (NAAC) has evolved tools and guidelines for improving quality for different levels of Higher Education Institutions (HEIs) and for its sustenance. The regular internal and external audits by Internal Quality Assurance Cell (IQAC) ensure sustenance of proper quality standards in all the academic and administrative activities. The monitoring and evaluation of the institutional processes require a carefully structured system of internal and external review and is done in compliance with NAAC and NBA.

About Academic and Administrative Audit (AAA)

Both Academic and Administrative Audit (AAA), are very essential to excel in Higher Education. Regular audits are conducted, at least one per semester.

Academic Audit: Academic audit helps review the quality of academic process in the institution and helps enhance the quality of academic activities in HEIs.

Administrative Audit: This includes assessment of policies, strategies & functions of the various administrative departments, control of the overall administrative system etc.

Management Review presentations

Management review meetings are conducted once in every semester to review the achievements of department and Institute objectives.

IQAC Committee details

S. NO.	NAME	DESIGNATION
1.	Dr. Lakshmi Sudha	IQAC Chairperson & Principal
2.	Dr. Aparna Bannore	HOD – Computer Engineering
3.	Dr. Rupendra S. Nehete	HOD – Mechanical Engineering
4.	Dr. Preeti Hemnani	HOD – Electronics & Telecommunication Engineering
5.	Prof. Seema Redekar	I/c HOD – Information Technology
6.	Dr. Sandesh Ramteke	I/c HOD- Printing & Packaging Technology
7.	Dr. Subhangi Kharche	I/c HOD – Electronics & Computer Science
8.	Dr. Rizwana Shaikh	I/c HOD- Artificial Intelligence & Data Science
9.	Dr. Varsha Patil	I/c HOD- Artificial Intelligence & Machine Learning and I/c HOD-Computer Science Engineering (IOT&CS)
10.	Prof. Pratibha Sharma	I/c HOD – Humanities & Applied Sciences
11.	Prof. K. Venkatramani	Management Representative
12.	Dr. P. V Parameswaran	Hon. Advisor, SIESGST
13.	Mr. Devesh Rajadhyax, <i>Founder & CEO, Cere Labs Pvt. Ltd.</i>	Industry Representative
14.	Mr. Gaurav Ghelani <i>Academic Relationship Manager – India West & Central, TCS</i>	Industry Representative
15.	Mr. Srikant Iyer <i>Program Manager, Capgemini</i>	Parent Representative
16.	Mr. Vignesh Venkatachalam <i>Associate ABAP Developer, SAP Labs India Pvt Ltd</i>	Alumni Representative
17.	Prof. Seema Khan	I/c – T&P Cell
18.	Prof. Shubhangi Kadu	I/c – Examination Cell
19.	Dr. Pradip Patil	Industry Institute Interaction Coordinator
20.	Dr. Smita S. Kumar	I/c – Students' Council
21.	Mrs. V. Vijayalakshmi	Registrar
22.	Mr. Krishnamurthy Nadar	I/c – Network Administration
23.	Mrs. Arunadevi S Lingam	Librarian
24.	Ms. Sameeksha	Representative, Student Council
25.	Prof. Leena Ladge	IQAC Coordinator

Detailed Project Report of SIES INSTITUTE OF COMPREHENSIVE EDUCATION

FIVE YEAR ROLLING PLAN

SIES Institute of Comprehensive Education (SIES-ICE), is the third institute of South Indian Education Society and was established in the year 1980 to provide a quality teacher training programme in Early Childhood Education. In the institute's journey of 42 years, it has carved a niche for itself and has become the most sought-after institute in early years teacher training, special education and counselling.

Education at the SIES Institute of Comprehensive Education is based on teamwork with an amalgamation of professional courses to meet the individual aspirations of students in enhancing their competencies and skills in teaching, counselling and remediation. The institute is a steppingstone, and a land of promise. There is transformational magic that occurs here every year with students manifesting their dreams and goals. They land into not just a job but engage in professions working towards a social cause. We equip women in particular with a strong faith thereby creating the lady of tomorrow, a man who is sensitive to the needs of the modern-day society and individuals with the belief that nothing can stop them if you set your mind.

◆ ACADEMIC

The following are the programs offered in **both in-person** as well as via the **online medium during the academic year 2022-23**:

Table 1.

Details of the programs conducted by the institute during the academic year 2022-23.

IN CAMPUS PROGRAMS	ONLINE PROGRAMS
EARLY CHILDHOOD TEACHER EDUCATION	
University of Mumbai affiliated Two-year Diploma in Early Childhood Care and Education (DECCED)	Online PG Diploma, Diploma in Early Childhood Education – Online PGDECE, Online DECE
Diploma in Early Childhood Education (DECE)	Online Certificate Course in Early Childhood Development – Online CECED

IN CAMPUS PROGRAMS	ONLINE PROGRAMS
P.G. Diploma in Early Childhood Education (PGDECE)	
COUNSELLING EDUCATION	
University of Mumbai affiliated P.G. Diploma in Counselling	Online Certificate Course in Counselling - CC
Autonomous P.G. Diploma in Guidance & Counselling	Online Advance Certificate Course in Counselling - ACC
SPECIAL EDUCATION	
Autonomous P.G. Diploma in Special Education	Mainstreaming Children with Special Educational Needs (SEN) under the RTE
	SEN (Bridge Course): Special Education Needs Teaching Students with Learning & Behaviour Difficulties
	Self-Learning Certificate Courses (SLCC) <ul style="list-style-type: none"> Decoding Autism Spectrum Disorder Understanding Emotional and Behaviour Difficulties
	Professional Development Certificate Course (PDCC) <ul style="list-style-type: none"> Differentiated Instructions for Inclusive Classrooms Positive Behaviour Management

With the onset of the SIES University, the management of SIES resolved to start a **College of Comprehensive Education**. The thrust of the academics of SIES Institute of Comprehensive Education has been related to the field of Early Childhood Education. The Management of SIES felt that the time is ripe for the institute to be upgraded into a College of Education. It was suggested by the management to consider introducing Undergraduate, Postgraduate and PhD programmes in Education.

Through the setting up of this new institution, we wish to achieve the following:

- To accelerate the quality of our efforts in the field of teacher education.
- To spread the expanse of quality in the field of teacher education.
- To design the program in adherence to the guidelines of the statutory bodies.
- To focus on contemporary and best pedagogical practices that helps the student to prepare himself/herself for careers in teaching Upper Primary and Secondary stages of Education.

Proposed Trajectory of growth of the institution:

The growth of the institution is envisaged in two phases:

Phase 1 – Accelerating student strength and providing a socially responsive education

- The college aims to reach 750 students by the year 2028. In this process, SIES College of Comprehensive Education will establish itself as an esteemed teacher training institution.
- Various courses for teacher empowerment have been planned in a manner that the institute becomes an exemplary preservice and in-service teacher education organization.
- To secure employment of the students in esteemed educational institutions.
- To focus activities that inculcate the spirit of research and enquiry amongst staff and students.
- The college will aim to develop in students socially responsive education – education that goes beyond the classrooms.
- To develop a vibrant network of alumni, teachers and staff along with the present human resources creating the vast SIES family.

Phase II – Goals and action plans (Year 5 onwards)

- Yearly goals and action plans in three blocks first one by the year 2028, next block from 2029-34, and the third block from 2035-40.
- Introduction of newer and need-based courses through in-person, online or hybrid mode related to the field of education and counselling.
- Apply for accreditation.

The Courses and enrolment details of the proposed College of Comprehensive Education are given as an attachment under **Courses and Enrollment**. It is envisaged that a variety of courses for teacher empowerment has been planned. The following figure shows our growth trajectory from P.G. Diploma programs to bachelor's degrees in education and special Education to Masters and doctoral degrees in Education by the year 2040.

Figure 1.
Trajectory of Courses envisaged by SIES Institute of Comprehensive Education.

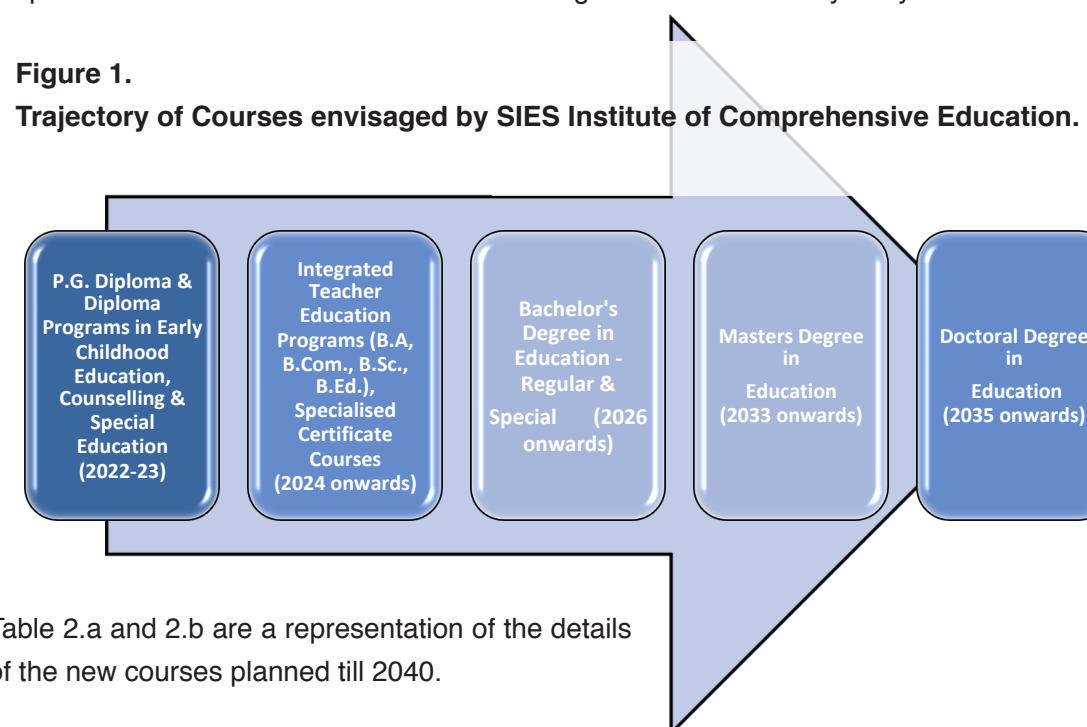

Table 2.a and 2.b are a representation of the details of the new courses planned till 2040.

Table 2. a

Types of courses offered by SIES Institute of Comprehensive Education from 2022-2040

TYPE OF PROGRAM	NO. OF PROGRAMS
Certificate programs	20
Diploma programs	3
P.G. Diploma programs	7
Undergraduate programs	6
Post Graduate programs	1
Doctoral program	1

Table 2.b

Details of the new courses to be started from the year 2023-24

NAME OF THE COURSE	YEAR OF INCEPTION	REMARKS
CERTIFICATE COURSES		
Certificate Course in Neurolinguistic Programming	2023-24	Independent program
Certificate Course in Skill Set Development for Teachers	2024-25	Independent program
Certificate Course in Soft Skill Development	2024-25	Independent program
Certificate Course in Personality Development	2024-25	Independent program
Certificate Course in Puppetry	2025-26	Independent program
Certificate Course in English Proficiency	2025-26	Independent program
Certificate Course in AI in Education for Teachers	2025-26	Independent program
Certificate Course in Curriculum Development	2028-29	Independent program
Certificate Course in Communication Techniques	2030-31	Independent program
Certificate Course in Teaching Methodology in Higher Education	2032-33	Independent program
Certificate Course in Emerging Careers in Technology Based Learning	2039-40	Independent program

NAME OF THE COURSE	YEAR OF INCEPTION	REMARKS
P.G. DIPLOMA PROGRAMS		
P.G. Diploma in Educational Management & Leadership	2028-29	Independent program
P.G. Diploma in Counselling Psychology	2030-31	Independent program
GRADUATE PROGRAMS		
B. A. B.Ed.	2024-25	Partnership program with SIES ASCS
B.Com. B.Ed.	2024-25	Partnership program with SIES ASCN
B.Sc. B.Ed.	2025-26	Partnership program with SIES ASCS
B.Ed. (Regular)	2026-27	Independent program by the Institute
B.Ed. (Learning Disability)	2031-32	Independent program
B.Ed. (Autism Spectrum Disorder)	2036-37	Independent program
MASTERS PROGRAM		
M.Ed.	2033-34	Independent program
PhD Program	2035-36	Independent program

◆ FACULTY REQUIRED

With the advent of newer courses and need-based learning opportunities for myriad type of learners, experts in the related field would be invited to participate in the teaching-learning process. Our faculty would comprise of the following:

- Regular full-time faculty
- Visiting faculty
- Content developers
- Faculty shared amongst sister institutions.

Qualification of Faculty will be as per NCTE guidelines.

Staff summary for the various programs proposed by the institution is attached herewith as Table 3. An ascent in the staff growth has been observed and by 2040 we aim to reach a staff strength of more than 70.

Table 3
Details of student strength and faculty required across 2022-2040

ACADEMIC YEAR	STUDENT STRENGTH	NO. OF TEACHERS	RATIO
Block 1			
2023-24	284	15	1:19
2024-25	365	22	1:17
2025-26	420	32	1:13
2026-27	665	40	1:17
2027-28	785	54	1:15
Block 2

2038-39	1010	69	1:15
2039-40	1025	71	1:14

◆ STUDENT ADMISSION

- For professional courses such as full-time B.Ed (both regular and special education), ITEP CET/NCET will be conducted. For the integrated B.A., plus B.Ed., B.Sc. B.Ed., B. Com. B.Ed. the eligibility would be 50% in Class XII or its equivalent.
- Few select courses have been planned keeping in mind the teaching fraternity. Hence preference would be given to teachers for those courses.
- For the certificate courses that have been planned for students, the eligibility would be 40% in Class XII. Few select courses conducted by the institute are aimed at developing the self-worth of students and women.
- Reservation and relaxation for SC/ST/OBC candidates will be as per State Government rules.

◆ RESEARCH

Research projects will be conducted as per the curriculum for each of the courses

conducted by us. Once the college has been set up well, doctoral programs will be introduced. Presently minor research projects are carried out by the Post Graduate students to develop a spirit of enquiry and scientific thinking. Faculty regularly participate in research activities few of which are mentioned below (Table 4). Table 5 is an illustration of the research activities of the students.

Table 4
Doctoral and Masters level research carried out by our faculty:

ACADEMIC YEAR OF COMPLETION	NAME OF THE FACULTY	TOPIC OF RESEARCH	LEVEL OF EDUCATION AND DETAILS OF UNIVERSITY
2014	Vidhya Satish	Developmental Appropriateness of Educational Software used for Children between Four to Seven Years of Age in Greater Mumbai and Navi Mumbai Region	PhD, University of Mumbai
2022	Vidhya Satish	Perception of Resilience on Academic Achievement and Social Well-Being during the COVID - 19 Pandemic among College Students	Masters in Education, University of Mumbai
2022	Bhakti Gala	A Study of Developmentally Appropriate Practices among Pre-Primary, Primary and Secondary Teachers	Masters in Education University of Mumbai
2022	Nikita Mehta	A Study of Parental Anxiety of Pre-Primary And Primary Students with respect to Virtual Mode Of Learning	Masters in Education, University of Mumbai

Table 5

The following table represents minor research projects conducted by our P.G. students from the A.Y 2010-11

ACADEMIC YEAR	PGDECE	PGDC/PGDGC	PGDSE
2010-11	Parental attitudes towards Preschool	Levels of stress in Adolescents	Attitude of Teachers towards the New Right to Education Act.
2011-12	Emotional Intelligence in Teachers	Level of Assertiveness	Parental Perceptions about the Right to Education Act.
2012-13	Awareness about Learning Disability Amongst Mothers of School Going Children	Awareness about Learning Disability Amongst Pre-primary and Primary Teachers	Survey on Infrastructure Facilities Available in Schools to Cater to Children of Special Education Needs
2013-14	Effect of Classroom Strength on Stress Levels in Teachers	A Comparative Study of Anxiety Levels Among Youth Adults	Understanding and Identifying Children with Language Barriers
2014-15	Awareness about Child Sexual Abuse Amongst Pre-primary and Primary Teachers	Levels of Awareness about Child Sexual Abuse amongst Mothers	In-house Facilities Provided for Children of Special Education Needs
2015-16	Social Media Usage and Impact on Quality Parental Time	Levels of Cancer Awareness Amongst Youth	Infrastructure Facilities Available in Schools to Cater to Children of Special Education Needs
2016-17	Involvement of Parents in School Activities of Children from the Age Group of 2.5 to 8 years old in the City of Mumbai	Gender Differences in Coping Mechanisms among Adolescents	Survey on the In-house Facilities provided for Children of Special Education Needs.
2017-18	Parental Perceptions with regard to Stress in Preschool Children	Levels of Awareness of Attention Deficient Hyperactive Disorder	Are the Schools following the new RTE Act?
2018-19	Perception of Self-esteem among Teachers	Perception of parental style and self-esteem in college students	"Facilities provided to Children with Special Needs."

ACADEMIC YEAR	PGDECE	PGDC/PGDGC	PGDSE
2019-20	What Makes me Happy? A Study on the Perceptions of Happiness in Teachers teaching Children between Two and Eight Years	A Comparative Study on Happiness Levels of Males and Females in the Age Group of 18-22 Years in the City of Mumbai	A Survey of the Facilities provided to Special Needs Children in the City of Mumbai
2020-21	Parental Perceptions towards Online Education: A Study Conducted Amongst Parents of 3 to 8-year-old Children in Mumbai and Navi Mumbai	Levels of Perceived Stress during COVID 19 Pandemic	Creating a Checklist on Facilities provided to Children with Special Needs in the Mainstream Schools
2021-22	Parental Perceptions regarding Waste Management	Social Media Addiction	Effects of COVID-19 on Care Takers and Parents of Children with Special Needs
2022-23	Parental Perceptions about Child Rearing	Exploring the Quality-of-Life Post Covid-19 Pandemic	"Parental Perceptions on Online Teaching - The impact of Covid-19 towards Children with Special Needs."

◆ CAMPUS INFORMATION

The College of Comprehensive Education will be housed at the Nerul Campus. The branch college will continue to function at SIES College of Arts, Science and Commerce Sion West and SIES High School, Matunga.

◆ COMMUNICATION TECHNOLOGY

Information and Communication Technology (ICT) has assumed a pivotal position as one of the building blocks of the modern society. Today, it features as a core component in education. The use of ICTs in urban Indian classrooms is no longer a novelty but a necessity. In recent years, especially thanks to the outbreak of the pandemic which the world witnessed for the first time, there has been a remarkable increase in the availability of Information and Communication Technologies (ICT) in educational settings. ICT enabled learning is fast gaining ground in developing countries as a means to supplement classroom instruction. Today's urban Indian classrooms are provided with diverse types of technology such as smart board applications in the form of interactive whiteboards, individual computers, laptops, I Pads, and even touch screen computers. The SIES

management has been generous to provide us with a technology-enabled infrastructure to engage the modern-day learners.

SIES ICE has been a trend-setter in the field of online education. Since the year 2014, way before online education became the order of the day, we had commenced our online education. We collaborated with Drishti, a pioneering organization in the field of special education and brought to the forefront the following certificate courses in Special Education. Thus, we have the following online programs conducted by the institute:

SR. NO.	NAME OF THE COURSE	AREA OF EDUCATION	DURATION OF THE COURSE
1.	Mainstreaming Children with Special Educational Needs (SEN) under the RTE	Special Education	Four months
2.	SEN (Bridge Course): Special Education Needs Teaching Students with Learning & Behaviour Difficulties	Special Education	Three months
3.	Self-Learning Certificate Courses (SLCC) Decoding Autism Spectrum Disorder Understanding Emotional and Behaviour Difficulties	Special Education	One month – 30 hours
4.	Professional Development Certificate Course (PDCC) Differentiated Instructions for Inclusive Classrooms Positive Behaviour Management	Special Education	Three months
5.	Online Certificate Course in Counselling	Counselling	15 sessions
6.	Online Advance Certificate Course in Counselling	Counselling	10 sessions
7.	Certificate Course in Early Childhood Development	Early Childhood Education	Six months
8.	Online P.G. Diploma in Early Childhood Education	Early Childhood Education	One year
9.	Online Diploma in Early Childhood Education	Early Childhood Education	One year

Since 2020 the programs have been held using online mode bringing students from not only across India but also from across the world such as Dubai, Mauritius, Bahrain, and Singapore who have stated that they have immensely benefitted from the courses. The

success of our certificate programs has empowered us to commence a completely online one-year PG Diploma and Diploma in Early Childhood Education.

How do we use ICT in Early Childhood Care and Education (ECCE) training classes?

Today's teacher needs to have a mastery of her subject and also the knowledge to integrate and use it in the classroom. As a future educator it is crucial to integrate ICT into the classroom. We as teacher educators, use ICT extensively for training our teacher trainees who in turn would use it in children's learning. Practice teaching and in future teaching, teachers need to be sufficiently trained in the use of educational software.

Teacher educators at the SIES Institute of Comprehensive Education (SIES-ICE) use ICTs extensively in delivery of theoretical and practical knowledge coupled with its usage for day-to-day functioning. Here are some examples:

- A robust **ERP system** for day-to day functioning from class planning to assessments.
- Use of **technology enabled repositories** such as Microsoft SharePoint. Teachers upload relevant documents, PowerPoint presentations, relevant videos and links for students to access. Students upload all their assignments and submissions and is a great way to enable assessments. This has been used by both teachers and students extensively.
- Use of unique official **software** for students and staff.
- Extensive use of **Microsoft Teams** for online classes, recording of lectures.
- The use of Power Point **Presentations** coupled with videos makes understanding of abstract topics easy for our teacher trainees who have little or no background in psychology or those from a vernacular medium. However, with the use of ICT enabled presentations and educational videos, teacher trainees grasp easily. The concepts were learnt in lesser time and were found to be more concrete resulting in better performance in the examinations.
- **Video editing** was one ICT initiative that was not only entertaining but also engaging. Staff and students were introduced to video editing software, techniques and methods of using it in any classroom. This was of great help to us during online teaching sessions and has been an impetus to start various online programs. Teacher trainees use them as teaching aids.
- Using **apps** such as CANVA has helped teachers and students design brochures, pamphlets and even wishes for various events.
- **Workshops** - Creating sensitive teachers, bringing about attitudinal change, modifying their thinking styles form a crucial part of the training process. All this occurs by use of technology aided teaching in the SIES – ICE that are supplemented with relevant videos.
- Early childhood is the time when foundation for literacy and numeracy are laid down. Instructional CDs can be referred to by the teaching fraternity to reiterate their

understanding of the subject e.g., the use of Origami Instruction CDs by teachers to practice the folds and come up with novel presentation techniques.

- Lesson planning is a skill which develops with practice. The teacher trainee is made aware that all the information they need is available online. Browsing the internet for ideas helps students to create interesting lessons. Lesson plans are checked and returned online. This method facilitates organizing, collaboration and sharing easy. Record of corrections and modifications made helps students ponder upon errors resulting in betterment and improvisations.
- Usage of free audio software to prepare **podcasts** for auditory learners. Small podcasts prepared by us are found to be useful by our students. It helps in recapitulation, and they are able to revisit the content.
- Creation of **online counselling services by alumni of SIES ICE** to help the community afflicted during COVID 19 pandemic was a special initiative offered by the institute.
- A **Foundation course in Computer Applications** is conducted to orient students on using the interface, to equip them with the basic skills in computer applications, which is the need of the hour. We support student's learning in a wide range of ways academic, non-academic and even distance learning both in the curricular and extracurricular spheres.
- Usage of **flipped classrooms** across our courses. This gave our students an opportunity to go through the videos and be ready for activities planned. Recorded videos of sessions saved our time in explanation of concepts. The students having seen the videos could get into activities during class time. In the same manner discussions, quizzes and small tests were kept after the students saw the videos.
- **Hybrid learning modalities** – especially when sessions take place for both our branches at Sion and Nerul branches. It helps in the exchange of student ideas, synergy between the two branches and also saves time.

To shape modern society ICTs can be effectively used (NCF, 2005). The NEP 2020 reiterates investments in digital infrastructure, the creation of virtual laboratories and digital repositories, the development of online teaching platforms and resources, the training of teachers to become high-quality online content creators, the development and use of online tests, and the definition of content, technology, and pedagogy standards for online teaching-learning. Every learner must be provided learning spaces as per their need and develop world-wide views (ICT for School System Curricula, 2013). ICT offers unique learning modalities which are well used by our institute. We, at SIES ICE do not use technology as a cosmetic activity. We focus on holistic learning experiences. ICT is thus well integrated and used as a pedagogical tool for professional development of pre-service and in-service teachers, special educators and counsellors with the core ideology being knowledge enhancement.

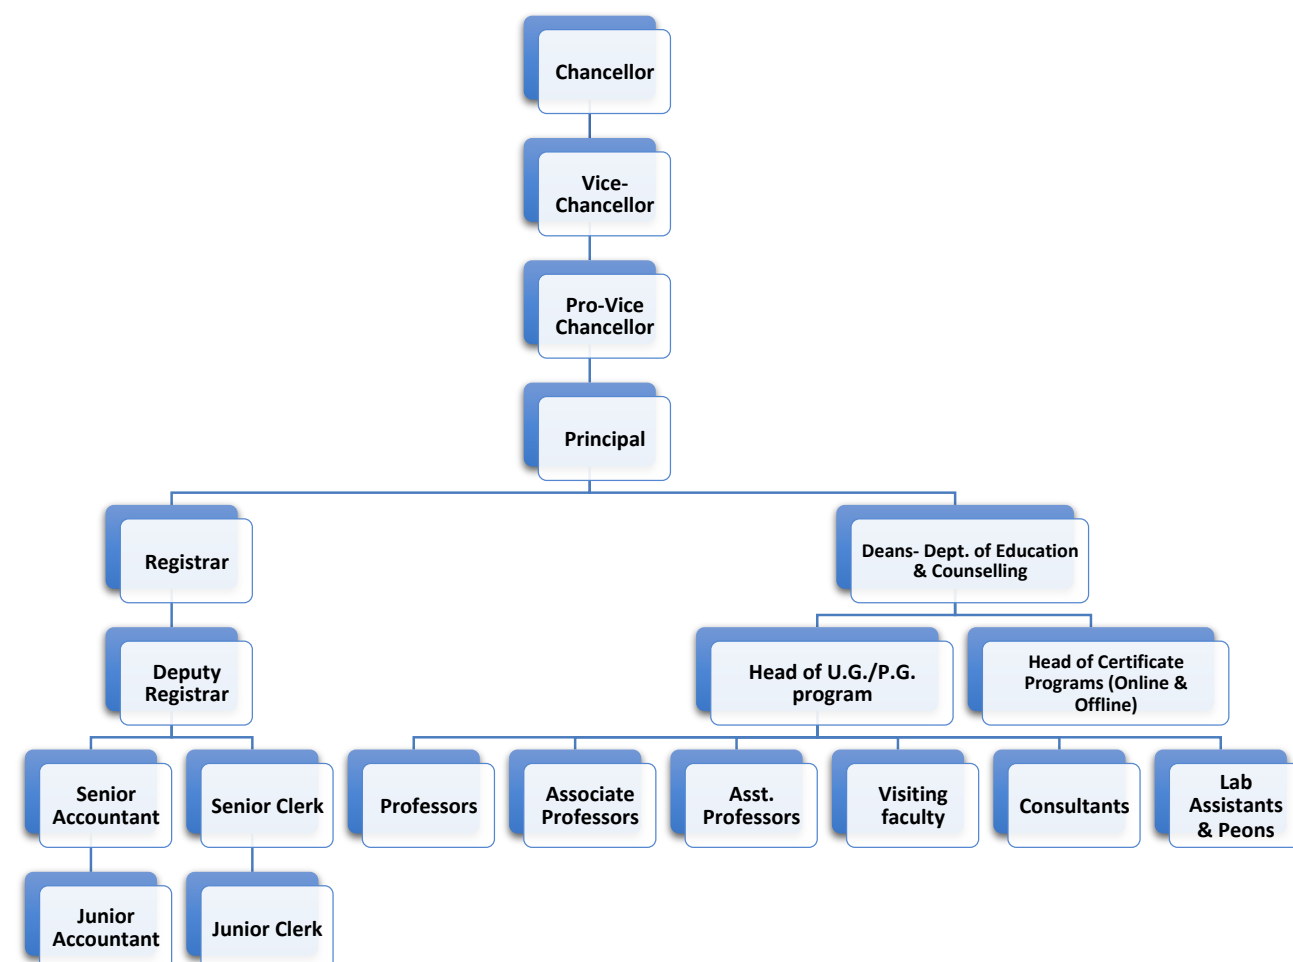

◆ INFRASTRUCTURE DEVELOPMENT PLAN

Nerul/Matunga campus requirements

NCTE guidelines state that an Institute offering teacher education courses must have an **administrative wing, an academic wing and other amenities**. The spaces should be inclusive and provide a barrier free access.

- A well demarcated area of 3000 square meters is mandatory for initial intake of 100 students. Of this 2500 sq. mts. shall be the built-up area and the remaining space to be used for lawns, play area etc.
- **Classroom:** For example at Nerul for every 50 students one classroom with an area of 500 sq ft.
 - 14 (4 large lecture halls – FY, SY; 8 - Methods room for Commerce, Economics, Mathematics, Science, English, History for both the years, 1 classroom for counselling education, and research room to be shared by the sister institutions)
- **Library** – SIES ASCN and ASCS library to be used for this purpose.
- **Resource centre** that provides access to resources and materials, relevant texts, policy documents, handbooks, books and journals, audio-visual equipment, science apparatus and a computer lab with 50 computers.
- Health and Education Centre
- Multipurpose hall
- Staff room (2)
- Administrative office space
- Principal's office
- Dean - Education office
- Dean - Counselling & Special Education office
- Examination Committee room
- Common rooms
- Toilets
- Storeroom
- Laboratory school to be set up (we could collaborate with a nearby school)

◆ ADMINISTRATIVE PLAN

◆ GOVERNANCE PLAN

A. Governing Council

SR. NO.	CATEGORY	NATURE
1	Management	Trust or management as per the constitution or byelaws, with the Chairman or President / Director as the chairperson
2	Teachers of the college	Nominated by the Principal based on seniority by rotation
3	Educationist or industrialist	Nominated by the management

SR. NO.	CATEGORY	NATURE
4	UGC Nominee	Nominated by the UGC
5	State Government Nominee	Academician not below the rank of professor or state government official of Directorate of Higher Education / State Council of Higher Education
6	University Nominee	Nominated by the University
7	Principal of College	Ex-Officio

B. Composition of Academic Council

SR. NO.	CATEGORY	NATURE
1	The Principal	Chairman
2	Heads of Departments	Members
3	Four teachers	Senior teachers representing different categories of the teaching staff
4	Four Experts	Not less than four experts / academicians from outside the college representing such areas as Education, Human Development etc. to be nominated by the Governing Body
5	University Nominees	Three nominees of the university not less than Professors
6	Member Secretary	A faculty member nominated by the Principal

C. Composition of Finance Committee

SR. NO.	CATEGORY	NATURE
1	Principal	Chairman
2	Member	Governing body nominee
3	University Nominee	Finance Officer
4	Principal Nominee	Senior Teacher

D. Composition of the Board of Studies

SR. NO.	CATEGORY	NATURE
1	Principal	Chairperson
2	Five faculties from the college	Member
3	Three subject experts from different universities	Member
4	One alumni representative	Member
5	Three industry experts	Member
6	Invited members	Member

◆ NAAC /NBA CERTIFICATION

Not applicable at this point of time. We will apply when the College of Education is well-established in a few years' time.

Approval of Statutory Bodies for the various professional courses

We need the approval of the National Council for Teacher Education (NCTE) being the primary statutory body with regard to Teacher Education in our country. We await approval and will earnestly proceed to obtain them in order to progress towards quality in education.

ACADEMIC PLAN (BLOCK 1 : 2022-2028)

Detailed Project Report of SCHOOL OF PACKAGING & TECHNOLOGY CENTRE

This Detailed Project Report (DPR) is for setting up the School of Packaging & Technology Centre under the SIES University.

INTRODUCTION

Packaging is ubiquitous. Every industry sector requires packaging if it needs its product to reach its intended consumer in the safe & sound condition at optimum cost. Even during the global financial crisis of 2007-09 or covid (2020-2021) it is seen that Packaging has registered a double-digit positive growth. The fastest growth in Packaging globally came from India (worth \$40.1bn) in 2019, having overtaken both France and Germany to become the fourth largest national market for Packaging in the world. In just 2 years India has continued its fastest growth rate to reach \$48.2bn in 2021 (Smithers UK 2021). It is reported to register a CAGR of 26.7% during the period of 2020-2025.

The packaging consumption in India has increased 200% in the past decade, rising from 4.3 kg per person per annum (pppa) to 8.6 kg pppa. During CoViD Pandemic and few years before that, the food packaging industry in India witnessed major innovations, in terms of branding and packaging. According to the Federation of Indian Chambers of Commerce & Industry (FICCI), the expenditure on packaged foods is increasing (at inflection point), due to an increase in per capita income, urbanization, and an increase in the number of working women. During the pandemic, this penetration of grocery market has vastly enhanced. The food delivery and services market is fostering further growth in the country, with major industry players foraying into the app-based delivery business.

Within such a sunrise sector, the industry has been facing human-resource crunch for skilled packaging technologists who can develop sustainable, innovative and cost-effective solutions for various products. It is here that the SIES established its School of Packaging & Packaging Technology Centre in the year 2001 with the special objective of improving the packaging standards in the country.

The School endeavours to improve the standard of packaging needed for the promotion of domestic & export products and create infrastructural facilities for overall packaging improvement in India. This is achieved through the school's multifarious activities which are today, in line with those of premier packaging institutes, the world over. The institute aims

to make India a focal point for contemporary developments in Art, Science, Technology and Engineering, with respect to the field of Packaging.

◆ VISION

To be a Centre of Excellence for Packaging Education, Training, Testing, Research and Consultancy, in line with national & international trends, playing an active role in creating awareness about Packaging in Society.

◆ MISSION

1. To continuously enrich the educational programs for providing better talent to the industry.
2. To establish a vibrant and collaborative industry academia interface
3. To extend testing laboratory service to the industry and know-how as per their latest needs.
4. To build, improve and expand knowledge base in packaging technology through research & consultancy.

◆ RECOGNITIONS / CERTIFICATIONS

a. Present:

Activities recognized under Scientific & Industrial Research Organisation (SIRO) by DSIR, Govt. of India since 2003.

Member of the International Association of Packaging Research Institutes (IAPRI), USA since 2017.

Member of the World Packaging Organisation (WPO), Austria since 2019

ISO 9001:2015 certified Institution for providing packaging testing & evaluation services to various packaging user and converter industries.

b. Past:

- Victoria University (Melbourne, Australia) - Academic Exchange, Co-operation & Collaboration (2003-2008)

- Belgian Packaging Institute (IBE-BVI, Belgium) - Affiliation, Academic Exchange, Co-operation & Collaboration (2008-2013)
- Rutgers University School of Engineering (USA) - Academic Exchange, Co-operation & Collaboration (2015-2018)
- California Polytechnic State University (USA) - Academic Exchange, Co-operation & Collaboration (2017-2022)

FIVE-YEAR ROLLING PLAN

◆ ACADEMIC PLAN

All the training / academic programmes offered by the School of Packaging are industry recognized and have been in demand since 2002. The trained students of full-time programmes have been placed in Indian & International companies with 100% placement record.

Existing Programmes: The school offers the following industry-recognised programmes which are job-oriented:

- 2-year Post Graduate Diploma in Packaging Science & Technology (Full-Time, since 2002)
- 1-year Graduate Diploma in Packaging Technology (Part-time, Executive Program since 2001 - Online from 2020)
- 1-year Graduate Diploma in Packaging Technology (Distance-Learning, Executive Program since 2002)
- Certificate Courses (Offline & Online) – industry oriented for working professionals as well as students.

The top three courses above have been offered for the last 2 decades. The Alumni of PG Diploma programme have found great opportunities in the packaging sector with many of them presently heading packaging departments in large MNCs. Some of the alumni have also pursued Masters in Packaging from reputed foreign universities like Michigan State University and Rochester Institute of Technology. The PG Diploma programme also has a mandatory 6-month Industrial Training in packaging user, converter, machinery manufacturing industries. This course also equips students to be up to date with the latest packaging design software such as SolidWorks, ArtiosCAD (Esko) and the Adobe Creative Cloud Suite. This 2-year programme has also enabled some of the Alumni to begin their own start-ups in the Packaging Industry.

The working professionals who pursue the executive 1-year Graduate Diploma in Packaging have been promoted suitably in their respective organisations. Some of the

industry candidates have also been sponsored by their companies to pursue these executive programs as quality improvement. During Covid, the School converted the executive 1-year Graduate Diploma (part-time) programme into fully online mode (since 2000) allowing international students to enroll in the same. The School of Packaging has also initiated the 3-month Intensive Certificate Course in Packaging (ICCP) in the online self-paced mode to make packaging courses accessible to any one individual having no formal background and also to students who are studying in colleges or planning to get into entrepreneurship.

The teaching faculty handle activities such as course, examination and placement coordination in addition to delivering lectures and practical sessions.

New Programmes: In addition to the above, the school proposes to start the following programmes:

- 4-year Bachelor of Science in Packaging (to be started from 2023-24) offered through the SIES (Nerul) College of Arts, Science & Commerce.
This BSc Packaging shall be a job-oriented programme as per the new National Education Policy (NEP) 2020 with multiple exit & entry system.
- 2-year Master of Science in Packaging (to be started from 2026-27)
This MSc Programme will be research based and designed as per NEP 2020.
Research areas shall focus on newer sustainable materials, packaging design, sustainability among others.

In addition to the credit-based system of the courses, co-curricular activities are planned to include but not limited to Industrial Visits, Conferences, Project Based learning, Seminars, etc. Student mentoring is also done to help in personality and profile building. Various activities are undertaken for the holistic development of the graduating students with a focus on contribution to the environment & society at large.

◆ FACULTY RECRUITMENT PLAN

The SIES University's selection committee shall recommend the appointment of Teaching Faculty in accordance with the UGC Regulations from time-to-time.

FACULTY POSITION	2024	2025	2026	2027	2028
Professor	--	--	--	1	1
Associate Professor	1	1	1	1	1
Assistant Professor	5	5	6	6	6
Adjunct/Visiting/ Expert Faculty	2	2	2	2	2
TOTAL	8	8	9	10	10

The faculty-student ratio shall be maintained well within 1:20. Visiting/expert faculty from the industry as Adjunct Faculty or Professor/Associate Professor of Practice shall also be engaged to enrich the academics and connect with the industry.

◆ STUDENT ADMISSION PLAN

The student admissions to the full-time courses shall be based on the written tests (Multiple Choice Questions), followed by interviews of the shortlisted students. Interested students shall fill the application forms offline / online by the paying the application fee and the admission procedure shall be as per the schedule decided by the school.

STUDENT ADMISSION	2024	2025	2026	2027	2028
STUDENT STRENGTH / ENROLLMENT					
Post Graduate Diploma in Packaging Science & Technology (full time 2 years)	30	40	40	40	40
*Bachelor of Science in Packaging (full time 4 years)	--	--	--	--	--
Master of Science in Packaging (full time 2 years)	--	--	--	10	20
ONLINE & DISTANCE LEARNING PROGRAMS					
Graduate Diploma in Packaging (One Year Executive – Part Time Online)	10	10	10	15	15
Graduate Diploma in Packaging (One year Executive – Distance Learning)	35	35	35	35	35
TOTAL INTAKE	75	85	85	100	110

* BSc Packaging is offered through the SIES (Nerul) College of Arts, Science & Commerce

For executive and certificate courses, the learner / working professional can enroll directly by filling the application forms offline / online.

◆ RESEARCH PLAN

The School of Packaging & Technology Centre has been contributing largely towards research & consultancy over the years. These activities have been covered under the recognition received by SIES as a **Scientific & Industrial research Organisation (SIRO)** by Ministry of Science & technology, Government of India since 2003-04. There is a vibrant Industry-Academia connect with mandatory student internships and guest lectures from the industry on regular basis.

Some of the research projects have also been undertaken for the Technology Information

Forecasting and Assessment Council (TIFAC), under Department of Science & Technology, Government of India.

The areas of research include but not limited to:

- Packaging Optimization
- Innovative Packaging Design
- Packaging Troubleshooting – Leakage issues, Transit Damages, etc.
- Shelf-Life Studies
- Specification Development
- Packaging Sustainability
- Market survey / Techno-commercial studies
- Being a member of the reputed International Association of Packaging Research Institutes (IAPRI), USA, the faculty of School of Packaging has also presented research papers at International IAPRI Conferences.

Many consultancy projects received from various packaging companies since 2001-02 have required working on industry defined problems with a research-based aptitude. Over the years, the School of Packaging has successfully worked on research & consultancy projects from many companies in the last 21 years, to name a few:

- Tata Chemicals
- United Breweries Ltd.
- Asian Paints Ltd.
- Nandan Petrochemicals
- Hindustan Unilever
- Piramal Glass
- Mondelez International
- Siemens
- Mahindra & Mahindra
- Tata Motors
- Godrej & Boyce

In 2016 – 17, the School of Packaging entered into an MoU with **CalPoly State University, San Luis Obispo, CA, USA** for a project on **“Retail Supply Channels for CPGs in India”**. Project for ISTA. Involved in depth interaction with 12 CPGs and retail / E-Commerce organisers to learn and develop data on packaging storage, handling, warehousing, and transport systems.

In 2018 – 19, an in-depth assignment by **International Safe Transit Association (ISTA), USA** was directly given to the School of Packaging with the task of development of quantitative data on **“Distribution and Damage Analysis”** on select CPGs covering both import and domestic supply chain network. The ultimate objective was to

draw up an “SDP” International Standard for performance evaluation of shipper packaging in India.

Projects & Training programmes for various MSMEs under State & Central Government schemes have been undertaken across India since 2001-02 in addition to short-term training programmes for industry personnel for enhancing competitiveness and improving exports with DSIR support. National & International training programmes have been conducted to improve skills and know-how of personnel working in the field of packaging.

The School of Packaging & Technology Centre endeavours to be a research driven institute in the coming years with emphasis on consultancy, publications and patents. The research plan for the next five years is given below:

TOTAL NUMBER	2024	2025	2026	2027	2028
Research paper in conference	2	2	3	3	4
Research paper in Journal	1	2	2	2	2
Magazine / periodical Articles	2	3	4	4	4
Projects / Consultancy	2	3	4	5	6

Industrial Testing Projects

The School of Packaging’s Technology Centre with its state-of-the-art laboratories and research know-how also provides testing to over 100 packaging user / converting industries with more than 150 different tests. This centre also proposes the following augmentation in the next five years for:

DETAILS	TIMELINE
NABL Accreditation for laboratories as per ISO/IEC 17025	By 2024-25
Providing Testing & UN Certification for Export Packaging of Dangerous Goods as per IMDG (Sea) / ICAO (Air)	By 2026-27

◆ COMMUNICATION TECHNOLOGY

The school is equipped with the latest communication technologies. The notifications for the stakeholders are updated regularly on the school’s website.

All communications internally are paperless, except some of the critical circulars that are also displayed on Notice Boards. All the staff members have been allotted a unique

sies.edu.in email ID for official correspondence. The school also employs ERP software for HR & Financials.

The teaching faculty are continuously upskilled and trained for the use of ICT Tools for course delivery. The classrooms are equipped with Audio-Visual capabilities to enable high level of interaction within the class. Wherever relevant, the blended mode of learning is also engaged by the teaching faculty.

Microsoft Teams & Sharepoint are used as the Learning Management System (LMS) for online courses.

◆ FINANCE PLAN

Based on proposed training / academic, research / consultancy & industrial testing project activities the finance plan is prepared for the next five years.

INCOME (IN LAKH)	2024	2025	2026	2027	2028
Income from fees	67.50	83.07	83.07	104.03	121.45
Income from testing / projects	103.00	110.00	119.00	130.00	142.00
TOTAL	170.50	193.07	202.07	234.03	263.45
Expenditure (in lakh)	2024	2025	2026	2027	2028
Proposed Expenditure	130.50	153.07	162.07	194.03	223.45
Corpus Fund	40.00	40.00	40.00	40.00	40.00
TOTAL	170.50	193.07	202.07	234.03	263.45

The endeavour of the institute will also be to:

- Increase revenue through professional certificate courses,
- Getting Research & Development grants from Central & State Government,
- Improving the industry linkages to attract corporate social responsibility (CSR) funding
- Getting financial support from alumni Initiatives.

◆ ADMINISTRATIVE & GOVERNANCE PLAN

The school shall be headed by a Director / Dean who shall be the Controller of Examination of the concerned School of Study.

The Director / Dean shall be responsible for:

- The conduct and management of the standards of teaching and research
- The execution of policy decisions on academic and student development &
- Welfare issues as may be laid down by the Authorities of the SIES University.

- Making recommendations on behalf of the school on academic issues for consideration of the Academic Council and its Standing Committees;
- Preparation of the annual budget and the formulation of the development plans for the School.
- Conduction and management of Testing, Projects, Events & Exhibitions.

School shall have various statutory committees and standing committees like (Admission Committee, Exam Committee, etc.) for administering the regular activities smoothly.

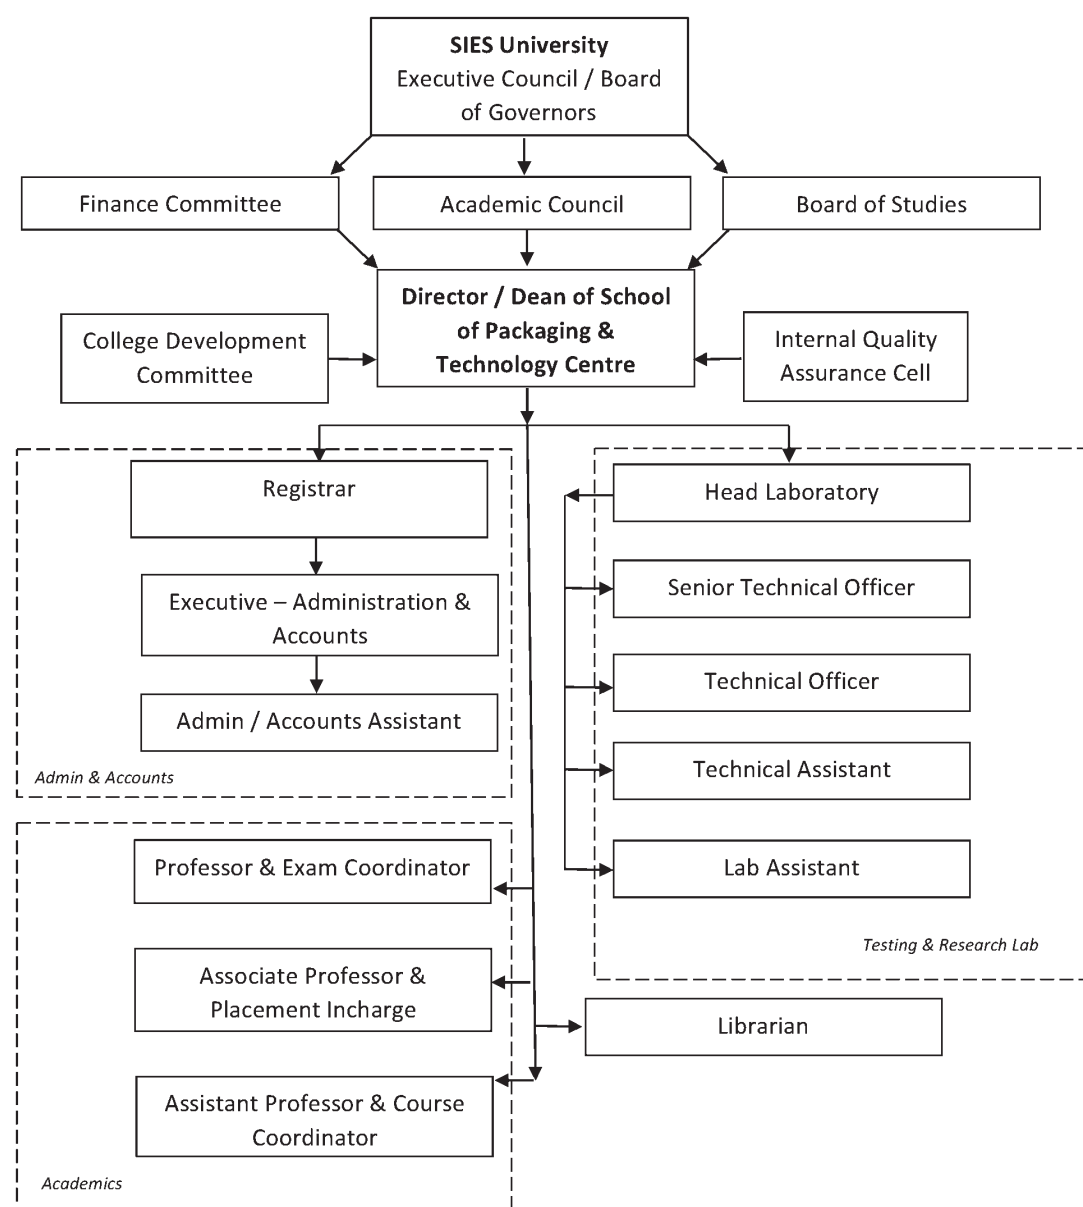

The teaching faculty (Professor, Associate Professor and Assistant Professor) handle activities such as course, examination and placement coordination in addition to delivering lectures and practical sessions. The faculty shall also be empowered to arrange seminars, expert lectures, conferences and industry interaction.

The laboratory shall be supervised by the Head of Laboratory who will be assisted by a team of Senior Technical Officers, Technical Officers, Technical Assistants & Laboratory Assistants. In addition to conducting practical sessions for the students, the laboratory team shall also engage in packaging testing & evaluation services based on Industry requirements along with supporting the faculty in research & consultancy projects.

The Admin & Accounts team shall consist of a Registrar, Executives and Assistants to take care of the day-to-day administrative & accounting activities including handling purchase and upkeep of infrastructure.

The Governance Plan shall be in accordance with the UGC regulations.

◆ ADMINISTRATIVE & GOVERNANCE CHART

◆ COURSES AND ENROLLMENT

SR. NO.	COURSE TITLE	YEAR OF INTRODUCTION	NO. OF STUDENTS						
			2024	2025	2026	2027	2028	2029-33	2034-38

Detailed Project Report of SIES INDIAN INSTITUTE OF ENVIRONMENT MANAGEMENT

VISION

To be a premier Research, Academic and Training institute in Environment Management, to serve as a valuable resource for Industry and Society; and scale up as a Policy and Advocacy center for government agencies.

MISSION

Harness the power of Science, Technology and Innovation in pollution control, management of natural resources and excellence in academics to promote environmental, social and institutional sustainability.

OUR CORE VALUES

- Innovation- Forward thinking, planning and execution to expand our horizon.
- Identify and create need-based programs in environment management of national relevance as well as of global concern.
- Diversity and Inclusion.
- Generate value to the institution.

STRATEGIC VISION PLAN

The SIES IIEM envisions to be known as Institute / School / Faculty of Sustainable Environment Management under the SIES University for providing quality education of international level in diverse areas of environment management, sustainability, climate change, renewable energy etc. The institute will gradually standardise the level of academics to international level with focus on developing trained professionals in current areas of environmental sciences, environmental management, and environmental sustainability through master's programme in science, management, and research. The current Post Graduate Diploma in Sustainable Environment Management will be converted in to two years executive programme and M. Sc. SDEM into M. Sc. in Sustainable Environment Management. The certificate programmes will be 12-week courses for upgrading knowledge.

The R&D programmes will be demand driven, application based research with linkages with national and international institutions with scope for patent.

The consultancy activities will be conducted in the areas of environmental pollution

monitoring, carbon neutrality and sustainability. The technical training programmes will be conducted in the areas of advance environmental analysis, waste management and different tools related to environment management.

1. Academics

- Ph. D. in Environmental Science
- M. Sc. (By Research) in Environmental Sciences
- M. Sc. In Sustainable Environment Management
- MBA in Sustainable Environment Management with and without international outreach centre degree
- Executive MBA / PG Diploma in Sustainable Environment Management
- Certificate Programmes in Environmental Management / Climate Change Management / Environmental Pollution Control and Management.

2. R&D

- Application based research with scope of patent
- Demand driven research
- Partnership with elite institutions

3. Consultancy and Outreach

- Lab testing
- Industrial Consultancy
- Training Programmes
- Workshops/ Seminars / Conferences

4. Green Initiatives

- Development of green SIES campus
- Plantation drives
- Awareness generation programmes

Detailed Project Report of SIES COLLEGE OF LAW

ROLE OF LEGAL EDUCATION

India is on the fast track to becoming one of the top 3 economies in the world and is in the process of exploiting its intellectual and physical resources to help it achieve its goals. Law, and the practice of law, as understood earlier, is undergoing great changes and will develop and progress further, to meet the requirements of globalisation, alliances, joint ventures and areas of intellectual property, mediation, arbitration, sports, technology, currencies, data privacy, and trade will require a re-think on existing laws. Legal education needs to be re-drawn to meet the fast changing requirements and adaptations required in law.

FIFTEEN YEAR STRATEGIC VISION PLAN

SIES plans to use its brand equity to ensure collaborations across reputed colleges of law, both nationally and globally, to provide a wide exposure to their students, provide a great classroom and practical learning experience for all their students, marrying legal education with use of technology.

Several companies, both Indian and global, have started setting up in-house legal teams/ departments, for complete legal support, weaning themselves away from seeking advice and support from law firms. SIES proposes to prepare their students to prepare themselves for the challenges of being a part of a corporate legal team.

SIES plans to collaborate with policy makers, policy advisors to anticipate the requirements in the field of law and, accordingly, plan and design their courses, with the approval of the Bar Council of India (BCI). It also plans to become one of the leading researchers and analysts of bills tabled in Parliament and assist the law makers in spotting potential flaws in the bills and offer solutions for the same.

SIES if permitted by BCI to do so, will prepare students for various law examinations, including the Solicitors' examinations in India and in England and Wales and, for entrance examinations to various law programs and also hold continuing legal education programs to enable professionals to update their knowledge and upgrade their skills.

FIVE YEAR ROLLING IMPLEMENTATION PLAN

◆ ACADEMIC PLAN

The proposed college will offer Three Year and Five Year graduate programs in law,

Masters programs in law, post graduate diplomas in law, and offer on campus and off campus certificate programs in law.

The proposed college will also aim for certification and credit transfer of their UG/ PG courses by reputed national and international institutions. The proposed college may offer additional courses to the students of learning French, German, Spanish, Mandarin, Japanese so that law and legal documents can be read in the language of drafting, in addition to translations which may be made available in English. The students will be guided in achieving working knowledge of Hindi, Marathi, Tamil, Malayalam, Kannada, Gujarati, Bengali etc as India pushes for use of local languages in the working of the courts. This will help the students understand the laws and pleadings in the language in which they are drafted, in addition to translations of the same in English.

The proposed college intends to send its students for student-exchange programs, moot court competitions at the national and global level and attempt to arrange internships for their students with the World Bank, United Nations Organisation etc.

◆ FACULTY RECRUITMENT

The proposed college will comply with the regulations notified by the UGC and by the BCI for recruitment of full time faculty for offering legal education, at the graduate and post graduate levels and appoint only those persons who meet the qualifying norms.

The college also proposes to engage part-time faculty, visiting faculty and also hold lectures, seminars, workshops by members of the judiciary (retired and serving), practising lawyers, legal counsels/ Group counsels across corporates and academicians.

The compensation package to be offered to the faculty across all streams would be competitive and rewarding.

◆ STUDENT ADMISSIONS

The college plans to develop its own law entrance examination module, if permitted to do so by BCI, designed to test the logical thinking of the proposed applicants, in addition to their book knowledge. The college may also include the Central level and state level entrance examinations being conducted for their admission process.

The proposed college intends to start with an enrolment of 60 students for their three year programs and their five year programs and then, depending on the response, feedback and demand, may increase the number of seats.

◆ RESEARCH PLAN

The proposed college will inculcate and encourage their faculty and students to enrol for research and will design faculty and student development programs for the same. The college will also propose research programs in collaboration with national and global eminent institutions of learning and with industry.

The proposed college will establish a centre for research on law and policy and a think tank, in the future.

◆ CAMPUS INFORMATION

The proposed college of law will be located in Navi Mumbai and, if permitted, off campus centres may also be established. The campus will have good travel connectivity.

Future ready college physical infrastructure is available, taking into consideration the requirements when student strength is increased and additional courses etc are offered and research centres set up.

The proposed college will have a vast library with commentaries, journals, law reports, law commission reports, access to digital legal commentaries, law reports etc.

◆ COMMUNICATION TECHNOLOGY

The proposed college will have the net connectivity via high speed fibre optic systems, students will be allotted unique sign in ids, personal email ids and the website of the proposed college will upload all information, links to various sites, examination dates etc.

All communications to and from faculty and students would be via dedicated emails to encourage a paperless method of education.

◆ INFRASTRUCTURE DEVELOPMENT PLAN

In addition to the physical infrastructure already in existence, the campus for the proposed college has capacity for expansion. The campus has a canteen on site and therefore, food requirements of students and staff will be met.

Additional facilities will be added as and when required.

◆ ADMINISTRATIVE PLAN

Academic and administrative posts will be created in compliance with the directions issued by UGC/ BCI from time to time.

◆ FINANCE PLAN

The Society has financial strength to sustain the proposed college during its initial years. The proposed college will have a fee structure designed to meet the administrative and operational expenses of the college, aimed at making the college financially independent.

◆ GOVERNANCE PLAN

The proposed college will have a strong College Management Committee, which will take decisions on all aspects of college administration including recruitments and finance in consultation with the Managing Council of the Society, Students Committee, Students and Staff Grievance Redressal Committees, Anti-Ragging Committees, Internal Complaints Committees, and will ensure that all statutory and regulatory requirements are complied with.

COURSES TO BE OFFERED

The 3 Year Law Course: Admission is open to candidates holding a Bachelor's Degree from any faculty of the University of Mumbai or an equivalent degree from any other University. It is a six semester, full time course. On completion of the three year course, i.e., after the 6th semester, the LL.B. degree is awarded. Students who desire to study the law, but do not wish to practice as advocates are eligible for the LL.B. (General) Degree, at the end of the 2nd year i.e. after the 4th semester.

The 5 Year Law Course, leading to B.L.S. LL.B. is an integrated ten semester law course. Admission is open to any candidate who has cleared his 12th standard examination from any recognized Board across India. The first and the second year of the five year course, i.e. 1st to 4th semester, is a 'Pre- Law' course. The students of the five year degree program are awarded the B.L.S. (Bachelor of Legal Science) degree at the end of the third year, (i.e. 6th semester) and on completion of five years, (10th semester) the LL.B. degree is conferred.

ELIGIBILITY CRITERIA

Admission to the Three Year Law Course

A Candidate passing the Bachelor's Degree Examination of the Mumbai University, in any faculty with minimum 45% marks at the first attempt or a corresponding degree examination of any other University recognized as equivalent thereto by the Mumbai University with the minimum prescribed marks at the first attempt is eligible for admission to the First Year L.L.B. The above percentage of marks shall be relaxed by 5% for candidates belonging to the reserved Categories. Admission to be given strictly on merit.

A student who has successfully completed three years study is entitled to the L.L.B degree

and is eligible to practise as an advocate, as per the Rules of the Bar Council of India. A student who desires to learn the law but does not wish to practise as an advocate is eligible for the L.L.B (General) Degree at the end of two years.

Admission to the Five Year Law Course

A Candidate passing the H.S.C (10+2) examination conducted by the Maharashtra State Board of Secondary and Higher Secondary Education, with minimum 45% marks at the first attempt or any other examination recognized as equivalent thereto by the University of Mumbai with the minimum prescribed marks at the first attempt is eligible for admission to the first year of the pre law course. The above percentage shall be relaxed by 5% for the candidates belonging to the reserved categories. Admission will be given strictly on merit.

For candidates securing more than 40% but less than 45% of marks at the respective qualifying examinations (with further 5% relaxation for candidates belonging to SC/ST categories) the University may conduct a Common Eligibility Examination, the candidates passing in such examinations shall become eligible for admission to the respective Law Courses, and may be admitted in any of the Law Colleges conducting the respective Courses, subject to availability of the seats in the College for the Course and the Class.

No student is allowed to keep terms for two different degree courses simultaneously in the same academic year.

CONDITIONS FOR AFFILIATION BY THE UNIVERSITY – Rule 16, Chapter III, Rules of Legal Education, 2008

- The applicant organization should be a trust or society – a non profit organization.
- Institution has land – either free or lease held to provide for centre of legal education building, library etc. The lease should not be less than 10 years.
- Taken steps to recruit full time and visiting faculty to teach each of the subjects
- Separate Principal qualified in law to be a Professor as per UGC and Bar Council of India rules
- Required number of books and Journals
- Adequate computers and terminals under a qualified Librarian.
- Minimum capital fund – Rs. 10.0 lakhs in the name of the School of Law.

Salient features of the applicable rules as per resolution no. 110/2008 of the Rules on Standards of Legal Education and Recognition of Degrees ('BCI Education Rules, 2008')

◆ LIBRARY & ICT FACILITIES

- Adequate library facilities : AIR manual, Central Acts, Local Acts, Criminal Law Journal, AIR, SCC, Company Cases

- Subscription to online database
- At least 10 internet access points with desktop facilities
- Reading room
- Qualified library staff
- Drinking water and rest room facilities shall be available in library premises
- Library shall have adequate reading space for at least 25% of enrolled students

◆ CLASSROOM

- The maximum intake in each section the class is 60 students
- For an intake of 60 students in each section, a classroom size of (30 x 50 = 1500) sft is necessary
- Special classrooms and tutorial classroom shall have space of at least 20 sft per student

◆ FACULTY QUALIFICATION

- Full time members of the faculty shall possess at least Master of Laws (LLM) degree or as prescribed by the UGC
- Members of the faculty teaching clinical program may be drawn from retired judicial officer or from the Bar
- Visiting faculty from the profession, judiciary or academia shall have a minimum experience of 10 years
- There shall be sufficient number of full time members of the faculty who shall be, if necessary, supported by part time and visiting faculty
- Members of the faculty shall be paid according to UCC pay scales
- Faculty workstation shall be at least 100 sft per workstation

◆ INFRASTRUCTURE

- Clear title to land and buildings
- Land shall be adequate to house academic buildings, library, indoor and outdoor sports facilities and, if applicable, halls of residence for male and female students separately
- Academic building shall provide separate classrooms for each section sufficient to accommodate sixty students and other rooms for the purposes of tutorial work, moot court, students' common room and library
- Separate restrooms for male/female – 10 units per 100 students
- Minimum capital fund of Rupees 10 lakhs
- Dedicated academic building
- Adequate facilities for indoor and outdoor games

◆ LEGAL AID

Each institution shall establish and run a legal aid clinic under the supervision of a senior faculty member

◆ LABORATORY

Institutions running integrated law programs shall have adequate library facilities for science, engineering and technology courses if courses are offered in the stream

◆ HEAD OF THE INSTITUTION

Principal / Head / Dean shall have minimum qualifications as prescribed by the UGC

Detailed Project Report of SIES SCHOOL OF NURSING

PREAMBLE AND DETAILED PROJECT REPORT

Nurses constitute the greatest number of healthcare workers globally. Increasingly the role they play in meeting societal demands for safe, evidence – informed, quality care is being recognised. Nursing education should address the need to prepare nurses to care for more complex patients in ever changing healthcare systems.

The SIES School of Nursing would offer the following courses.

- B.Sc. (Nursing)
- M.Sc. (Nursing)
- Post Basic B.Sc. (N)
- General Nursing & Midwifery (GNM)

THE STUDENT ENROLLMENT

B. Sc. (N)	40 – 60
PB B.Sc. (N)	20 – 60
M.Sc. (N)	10 - 25

CAMPUS INFORMATION

The proposed School of Physiotherapy is being located at the new state-of-art Academic Tower that is being constructed at Nerul Academic Campus of the Society. The School will have a minimum of 30,000 sq.ft. with broad details as below :

Lecture Hall 4 x 1080	4320
Nursing Foundation Lab	1500
CHN	900
Nutrition	900
OBG and Pediatric Lab	900
Pre-Clinical Science Lab	900

Detailed Project Report of SIES SCHOOL OF PHYSIOTHERAPY

REDEFINING PHYSIOTHERAPY EDUCATION

The SIES University will develop in due course a new contemporary curriculum that aims to equip physiotherapists with the skills they need to work in changing and challenging healthcare systems. Physiotherapy education is undergoing a seismic change. The curriculum as it evolves will centre around key generic aspects of the profession such as population health, leadership, human functioning and rehabilitation. Typically Physiotherapy teaches anatomy, physiology, Musculoskeletal etc. or interventions such as exercise or manual therapy. The proposed curriculum will deliver the course in generic transferable things like health evaluation, rehabilitation and understanding human movement.

DETAILED PROJECT REPORT

The School of Physiotherapy will commence its academic programmes with a maximum enrollment of 50 students that will swell to 200 by natural progression over the 4 year period. In the first five years, the focus will be to deliver a contemporary curriculum and no academic expansion would be envisaged during that period.

Detailed Project Report of SIES COLLEGE OF PHARMACEUTICAL TECHNOLOGIES

PREAMBLE AND DETAILED PROJECT REPORT

The advent of modern pharmaceutical science has been the bedrock of the quality of life we enjoy today. India, for long, has been known as a global leader in the supply of pharmaceuticals, a legacy which was further bolstered during the pandemic by the domestic production of COVID vaccines. However, anyone from the medical fraternity will attest that there is still much advancement to be made in pharmaceutical research to cope with the health challenges we continue to face.

This is where the role of the education sector comes in. Further progress in the sector beckons universities to set up their game towards research-oriented B. Pharm programs. The SIES College of Pharmaceutical Technologies will pursue this with relentless zeal. Considering that the Pharmaceutical industry demands professionals who are adept at both practical research and academic knowledge of the domain, the SIES University will ensure that learning research skills is an inseparable part of its B.Pharm programme which also will have a lateral entry option. The various state of art laboratories dedicated to pharmaceutical research in the campus will ensure a research focussed programme outcome. The University will network with several of its alumni running large Pharmaceutical companies to leverage their strength for the benefit of the students.

FIVE YEAR ROLLING IMPLEMENTATION PLAN

The proposed college will offer both the degree in B.Pharm and Diploma in Pharmacy. The student intake will be progressive with initial intake of 100 students for B.Pharm and 60 for Diploma in Pharmacy. After the first batch of B.Pharm passes out, the college will introduce Masters in Pharmacy. It is also proposed to have several certification programmes on intellectual property rights, trade and merchandise regulations, clinical studies, comprehensive certification on international regulatory mechanism for approval of drugs and plant upgradations for WHO, USFDA, European standards and other countries certifications for product marketing.

The proposed college will sandwich the degree programme with an appreciation programme of a minimum of 3 months duration for conversational foreign language study in French, German, Spanish, Mandarin and Japanese.

◆ FACULTY RECRUITMENT AND STUDENT ADMISSION

The student intake and faculty recruitment over the 5 year period is given in the annexure.

◆ CAMPUS INFORMATION

The proposed college will be located at Plot No. D-125, TTC Indl. Area, Navi Mumbai. The state of art building is complete in all respects and once the approval from the Pharmacy Council of India is received, shall commence its academic activities.

◆ COMMUNICATION TECHNOLOGY

The proposed college will have net connectivity by highspeed fibre optic systems, state-of-art Firewall Protection system and various high end of softwares compatible with the needs of Pharmaceutical education will be progressively installed in the campus.

◆ INFRASTRUCTURE DEVELOPMENT PLAN

Being a new building, the entire infrastructure has been created based on a five year period student strength for the courses to be run by the college. During this five year period, the infrastructure would be upgraded based on user feedback and correction for defects noticed in the construction.

◆ ADMINISTRATIVE PLAN

Academic and administrative posts will be created in compliance with the directions issued by the Pharmacy Council of India from time to time.

◆ FINANCE PLAN

The Society has financial strength to sustain the proposed college during its initial years. The proposed college will have a fee structure designed to meet the administrative and operational expenses of the college, aimed at making the college financially independent.

◆ GOVERNANCE PLAN

The proposed college will have a strong College Management Committee, which will take decisions on all aspects of college administration including recruitments and finance in consultation with the Managing Council of the Society, Students Committee, Students and Staff Grievance Redressal Committees, Anti-Ragging Committees, Internal Complaints Committees, and will ensure that all statutory and regulatory requirements are complied with.

Detailed Project Report of SIES SCHOOL OF MUSIC

PREAMBLE AND DETAILED PROJECT REPORT

SIES has a rich tradition of turning out several musicians from its students as front ranking national award musicians with an exceptional record of achievement. There could be no other institution that could have generated such a galaxy of musicians from its ranks. They include

1. Padmashri S. Hariharan
2. Padmashri Shankar Mahadevan
3. Smt. Shreya Ghoshal, National Awardee
4. Padmashri Dr. Aruna Sairam, former Vice-Chairman of Central Sangeet Natak Akademi
5. Padmashri C. Saroja and C. Lalitha (Bombay Sisters)
6. Shri. Naresh Iyer, National Awardee
7. Shri. Ghanshyam Vaswani, Ghazal maestro and music director

Shri. Haroon Akhtar, an alumnus of the SIES College of Arts, Science & Commerce, a product of A. R. Rahman Music Academy, an emerging performer with a strong inclination for teaching has been inducted into the SIES School of Music to begin formal coaching in light music. After a year, classical music will be introduced, both in Hindustani and Carnatic music with Degree and Diploma programmes. Facilities for percussion training include that for Mrudangam, Tabla and Pakhawaj. In later years, Violin, Sitar and Sarod would also be brought within the streams of study. Western classics would be progressively introduced.

As a first step, a minimum 12 session credit (3 months) in appreciation in music of any genre would be made compulsory for any graduate degree offered by the proposed University. This would be in addition to the formal degree and diploma programmes. Certificate for appreciation in music would be given to every graduate student of the University.

MUSIC ENTERTAINMENT

PRESENTS

Only You & Music

BECOME THE ARTIST YOU ARE MEANT TO BE

IN ASSOCIATION WITH

A 4-DAY ADVANCED VOCAL, INSTRUMENTAL & PERFORMANCE WORKSHOP

Venue: SIES College of Management Studies, Nerul

Dates: 3rd, 5th, 7th & 8th November 2022 Timing: 2PM - 5PM

- Pro Vocal techniques and its application in Indian and western genres.
 - Your Body is a Wonderful Musical Instrument.
 - Performance Dynamics and stage presence.
 - One Instrument, Many Genres.
- Advanced vocalizing & adding an instrument to your repertoire.

 1967

THIS INSTRUMENT made the Eighth
 November in the Christian year One Thousand Nine
 and Sixty Seven BETWEEN THE MUNICIPAL CORPORATION
 BOMBAY a Corporation constituted by the Bombay Municipal
 Corporation Act (hereinafter referred to as "the Act")
 in which expression are included unless such expression
 inconsistent with the context or the Successor and his
 first part Janardan Hari Patwardhan, the Municipal
 for Greater Bombay (hereinafter referred to as "the
 in which expression are included unless such expression
 inconsistent with the context or the Successor and his
 time being holding the said office of the
 the second part and The South Indian
 registered under the Societies
 (hereinafter referred to as

19

included unless such inclusion is inconsistent with the context
its Successors and Assigns) of the third part WHEREAS by an
agreement contained in a proposal made in writing by the
Lessee and an acceptance thereof by the Corporation under the
hand of the Commissioner on the 26th September 1941, the
Lessee became entitled to enter upon Plot Nos. 83, 84, 106
and 107 of the Sion Matunga (West) Estate of the Corporation
for the purpose only of erecting buildings thereon and to
the grant of a Lease in respect thereof to itself or to its
nominee or nominees upon the terms and conditions in the said
agreement contained or referred to AND WHEREAS possession of
the said Plots was granted by the Corporation to the Lessee
on the 8th October 1942 AND WHEREAS the Lessee being desirous
of commuting the ground rent and having a Lease in perpetuity
at a nominal yearly rent of one Rupee instead of one for the
term of 999 years and at the rent as originally agreed upon
requested the Corporation to grant them such a Lease which
the Corporation agreed to do on its agreeing to pay a sum of
Rupees Fifty Seven Thousand and Nine Hundred and Sixteen and
Seventy Five Paise (Rs. 57,916.75) AND WHEREAS the said sum of
Rs. 57,916.75 was paid by the Lessee to the Corporation before the
execution of these presents (the receipt whereof is hereby
acknowledged) NOW THIS INDENTURE WITNESSETH that pursuant to the
hereinbefore recited agreement varied as aforesaid and in
consideration of the sum of Rupees Fifty Seven Thousand
Hundred and Sixteen and Seventy Five Paise (Rs. 57,916.75) paid
as aforesaid Rupees Fourteen Thousand Six Hundred and
Seventyfour and Fifty Paise (Rs. 14,674.50 P.) Rupees Six Thousand
Six Hundred and Sixty (Rs. 6,660) Rupees Sixteen Thousand Four
Hundred and Forty Five (Rs. 16,445/-) and Rupees One Hundred and
Fourteen (Rs. 114/-) paid by the lessee to the Corporation before
the execution of these presents (the receipt whereof is hereby
acknowledged) as and by way of premium for the additional third

MODIFIED AGREEMENT TO LEASE

THIS MODIFIED AGREEMENT TO LEASE, is made at CBD -Belapur, Navi Mumbai, on this 18th day of June, 2021 between CITY & INDUSTRIAL DEVELOPMENT CORPORATION OF MAHARASHTRA LIMITED, a company incorporated under the companies Act, 1956 (1 of 1956) and having its Registered office at 'Nirmal', 2nd Floor, Sub Reg. Point, Mumbai -400 021, hereinafter referred to as "THE CORPORATION" (Which is a body corporate) where the contents so admits, be deemed to include its successors and assigns) OF THE ONE PART

The South Indian Education Society being a Society registered under the Societies Registration Act, 1860 under the Certificate of Registration No 626 dated 21.04.1932 granted by the Registrar of Societies, Bombay and registered under the Maharashtra Public Trust Act, 1950 under Registration No.F-140(Bom) dated 22.05.1953 granted by the charity Commissioner, Mumbai and having its registered Office at SIES Chowk, K.A.Subramaniam Road, Matunga, Mumbai -400 019, hereinafter referred to as "THE LICENSEE" (which expression shall, where the context so admits be deemed to include, its successor or successor) OF THE OTHER PART.

1498

Director - I
COCO Bhavan,
Mumbai - 400 614.

WHEREAS:

- a) By an Agreement to Lease hereinafter referred to as the **Principal Agreement (Annexure "A")** made separately at CBD-Belapur, Navi Mumbai as detailed below between the **"Corporation"** (therein also referred to as the **"Corporation"**) of the One Part and the Licensee (therein also referred to as the **"Licensee"**) of the Other part, in consideration of the below mentioned amounts of lease premium paid by the Licensee to the Corporation, the Corporation agreed to grant on lease to the Licensee and the Licensee agreed to take on lease from the Corporation, the piece and parcel of land, with FSI for the purpose detailed below:-

Sr.No	Plot No	Area/Sqm	FSI	Lease Premium (Rs.)	User	Date of Agreement to Lease
1	1C	10,002.50	1.0	1,15,05,750/-	Full fledged Arts, Science & Commerce Jr.and Degree College	07.10.1998
2	1D	2,834.801	1.0	1,08,27,078/-	Residential Ved Pathshala	05.02.2001
3	1E	11,958.34	0.75	59,79,710/-	College of Journalism, Science, Arts and Commerce, vocational Courses, Library and Placement Centre	16.03.1994

- b) All the above Agreement to Lease shall be hereinafter cumulatively referred to as **"Principal Agreement."**

- c) All the above plots were amalgamated into one plot admeasuring 24,795.64 sqms. These 03 plots were amalgamated with the total area of 24,795.64 sqms. by a letter dated 17.12.2003, hereinafter referred to as the **"Said Land."**

- d) Vide application, dated 08.11.2008, the Licensee requested the Corporation to grant additional permissible FSI 1.0 for the entire amalgamated plot of land on the **"Said Land."** CIDCO vide letter dated 20.10.2008 granted the additional FSI admeasuring 8000 sqm and expansion of user by recovering Additional lease Premium amounting to Rs.1,38,64,000/- (Rupees One Crore Thirty Eight Lakhs Sixty Four Thousand Only).

- e) Further, vide application dated 26.02.2013, the Licensee requested for balance FSI. Vide compliance of the Order dated 19th June 2018 of Honorable High Court in Writ Petition No.7458 of 2014, the **"Corporation"** has accepted it and the **"Corporation"** vide letter No. CIDCO/MTS-1/2019/6626 dated 30.05.2019 granted the additional FSI of the Said Land to the **"Licensee"**.

Estale Officer - I

- f) The Licensee accepted the offer of the **"Corporation"** and accordingly paid to the **"Corporation"** a sum of Rs.20,59,79,893/- (Rupees Twenty Crore Fifty Nine Lakh Seventy Nine Thousand and Ninety Three only) +18% GST including the applicable Delay payment Charges towards delay in making the payment of 2nd installment for additional FSI of Said Land i.e for 19286.432 sqm.

- g) The Licensee has unconditionally agreed to not to utilize additional FSI in respect of plot no.1D (admeasuring 2834.801sqm) and to that effect will abide by the undertaking submitted by the Licensee in writ petition No. 7458 of 2014 so also the Licensee will abide by the Order passed by the Honourable High Court in the above Writ Petition, dated 19.06.2018. The Licensee will not use the additional FSI without remedying breach/breaches of the conditions of the agreement to lease in respect of Plot 1-D and to that effect CIDCO will take appropriate decision which will be binding on the Licensee.

- h) The agreement to lease dated 16.03.1994, 07.10.1998 and 05.02.2001 have been confirmed by a deed of confirmation dated 30.01.2009 EVN NO- 210/2009 COS THANE CITY, dated 30.01.2009 and outward no- 8091/2021 dated 25.02.2021.

- i) To the extent of grant of additional FSI of Said Land, it is necessary for both the parties to modify the said **"Principal Agreement."**

THIS AGREEMENT IS THEREFORE WITNESSETH AND NOW IT IS HEREBY MUTUALLY AGREED BY & BETWEEN THE PARTIES AS FOLLOWS:

- In consideration of the additional premium Rs.20,59,79,893/- (Rupees Twenty Crore Fifty Nine Lakh Seventy Nine Thousand and Ninety Three only) paid by the Licensee to the Corporation for the grant of additional FSI of 19286.432sqm on the Said Land to the extent of 19286.432sqm paid by the Licensee to the Corporation, the Corporation hereby grants the additional FSI of 19286.432sqm on the Said Land.
- The Licensee shall use the Said additional FSI for the purpose mentioned in the Principal Agreement on Said Land strictly in accordance with the development conditions and other provisions made in the General Development Control Regulation for Navi Mumbai, 1975, including but not limited to the following:-

The building shall be constructed for the use as per Principal Agreement only and for no other purpose.

- The sufficient number of parking space for parking of vehicles within the said land shall be made strictly in accordance with the provision made in the NMDC Development Control Regulations for Navi Mumbai, 1975.

Estale Officer - I
CIDCO Ltd. CIDCO Bhavan,
Navi Mumbai - 400 014,

- III. The necessary infrastructure for electric supply shall be provided within the Said Land as per the requirements of MSEDCL, including the sub-station, if found necessary.
- IV. The Licensee shall provide lay-by as per the provisions made in the NDMC Development Control Regulations for Navi Mumbai, 1975.
- V. In case the Licensee fails to consume the additional FSI i.e. 1929.432sqm on Said Land granted hereunder to the Said Land or if the Licensee is not able to consume the additional FSI for any reason, the additional lease premium paid by the Licensee to the Corporation for grant of additional FSI of 1929.432sqm will not be refunded to the Licensee for any reason whatsoever.
- VI. The additional FSI in lieu of Plot No. 1D amounting 2834.801sqm, shall be permitted to be consumed only after remedying breaches of the conditions of the Agreement to Lease executed in respect of the said Plot No. 1D and grant of explicit permission of the Corporation for utilization of the said additional FSI in lieu of the said Plot NO. 1D.

3. The additional FSI of 1929.432sqm granted hereunder to the Said Land, excluding the FSI of 2834.801sqm pertaining to Ved Pathakula, shall be consumed by the Licensee in all respects within 4 (four) years from the date of this Modified Agreement to Lease. The Licensee shall obtain the Occupancy Certificate for the said additional FSI within a period of 4 (four) years from the date of this modified Agreement to Lease, failing which the Licensee shall be liable for payment of additional Lease Premium towards extension in time as per the prevailing Policy of the Corporation. In respect of 2834.801sqm, it shall be consumed within 4 years from the date of the Order passed by the Licensee in respect of the alleged breach of the terms and conditions of lease in respect of Plot No. 1D of the Ved Pathakula (in case amalgamation).

4. The Licensee shall comply with all provisions of the Municipal Corporation of Greater Mumbai (Amendment) Regulations, 2008.

5. The terms and conditions of the PRINCIPAL AGREEMENT, which were not specifically modified in this modified Agreement to Lease shall remain in force and the Principal Agreement to Lease shall be binding upon the Licensee to the extent of unaltered terms and conditions along with this Modified Agreement to Lease and shall be of full value and effect.

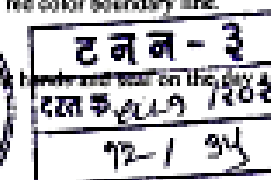

SCHEDULE

ALL THAT piece of parcel of land known as Plot No.1C,1D and 1E in Sector -8, Navi, Navi Mumbai containing by measurement having total area of 24,795.64sq.mtrs. or thereabout amalgamated as a single plot and bounded as follows, that is to say :

Lessee :
SHRI BASU ADRISH, PROP. OF M/S.FILTER MANUFACTURING INDUSTRIES

1st Transferee:
M/S.PLAST-INDIA ENGINEERING PVT. LTD.

2nd Transferee:
M/S. ADITYA LOGISTRICS(INDIA)PVT.LTD.

Mortgagee:
IDBI Bank Ltd.

3rd Transferee:
M/S. THE SOUTH INDIAN EDUCATION SOCIETY

By a above noted Lease executed by the Maharashtra Industrial Development Corporation in favour of the Lessee the Corporation in consideration of the stipulations and conditions on the part of the Lessee therein contained, granted in favour of the Lessee a Lease of above plot of land bearing **Plot No.D-388** admeasuring **2171 M²** and the building erections erected thereon in the manner specified in the said Lease.

The Lessee in pursuance of Sub-clause (w) of the clause 2 of the said Lease represented to the Corporation for grant to him of a consent for transfer & assignment of his interest under or the benefit of the said lease in favour of **M/S.PLAST-INDIA ENGINEERING PVT. LTD.** (hereinafter referred as the First Transferee"). The Corporation has after due consideration of the said request of Lessee granted its consent for transfer & assignment of their interest under or the benefit of the said Lease in favour of the First Transferees on payment of Standard Transfer Fee of Rs.21,710/- vide Transfer Order dated the 17th April,1997. By a Deed of Assignment dated the 28th day of August,1998 made between the Lessee of the One Part & the First Transferee of the Other Part & lodged for registration with the Sub.Registrar of Assurances at Thane No.3 Under Sr.No.4104 on the 28th day of August,1998, the Lessee did transfer & assign unto the First Transferee and the demise premises to hold the same for residue then unexpired of the term granted by the Indenture of Lease dated the 16th day of May,1990 at the rent reserved by and subject to the covenants and conditions contained in the said Lease.

The First Transferee in pursuance of Sub-clause (w) of the clause 2 of the said Lease represented to the Corporation for grant to it a consent for transfer & assignment of its interest under or the benefit of the said lease in favour of **M/S. ADITYA LOGISTICS(INDIA)PVT.LTD.** (hereinafter referred as the Second Transferee"). The Corporation has after due consideration of the said request of First Transferee granted its consent for transfer & assignment of their interest under or the benefit of the said Lease in favour of the Second Transferee on payment of Differential Premium of Rs.3,90,800/- vide Transfer Order dated the 3rd August,2004.By a Deed of Assignment dated the 5th day of August,2004 made between the First Transferee of the One Part & the Second transferee of the Other Part & lodged for registration with the Sub.Registrar of Assurances at Thane Under Sr.No.6853 on the 10th day of September,2004, the First Transferee did transfer & assign unto Second Transferee and the demise premises to hold the same for residue then unexpired of the term granted by the Indenture of Lease dated the 16th day of May,1990 at the rent reserved by and subject to the covenants and conditions contained in the said Lease.

The Second Transferee in pursuance of Sub-clause (w) of the clause 2 of the said Lease represented to the Corporation for grant to it of a consent for transfer & assignment of its interest under or the benefit of the said Lease in favour of **IDBI BANK LTD.** (hereinafter called "the Mortgagee") for raising the loans. The Corporation has after due consideration of the said request of the Second Transferee granted its consent in favour of the Second Transferee for transfer by way of mortgagee, its/their interest under the said Lease in favour of the Mortgagee.

The Mortgagee in pursuance of sub-clause(w)of Clause 2 of the said Lease represented to the Corporation for grant its consent for transfer and assign of its interest under or benefit of the said Lease by way of mortgage in favour of the Second Transferee. The Corporation has after due consideration of the said request of the Mortgagee granted its consent in favour of the Second Transferee vide consents dated 31/03/2010, 03/06/2010 under the said Lease.

The Second Transferee has defaulted in making the repayment of loans advanced by the Mortgagee. The Mortgagee has, therefore exercised its right under Securitisation and Reconstruction of Financial Asset & Enforcement of Security Interest Act 2002 for realisation of its dues and put the said plot of land and structures standing thereon for Public Auction by following due process of Law. The offer of **M/S. THE SOUTH EDUCATION SOCIETY** to purchase the said plot of land was accepted by the Mortgagee. Subsequently, the Mortgagee has issued a Sale Certificate dated 30/01/2018 in favour of **M/S. THE SOUTH EDUCATION SOCIETY.**

By the letter dated 02/07/2018, the Mortgagee has represented to transfer the said plot of land and its right & interest under the said Lease in favour of **M/S. THE SOUTH EDUCATION SOCIETY.** (hereinafter called "the Third Transferee"). The Corporation has after due consideration of the said request of the mortgagee decided to grant its consent to transfer & assignment of its interest under the said Lease in favour of Third Transferee for undertaking the activity i.e. "**Industrial Testing, Training, Research & Development Centre**" subject to following conditions.

(a) The Mortgagee/Third Transferee shall pay to the Corporation the sum of Rs.42,74,200/- (Rupees Forty Two Lakhs Seventy Four Thousand Two Hundred Only) towards Differential Premium and Rs.12,97,000/-(Rupees Twelve Lakhs Ninety Seven Thousand Only) with Government being 60% ULC Charges & Rs.4,24,337/-(Rupees Four Lakhs Twenty Four Thousand Three Hundred Thirty Seven Only) towards with MIDC 40% ULC Charges against transfer which is paid on 08/07/2019 vide Receipt No.HQ180Q005801.

(b) The consent is restricted to the transfer and assignment of the said Lease in favour of the Third Transferee alone and in case the Third Transferee propose to make any further transfer of assignment or parting wholly or partially with the possession of the plots of land or any part thereof the Third Transferee will have to make a fresh application for consent and that request will be examined as per guide-lines prevailing at that time.

(c) The Third Transferee shall obtain & produce consent from M.P.C.B. prior to commencement of its/their production activity & necessary permission from the concerned authority.

(d) The Third Transferee shall go into production activity within a period of 2 years from the date of this order and produce documents to that effect.

(e) The Third Transferee shall pay the outstanding dues of Lessee's Employees, Govt.dues, if any.

ORDER

Lease dated the 29th day of March, 1978 read with Deed of Assignment dated the 15th day of March, 1989 and further Deed of Assignment dated the 30th day of September, 1993.

Lessee:

Shri Surendra J. Kapur &
Shri Badgelwar Vithal, Partners of
M/s. Glaxy Tiles And Asbestos

First Transferee:

M/s.Glaxy Asbestos And Fittings Pvt.Ltd.

Transfer through Financial Institution : IDBI Bank Ltd.

Second Transferee:

M/s.The South Indian Education Society

By a marginally noted Lease executed by the Maharashtra Industrial Development Corporation in favour of the Lessee, the Corporation in consideration of the stipulations and conditions on the part of the Lessee therein contained, granted in favour of Lessee a Lease of the above plot bearing No. D-125 admeasuring 2285 sq.mtr. and the building and erections erected thereon in the matter specified in the said Lease.

The Corporation has taken note of Badgelwar Vithal Laxman one of the Partners of M/s. Glaxy Tiles and Asbestos died at Bombay on or about the 20th day of September, 1992 on the recovery of Rs.11,425/- (Rupees Eleven Thousand Four Hundred Twenty Five Only) being Standard Transfer fee which is paid on 27/08/1993.

By Indemnity Bond dated the 26th day of August, 1993, the surviving partner, Shri Surendra J. Kapur and the Transferee Company have indemnified the Corporation from and against all actions, losses, proceedings, claims or demands by any person or persons claiming to be the heirs of late Badgelwar Vithal or through any retired partners to have own or possess any right or interest in or under the said Lease or the plot of land howsoever.

The Lessee in pursuance of Sub-clause (t) of the clause 2 of the said Lease represented to the Corporation for grant of transfer of assignment and interest under or the benefit of the said Lease in favour of M/s.Glaxy Asbestos and Fittings Pvt.Ltd., (hereinafter called the "First Transferee"). The Corporation has after due consideration of the said request of the Lessee granted its consent for transfer in favour of the First Transferee vide Transfer Order dt. 09/09/1993, subject to the conditions that the Lessee Shri Surendra J. Kapur shall hold more than 51% in the total issued and paid up capital of Transferee Company and shall not retire from the company nor transfer or reduce percentage of his shares in the total issued and paid up capital of the company atleast for a period of two years from this order failing which the Lessee and the Transferee will be liable to pay differential premium including transfer fees that may be determined by the Corporation from time to time. The Deed of Assignment has been executed by Shri Surendra J. Kapur on 30th day of September, 1993 as stated in the Transfer order dt.09/09/1993.

The First Transferee, M/s. Glaxy Asbestos And Fittings Pvt.Ltd. has committed default in the repayment of dues extended to it by M/s. IDBI Bank Ltd. against the mortgage consent granted by the Corporation.

Under the Securitisation and Reconstruction of Financial Assts and Enforcement of Security Interest (Act), 2002 (54 of 2002) and in exercise of the powers conferred under section 13 read with rules 8 and 9 of the Security Interest (Enforcement) Rules, 2002 sold the property bearing Plo No.D-125 i.e. all that piece and parcel of the land admeasuring 2285 sq.mtr. together with building & structure thereon situated in TTC Industrial Area situated behind London Pilsner, Opp. Manish Palace Hotel, Shirvane, Navi Mumbai to M/s.The South Indian Education Society and issued sale certificate dt. 31st July, 2018.

The Financial Institution, M/s. IDBI as per Sale Certificate dt.31/07/2018 and in pursuance Sub-clause (t) of the Clause 2 of the said Lease represented to the Corporation for grant of consent for transfer and assignment of its interest under or the benefit of the said Lease in favour of M/s.The South Indian Education Society (hereinafter called the "Second Transferee"). The Corporation has after due consideration of the said request of the First Transferee decided to grant its consent to transfer & assignment of its interest under the said Lease in favour of Second Transferee for undertaking activity i.e.Industrial Testing, Research & Development Centre, subject to following conditions:

- Payment of Rs.1,56,26,000/-** (Rupees One Crore Fifty Six Lakh Twenty Six Thousand Only) as and by way of **Differential Premium which is paid vide Receipt No.GL20410912 dt.14/11/2019.**
- The consent is restricted to the transfer and assignment of the said Lease in favour of the Second Transferee alone and in case the Second Transferee proposes to make any further transfer of assignment or parting wholly or partially with the possession of the plot of land or any part thereof the Second Transferee will have to make a fresh application for consent and that request will be examined as per guidelines prevailing at that time.
- The Second Transferee shall obtain and submit consent from MPCB for their activity and also obtain all required permissions/Licences etc. from the appropriate authorities.
- The Second Transferee shall be given a period of 2 years for submission/approval of building plans, carrying/completing the construction, obtaining BCC and starting the activity.
- The Second Transferee shall follow D.C. Rules of MIDC.

Maharashtra

Sub: Extension of validity period - Transition Autonomous Colleges

Dear Sir/Madam,

Kindly refer to the correspondence on the subject cited above. Based on the information provided, the validity of accreditation of your institution has been extended upto 31-12-2023 with CGPA 3.51 and Grade "A". To enable NAAC for issuing the certificate afresh, the previous accreditation certificate may be returned in original. The HEI will have to submit its Institutional Information for Quality Assessment (IIQA) for the next cycle six months prior to the completion of its extended validity period.

With regards,
Yours sincerely,
S. C. Sharma

F. No. 28-165-2010 NBA

Date: 04-10-2021

To,

The Principal,
SIES College of Management Studies,
Sri. Chandrasekarendra Sarawathy Vidyapuram,
Plot 1 E, Sector 5, Nerul,
Navi Mumbai, Maharashtra - 400 706.

Subject: Accreditation status of programs applied by SIES College of Management Studies, Sri. Chandrasekarendra Sarawathy Vidyapuram, Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra - 400 706.

Sir,

This has reference to your application I.D. No. 4396/05/12/2019 seeking accreditation by National Board of Accreditation to PG program (Tier-II) offered by SIES College of Management Studies, Sri. Chandrasekarendra Sarawathy Vidyapuram, Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra - 400 706.

2. An Expert Team conducted online evaluation of the program from 3rd - 5th September, 2021. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the program as given in the table below:

Sl. No.	Name of the Program(s) (PG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Masters of Computer Applications	Tier-II	Accredited	Academic Years 2021-2022 to 2022-2023 i.e. upto 30-06-2023	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to SIES College of Management Studies, Sri. Chandrasekarendra Sarawathy Vidyapuram, Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra - 400 706 as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

S.I.E.S. C.O.M.S.

To,

The Director,
SIES College of Management Studies,
Sri. Chandrasekarendra Sarawathy Vidyapuram,
Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra – 400 7064.

Subject: Extension of the Period of Accreditation Status granted to Master of Computer Application program offered by SIES College of Management Studies, Sri. Chandrasekarendra Sarawathy Vidyapuram, Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra – 400 7064.

Sir,

This has reference to NBA's letter of even number dated 04-10-2021 under which Master of Computer Application program offered by your Institution was granted accreditation for Academic Years 2021-2022 to 2022-2023 i.e. upto 30-06-2023 by National Board of Accreditation.

2. National Board of Accreditation (NBA) has decided that in all cases where MCA Program of an Institution was granted accreditation for a period of 2 years, the period of accreditation of the program shall be extended from 2 to 3 years subject to the condition that the program meets the essential parameters of the Pre-Qualifiers. The Pre-qualifiers submitted by SIES College of Management Studies, Sri. Chandrasekarendra Sarawathy Vidyapuram, Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra – 400 7064 have been considered in NBA. The MCA program meets all the parameters of pre-qualifiers. Accordingly, the competent authority in NBA has approved the following accreditation status to the program as given in the Table below:

Sl. No.	Name of the Program (s) (PG)	Basis of Evaluation	Accreditation Status	Period of extended validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Master of Computer Application	Tier-II January-2013 Document	Accredited	Academic Year 2023-2024, i.e. upto 30-06-2024.	Accreditation status granted is valid for the period indicated in col.5 or till the program has the approval of the competent authority, whichever is earlier

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The accreditation status awarded to the program as indicated in the above table does not imply that the accreditation has been granted to SIES College of Management Studies, Sri. Chandrasekarendra Sarawathy Vidyapuram, Plot 1 E, Sector 5, Nerul, Navi Mumbai, Maharashtra – 400 7064 as a whole. As such the Institution should nowhere along with its name, including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Sub :- Your Proposal for **First Time Recognition** for **M.Sc. (By Research)** degree
course in the subjects of **Environmental Science** for the academic year 2020-21.

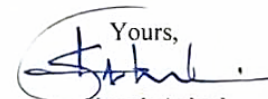

Madam / Sir,

With reference to the subject above, I am directed by the Hon'ble Vice-Chancellor to inform you that the report of the Local Inquiry Committee for **First Time Recognition** for **M.Sc. (By Research)** degree course in the subjects of **Environmental Science** was placed before the Academic Council at its meeting held on **17th May, 2022**, vide item No.3.3, when it was resolved as under :-

“The resolution passed by the Board of Deans at its meeting held on 23rd February, 2022 vide item No. 3.66 to consider the reports of the Local Inquiry Committee appointed by the Board of Deans on the applications received from various Research Centres (as per Appendix) who had applied for First Time Recognition (04 reports)/ Continuation of Recognition (08 reports)/ and Extension of Recognition (04 reports) **be accepted.**”

Pursuant to the above resolution of the Academic Council, I am to inform you that the College/Institute has been granted permission for **First Time Recognition** to enroll **10 (Ten)** students for the **M.Sc. (By Research)** degree course in the subjects of **Environmental Science** from the academic year 2020-21.

You are therefore, requested to submit the proposal for continuation of recognition for the academic year 2021-22 & 2022-23 and pay the remaining fees towards the Continuation of Recognition for the same within 15 days, as a precondition for approval of continuation of recognition.

Yours,

Umesh Avhad
Assistant Registrar

28 MAY 2018

No.F. 22-1/2018(AC)

The Registrar
University of Mumbai
Fort, Mumbai-400 002
Maharashtra

Dear Sir/Madam

Sub:- Conferment of Autonomous Status on SIES College of Arts, Science & Commerce, Plot
83/84 & 106/107 Sion (West) Mumbai-400 002, Maharashtra affiliated to University of
Mumbai, Mumbai-400 002, Maharashtra

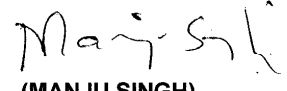

Sir/Madam,

This is with reference to the proposal submitted by SIES College of Arts, Science & Commerce,
Plot 83/84 & 106/107 Sion (West) Mumbai-400 002, Maharashtra affiliated to University of
Mumbai, Mumbai-400 002 under the UGC Scheme for Autonomous Colleges.

I am directed to convey that the Commission at its meeting held on 24.05.2018 has decided to
grant autonomous status to SIES College of Arts, Science & Commerce, Plot 83/84 & 106/107
Sion (West) Mumbai-400 002 (MS) affiliate to University of Mumbai, Mumbai-400 002 for a
period of ten years w.e.f. 2018-2019 to 2027-2028.

University of Mumbai, Fort, Mumbai-400 002 is requested to issue necessary notification/order
regarding the grant of autonomous status to the college as per UGC (Conferment of
Autonomous Status Upon Colleges and Measures for Maintenance of Standards in Autonomous
Colleges) Regulations, 2018 for Autonomous Colleges. The college, if eligible, shall apply for
autonomy grant as per the norms laid down in the Regulations.

The autonomous college is required to abide by all the provisions of the UGC Regulations for
Autonomous Colleges. The Regulations are available on the UGC website, www.ugc.ac.in. The
college shall also apply in the prescribed format to University Grants Commission for extension
of autonomous status six months prior to the expiry of the autonomous cycle.

Yours faithfully,

(MANJU SINGH)

Principal
REGISTRAR

No. Aff/Recog. 19268 of 1969.

Copy forwarded with compliments to the Principal, South Indian Education Society's College of Arts and Science, Sion (West), Bombay - 22, for information.

for information

Principal
REGISTRAR

University of Bombay

Copy of the proceedings in the matter of an application, No. 1018, dated 14th August, 1968, from the Principal of the South Indian Education Society's College of Arts and Science, Bombay, for the permanent affiliation of the college for the teaching of the courses of study leading to the B.A. (General and Special) degree examination in English, Marathi, Gujarati, Hindi, Economics, Politics, Philosophy and Mathematics; the B.A. (General) degree examination in Sanskrit, French, German and History; the Intermediate Science examination with Physics, Chemistry and Mathematics and Physics, Chemistry and Biology and the B.Sc. degree examination in Physics, Chemistry and Mathematics (Principal and Subsidiary) and Botany and Zoology (Subsidiary).

On receipt of the application the Syndicate appointed a Local Inquiry Committee consisting of the following members to report thereon :-

Professor G.C. Bannerjee
Shri A.B. Sthalekar
Shri AN. Namjoshi
Professor A.B. Kulkarni
Shri K.R. Gunjekar
Professor K.T. Merchant.

The report of the Local Inquiry Committee was considered by the Academic Council, and the Syndicate at their meetings held on 15th April, 1969 and 16th April, 1969, respectively.

The resolution of the Academic Council and the report of the Syndicate are as follows :-

Resolution of the Academic Council

It was resolved that it be reported to the Syndicate that, in the opinion of the Council, the affiliation of the South Indian Education Society's College of Arts and Science, Bombay, to the University, for the teaching of the courses of study leading to the B.A. (General and

Special) degree examination in English, Marathi, Gujarati, Hindi, Economics, Politics, Philosophy and Mathematics; the B.A. (General) degree examination in Sanskrit, French, German and History; the Intermediate Science examination with Physics, Chemistry and Mathematics and Physics, Chemistry and Biology and the B.Sc. degree examination in Physics, Chemistry and Mathematics (Principal and Subsidiary) and Botany and Zoology (Subsidiary) be made permanent with effect from 20th June, 1969.

Report of the Syndicate

The Syndicate, after considering the report of the Local Inquiry Committee and the resolution of the Academic Council thereon, report to the Senate that they are of the opinion that the affiliation of the South Indian Education Society's College of Arts and Science, Bombay, to the University, for the teaching of the courses of study leading to the B.A. (General and Special) degree examination in English, Marathi, Gujarati, Hindi, Economics, Politics, Philosophy and Mathematics; the B.A. (General) degree examination in Sanskrit, French, German and History; the Intermediate Science examination with Physics, Chemistry and Mathematics and Physics, Chemistry and Biology and the B.Sc. degree examination in Physics, Chemistry and Mathematics (Principal and Subsidiary) and Botany and Zoology (Subsidiary) be made permanent with effect from 20th June, 1969.

At their meeting held on 5th May, 1969, the Senate considered the above application together with the report of the Local Inquiry Committee, the resolution of the Academic Council thereon and the report of the Syndicate in the matter.

Professor G.C. Bannerjee moved, as recommended by the Syndicate and Professor T.A. Kasat seconded :-

"That the Senate approve of the report of the Syndicate in the matter of the permanent affiliation of the South Indian Education Society's College of Arts and Science, Bombay, and record their opinion that the affiliation of the college to the University, for the teaching of the courses of study leading to the B.A. (General and Special) degree examination in English, Marathi, Gujarati, Hindi, Economics, Politics, Philosophy and Mathematics; the B.A. (General) degree examination in Sanskrit, French, German and History; the Intermediate Science examination with Physics, Chemistry and Mathematics and Physics, Chemistry and Biology and the B.Sc. degree examination in Physics, Chemistry and Mathematics (Principal and Subsidiary) and Botany and Zoology (Subsidiary) be made permanent with effect from 20th June, 1969."

The motion was put to the vote and carried.

Bombay-400 022.
12 JUL 1980
No. 1226

UNIVERSITY OF BOMBAY
No. Aff/Recog./ 7913 of 1980.
Bombay-400032,
10th July, 1980.

Principal G.L. Abhyankar.
Principal P.M. Potdar.

Gentlemen,

This University had recommended to Government for its approval, applications of following 14 Arts and Science Colleges for addition of Commerce Faculty i.e. for extension of affiliation for teaching the courses of study leading to the B.Com. degree examination from the academic year commencing from June, 1980.

- 1) Kirti M. Doongurse College, Dada.
- 2) Sir Sitaram & Lady Shantabai Patkar College, Goregaon.
- 3) Jai Hind College, Churchgate.
- 4) Ramniranjan Jhunjhunwala College, Ghatkopar.
- 5) D.G. Ruparel College, Matunga.
- 6) Maharashtra College of Arts & Science, Byculla.
- 7) Khalsa College, Matunga.
- 8) Maharshi Dayanand College, Parel.
- 9) Hazarimal Somani College of Arts & Science, Chowpatty.
- 10) Seth L.U. Jhaveri College of Arts & Sir M.V. College of Science, Andheri.
- 11) Siddharth College of Arts & Science, Fort.
- 12) S.I.E.S. College, Sion.
- 13) Mithibai College of Arts & Chauhan Institute of Science, Vile Parle.
- 14) M.M. College of Arts & N.M. Institute of Science, Andheri.

The office received a letter bearing No. NGC 3580/5346/XXV, dated 16th May, 1980 from the Under Secretary to Government, Education & Employment Department communicating to the University approval of the State Government under Section 43 (4 and 5) of the Bombay University Act, 1974 for further processing their applications. The permission has been granted subject to the following conditions :-

- i) The College will have two divisions each of 100 students.
- ii) The College must have minimum enrolment of 40 students in each Faculty in which it has been permitted to impart instruction for the First Year of the degree course.
- iii) Not less than 30 students should appear for the University examinations held at the end of the academic year 1980-81.

At the Executive Council's meeting held on 24th May, 1980 the Vice-Chancellor informed the Council of the receipt of the abovementioned letter and its contents.

--: 2 :-

The Executive Council resolved that the Vice-Chancellor be authorised to appoint a committee to make local inquiries and reports on the applications of the abovementioned colleges. The Council further resolved that in view of the fact that permission from the Government to process the applications of colleges is received late, pending visits of the local inquiry committee, the colleges be permitted to go ahead in making preparations for starting the course and admitting students to the First Year B.Com. class from June, 1980, subject to their giving an undertaking in writing :-

- 1) that they will not admit students in more than two divisions each of 100 students,
- 2) that they will incur expenditure on purchase of books and journals as may be recommended by the local inquiry committee,
- 3) that they will appoint necessary staff for teaching First Year B.Com. course as may be recommended by the local inquiry committee,
- 4) that the opening of the Commerce Faculty will not adversely affect the admissions of students of the College in Arts and Science Faculties.

I am writing this to inform you that the Vice-Chancellor has appointed you as members of a committee to make local inquiries and reports on the applications of the abovementioned colleges. I am accordingly to request you kindly to form yourselves into a committee and to do the needful.

I am sending herewith a copy each of the applications of the abovementioned colleges. The following other papers are also enclosed for information.

- 1) Provisions of Section 43 of the Bombay University Act, 1974 relating to affiliation of colleges.
- 2) A copy of the second report of the committee that was appointed by the Vice-Chancellor to scrutinize-

- i) The applications received from 16 societies for affiliation of colleges of Arts and Commerce/Commerce/Arts, Science and Commerce/Law, proposed to be started by them at the respective places, from the academic year 1980-81; and
- ii) The applications received from the colleges for addition of Commerce/Science faculties i.e. for extension of affiliation for teaching B.Com./B.Sc. degree courses from 1980-81

and to make recommendations to the Council as to (a) the names of Societies whose applications for affiliation of new colleges from the academic year 1980-81 be considered and (b) the names of colleges whose applications for addition of Commerce/Science faculty be considered.

....3.

-: 3 :-

I shall be obliged if you kindly fix early dates and timings for your Committee's visits to the abovementioned 14 colleges and let me know the same to enable me to inform the Principals of the respective colleges.

Yours faithfully,

G. Rajan

The Principal,
S.I.E.S. College of Arts,
Science & Commerce,
Sion (W),
Mumbai - 400 022.

URGENT / BY HAND

Aff./Recog./ 278/pf 2000.

Mumbai : 400 032.

9th June 2000.

Sub : Permission to start the newly introduced
Bachelor of Mass Media (BMM) degree course
from the academic year 2000-2001.

Sir/Madam,

With reference to your letter/application on the
subject mentioned above I am directed to inform you that you
have been granted the permission to start the BMM degree
course permanently on No Grant Basis with intake of 60
students from the academic year 2000-2001.

I am further to inform you that the Government of
Maharashtra vide its letter No.MU-1000/New
Course/(144/99)/M.S.-3 dated 5th June, 2000 has also accorded
its approval for starting the above course. However, the
Government, while according its approval, stated that it
should be made clear to the colleges that this course can be
started on No Grant Basis and that the Government will not
sanction any grant either for starting the BMM course or in
future. Kindly take a note of this.

I am directed to inform you that you can admit the
students for this course directly by following your own
selection procedure which may contain written examination,
group discussion and personal interview etc.

I am enclosing herewith a copy of Circular No.UG.15
dated 10th January 2000 and also a copy of detailed syllabus
of the BMM course for your information and taking necessary
action. The implementation of the Circular No. UG 15 dated
10th January, 2000 should be made in its entirety. You are
requested to submit your proposal for starting the B.M.M.
course for being forwarded to the Jt. Director, Higher
Education, Mumbai Division in the prescribed Form as already
intimated to you earlier.

Thanking you,

Yours faithfully,

[Signature]

Sir,

This has reference to your letter No. 849 dated 23rd March 2004 requesting permission to start M.Sc. degree course in Information & Technology from the academic year 2004-2005.

In this connection, I am directed to inform you that your request to start M.Sc. degree course in Information and Technology from the academic year 2004-2005, has been granted subject to the satisfactory report of Local Inquiry Committee appointed by the University and on the following conditions.

- i) You will admit maximum 20 students to the above course as per the provisions laid down in the syllabus prescribed by the University by following the reservation policy of the State Government.
- ii) You will charge the fee for the course as prescribed by the University and University share of tuition fee will be remitted to the University regularly.
- iii) Report of the Local Inquiry Committee will be binding on your college and conditions, if any laid down therein will be required to fulfill by the college.
- iv) The permission is granted on permanently non-aided basis.
- v) Rules, regulation and directions of the University issued from time to time by the University will be followed by your College.

Kindly let me have your undertaking to the effect that the college agrees to the above condition.

Yours faithfully,

Registrar

M.Sc. Chemistry, Biochemistry, Physics & Microbiology increase in seats

= 2 =

Org. Chem.
Inorg. Chem.

The increase in seats sought by the College from 5 to 10 each in the branches of Organic Chemistry and Inorganic Chemistry from 1994-95 is recommended subject to the conditions laid down below from the academic year 1994-95 onwards.

- The proposed coupling of the preparation lab. (area 135 sq.ft.) with the adjoining laboratory (180 sq.ft.) and designing a laboratory with an area of 315 sq.ft. be implemented, as discussed with the L.I.C. members.
- That the proportionate increase in expenditure on Chemicals Solvents arising from the increase in number of students would be met and that duplication of certain instruments if needed would be done.
- Fire extinguisher be provided in the laboratory earmarked for post-graduate practicals.

Books : The following books be procured.

- Advanced Organic Chemistry Parts A & B by Carey & Sundberg.
- Reagents in Organic Synthesis by Fieser and Feiser (complete series).
- Analytical Chemistry collection needed for M.Sc. Part-I be strengthened (vide syllabus)

(d) That a L.I.C. appointed by the University should review the situation in 1995-96. ...2/

Bio-Chemistry

✓ Considering the adequate laboratory space number of recognised teachers and other facilities we recommend that the college be permitted to enrol 10 students for M.Sc. Part-I Biochemistry course from this year. The situation should be reviewed in 1995-96.

physics

✓ The Committee recommends that the college should be allowed to have 10 students at Part-I this year and to have 10 students at Part-II in the subsequent year and continue the same thereafter.

M.Sc. Chemistry, Biochemistry, Physics & Microbiology increase in seats

= 2 =

Microbiology

The college be permitted to enrol 10 (Ten) students (five existing and five additional seats) for the M.Sc. degree course in Microbiology (by papers) for a period of one year subject to the fulfilment of the following conditions :-

- That the college undertakes to provide for proportionate increase in the recurring expenditure for the purchase of chemicals, reagents & glassware in view of the increase in number of students.
- That the college equipped the library with all the text books & reference books prescribed in the M.Sc. part-I and part-II syllabus & adds revised & latest editions of text books from time to time.
- That the college subscribes to at least three of the journals enlisted in 3(c) for the academic year 1994-95.
- That the college gets more number of teachers recognised for the teaching of M.Sc. degree course in Microbiology (by papers).

Sion (West),
Mumbai- 400 022.

Madam,

This has reference to your letter No. 722 (a) dated 31st March, 2005, requesting permission to start M.Sc. degree course in Zoology by papers from the academic year 2005-2006.

In this connection I am directed to inform you that on the Recommendation of the Board of University Teaching and Research in the faculty of Science (vide item no.6 / 24th February, 2006) the Academic Council at its meeting held on 12th May, 2006 vide item No.8.2 accepted the report of the Local Inquiry Committee appointed for the purpose and in accordance therewith S.I.E.S. College, Mumbai, has been granted extension of affiliation to enroll 10 students for M.Sc. degree by papers in the subject of Zoology with specializations in Animal Physiology and Oceanography, Fishery Science and Aquaculture as the optional papers (5 seats in each of the specializations) from the academic year 2006-2007 subject to the fulfillment of the following conditions :-

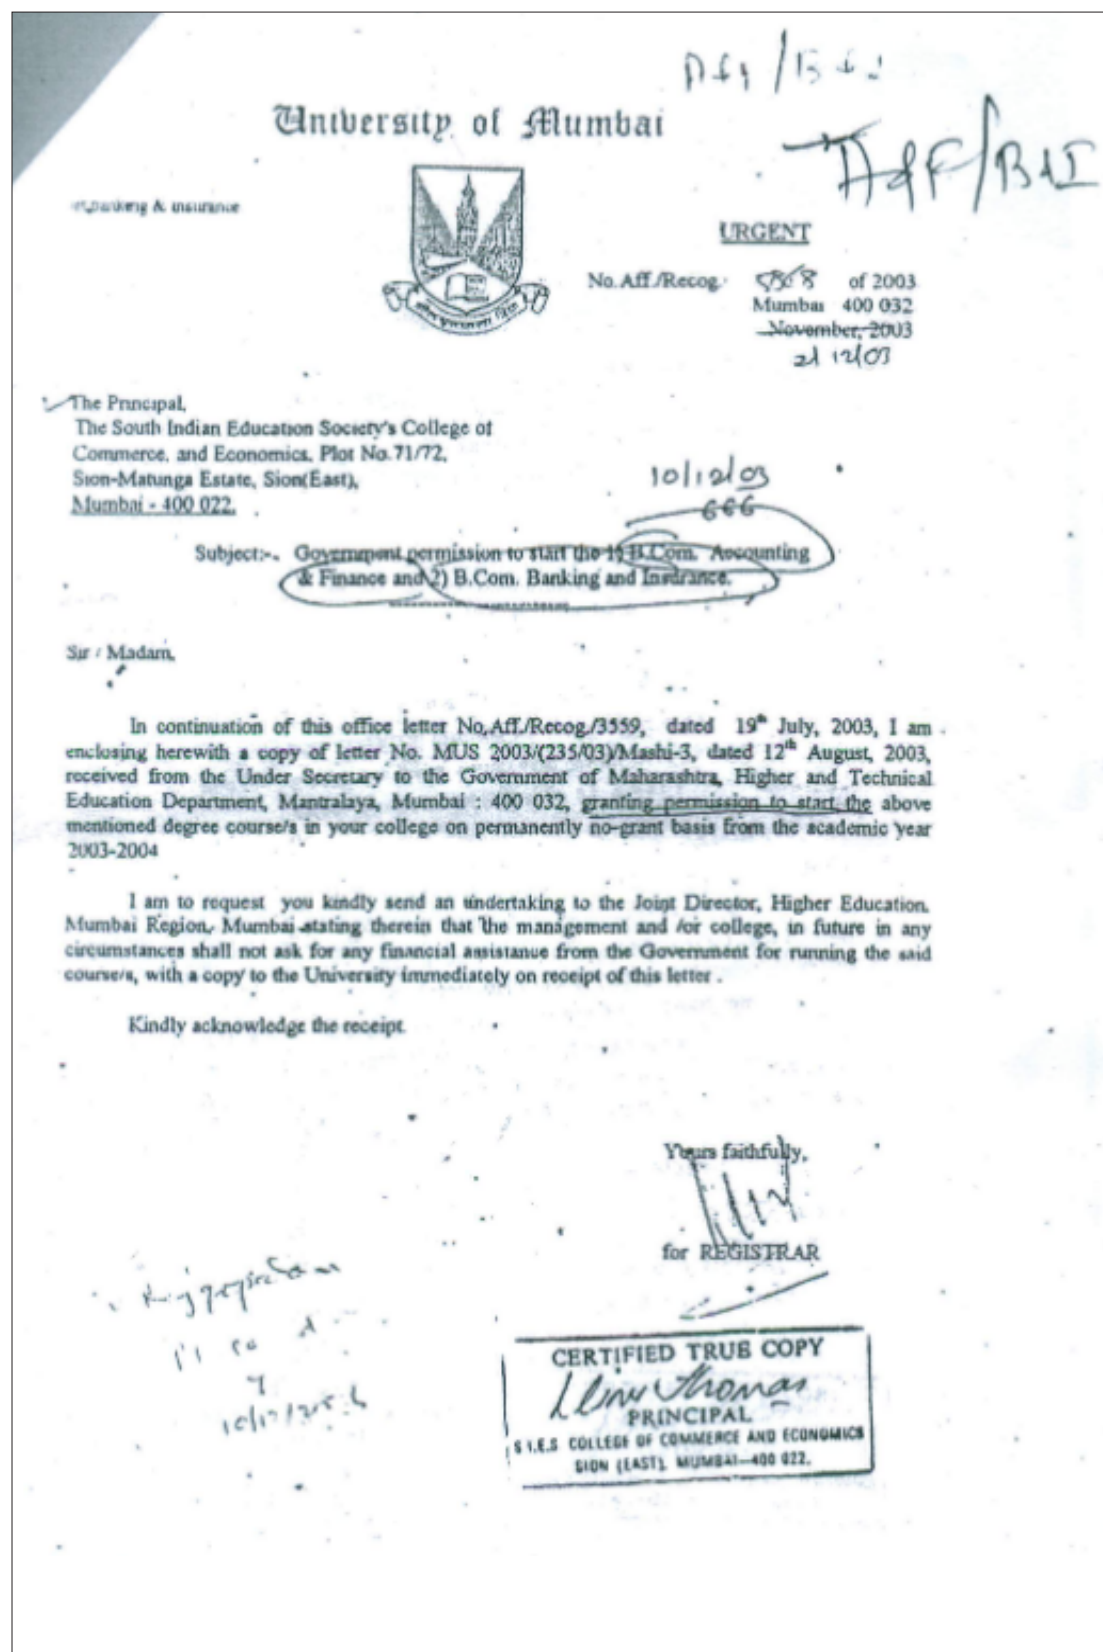

1. That the College should spend an amount of at least Rs.25,000/- initially to upkeep the laboratory requirements for conduction of M.Sc. practicals.
2. That the reference books as per recommendation in the syllabus should be purchased in the Library.
3. That the effort should be taken to see that at least 4 teachers of the Department are recognized as Post-graduate teachers.

Yours faithfully,

Subject : Extension of affiliation of the college
for teaching B.M.S. degree course for
the academic year 1999-2000

Sir,

As required under Clauses (a) & (c) of Section 83 (4) of the Maharashtra Universities Act, 1994, I am to inform you that the Academic Council at its meeting held on 12th October, 2000 (*vide* item No.3.9) considered the report of the committee appointed by the Vice-Chancellor in exercise of the powers conferred on him under Section 14(7) of the Maharashtra Universities Act, 1994 and has resolved that the report of the committee be approved. In accordance therewith, the request made by the college authorities for extension of affiliation to teach the E.Y.B.M.S. class leading to the B.M.S.(Bachelor of Management Studies) degree course has been granted for a period of one year i.e. academic year 1999-2000, subject to the fulfilment of the following conditions:-

That the college give an undertaking in writing -

1. that the college shall provide a more spacious class room for the B.M.S. students.
2. that the college shall continue to strengthen the library facilities by spending the total fees collected for the purpose.
3. that the college shall schedule the timetable so as to provide one free day (holiday) for the students.

I am enclosing herewith a copy of the report of the local inquiry committee (Appendix 'A') for your information and necessary action.

Sub: Extension of affiliation for the teaching of the course/
faculty of B.Com.(Financial Markets) from the academic
year 2009-2010.

Sir/Madam,

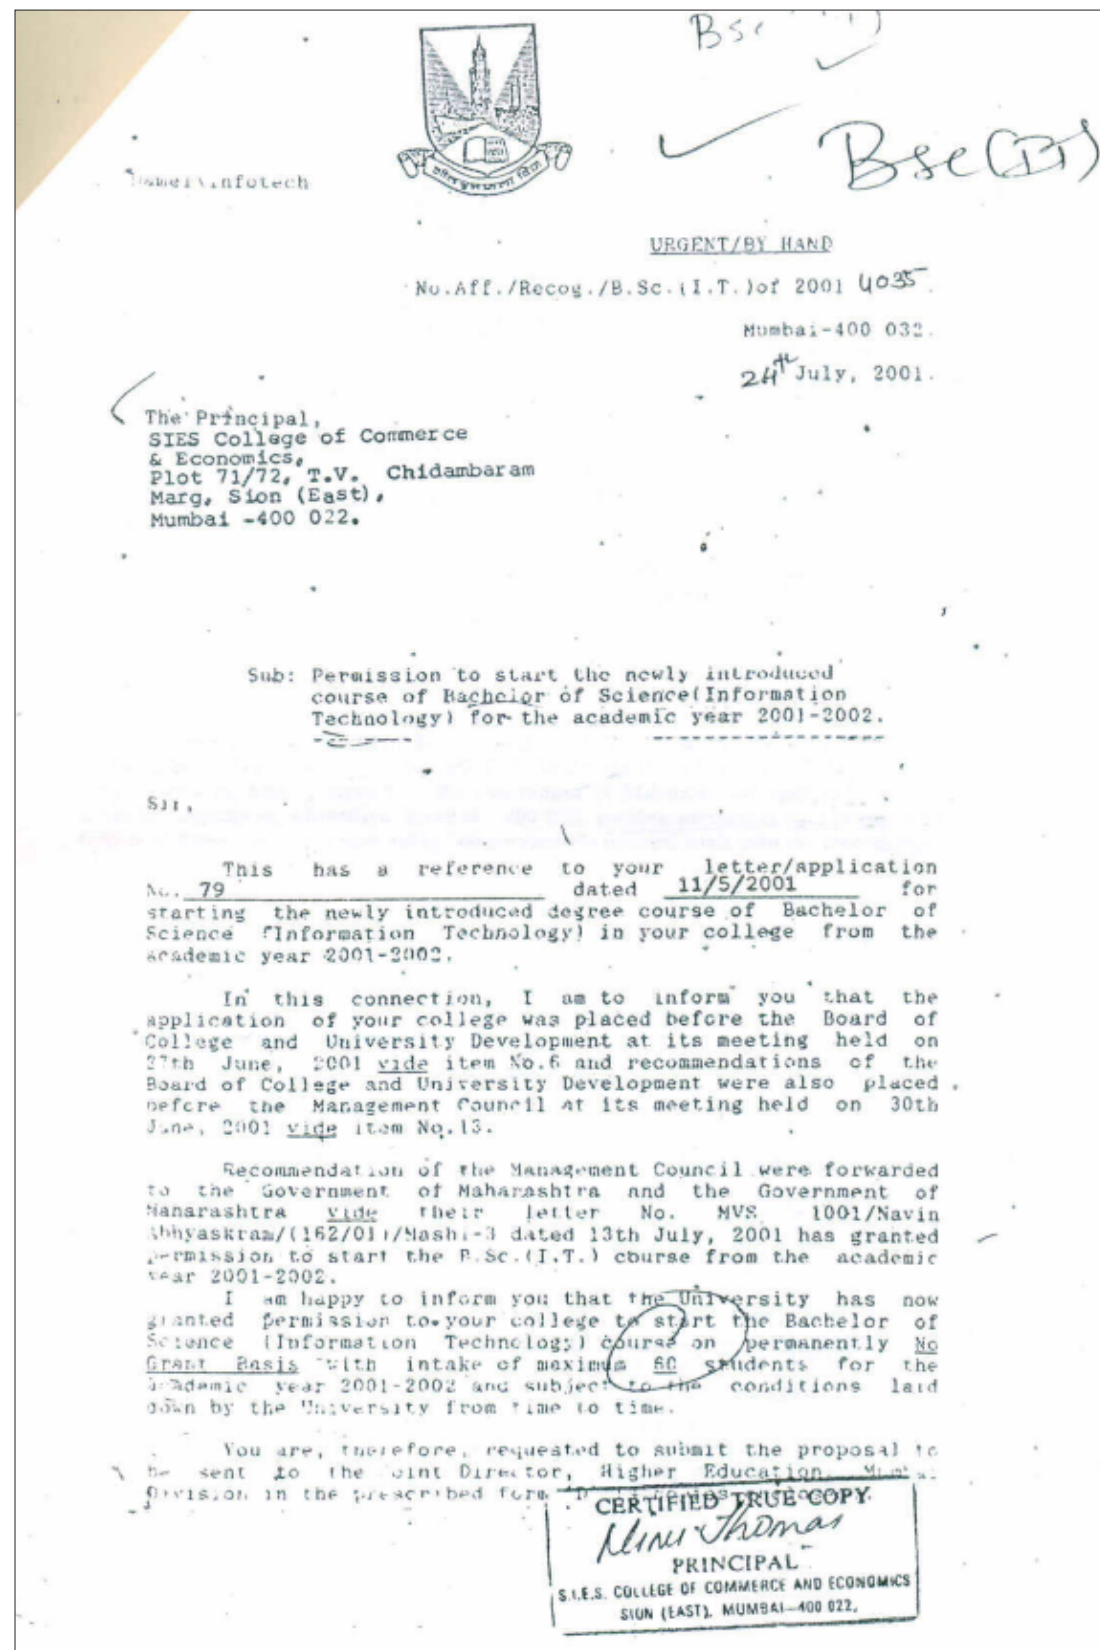

This has reference to your application for extension of affiliation for the academic year 2009-2010, requesting to grant affiliation for course / faculty B.Com.(Financial Markets) degree examination.

In this connection, I am to inform you that the Govt. of Maharashtra Higher and Technical Education, Mantralaya Annex, Mumbai - 400 032 *vide* his order No.एनजीसी-२००९/(१६९/०९)/मशि-४, dated 11th July, 2009 has communicated the permission to start the above said course/faculty from the academic year 2009-2010 on permanently no-grant basis.

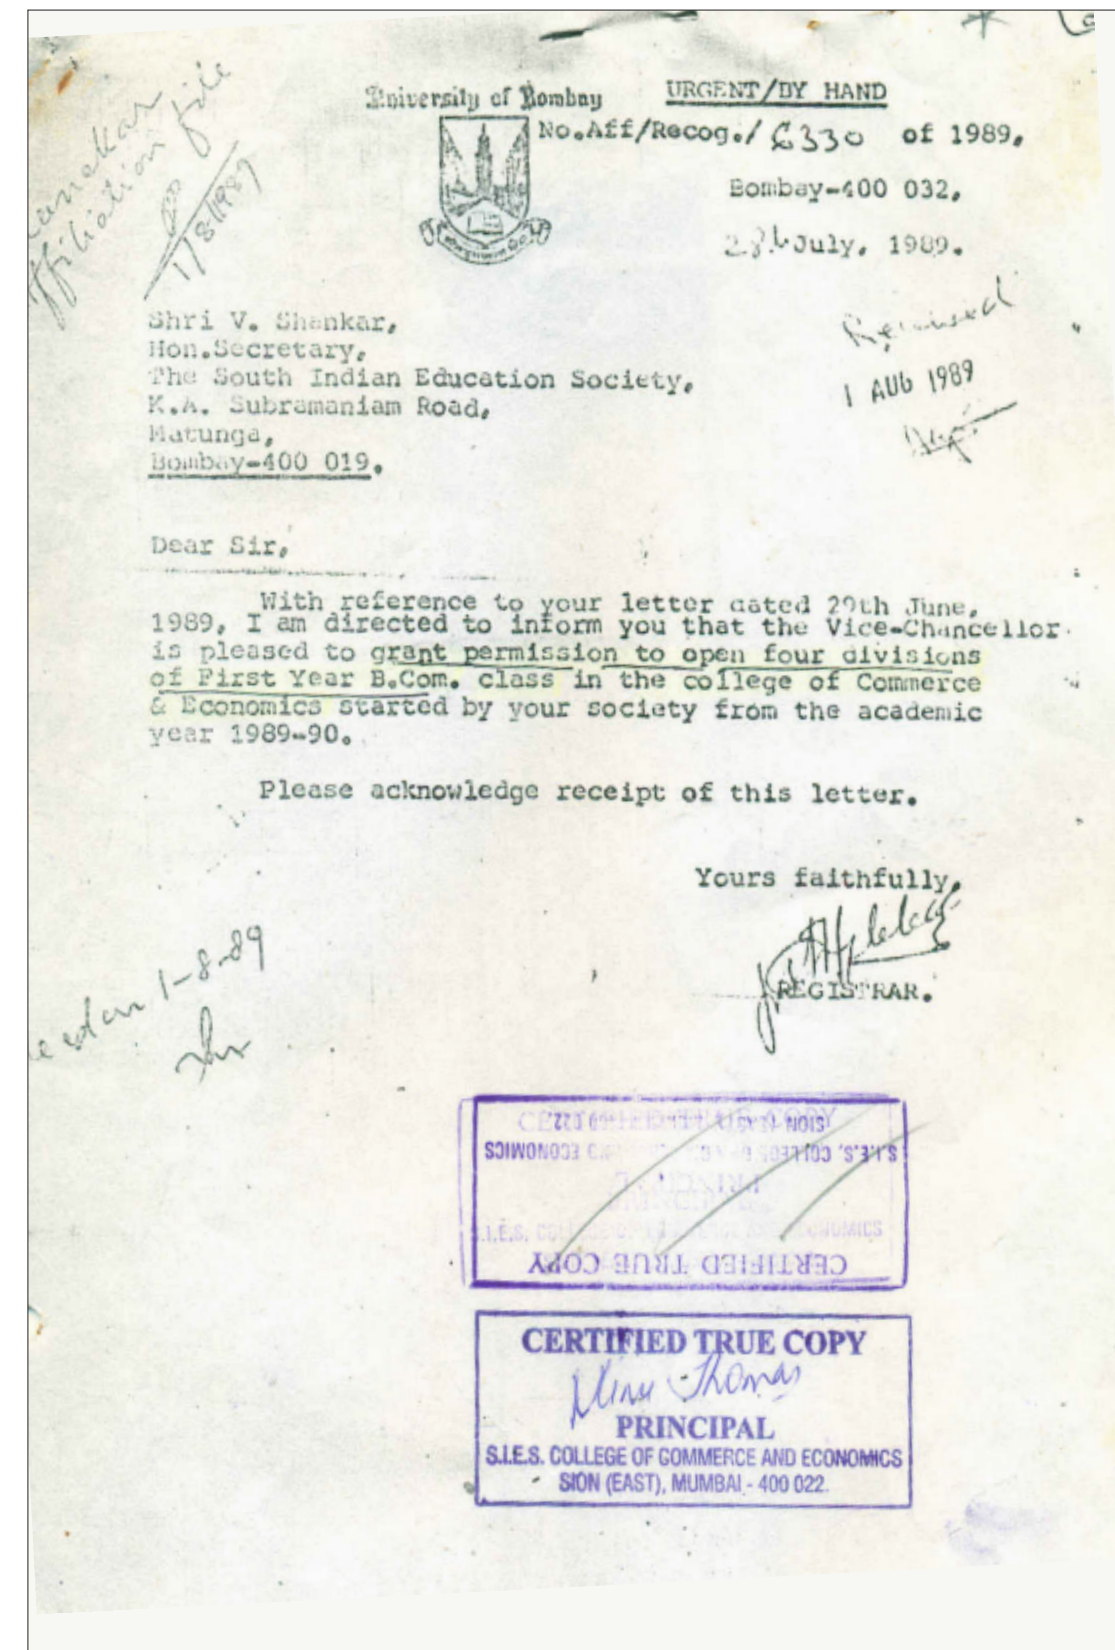

I am therefore directed to inform you that you have been permitted to start degree course/faculty of B.Com. (Financial Markets) with intake of 60 students from the academic year 2009-2010 on permanently no-grant basis on the conditions mentioned below by the Government and University from time to time.

- १) विद्यापीठाने विहित केलेल्या निकषानुसार व विद्यापीठ अनुदान आयोगाने विहित केलेल्या शैक्षणिक पात्रतेनुसार महाविद्यालयांनी, अध्यापक वर्ग/कर्मचारी वर्ग नेमणे अनिवार्य असून इतर सर्व आवश्यक पायाभूत सोयी उपलब्ध कराव्यात व त्याची खात्री विभागीय सहसंचालकांनी 30 ऑगस्ट पर्यंत करावी व तद्नंतरच उपरोक्त अट कमांक २ मधील प्रमाणपत्र विद्यापीठास द्यावे.
- २) महाविद्यालयांने कोणत्याही परिस्थितीत मंजूर प्रवेश क्षमतेपेक्षा जास्त प्रवेश देऊ नयेत.
- ३) नवीन विद्याशाखा मंजूर करण्यात आलेल्या महाविद्यालयांनी सन २००९-२०१० व २०१०-२०११ मध्ये NAAC अॅकीडिणेशन प्राप्त करून घ्यावे व ते या कालावधीत न मिळविल्यास सदर नवीन विद्याशाखा मान्यता आपोआप रद्द होईल.
- ४) महाराष्ट्र विद्यापीठ कायदा १९९४ मधील कलम ८२ (५) व ८३ (५) नुसार ही मान्यता शैक्षणिक वर्ष २००९-२०१० पासून देण्यात येत आहे. ही मान्यता फक्त शैक्षणिक वर्ष २००९-२०१० पर्यंत मर्यादीत राहील. यावर्षी नवीन तुकडी सुरू न केल्यास ही मान्यता आपोआप रद्द होईल.

Sir,

This has reference to your proposal dated 27th August, 2012, for Extension of Recognition to enroll the students for **Ph.D. (Commerce)** degree in the subject of **Commerce (Business Policy & Administration)** from the year 2013-14.

In this connection, I write to inform you that the report of the Local Inquiry Committee for Extension of Recognition to enroll students for the **Ph.D. (Commerce)** degree in the subject of **Commerce (Business Policy & Administration)** placed before Board of University Teaching and Research (B.U.T.R.) in the Faculty of Commerce at its meeting held on 3rd June, 2014 vide item No. 12, when it was resolved as under:-

“Resolved that the report of the Local Inquiry Committee be accepted and that in accordance therewith, it be recommended to the Academic Council that, **South Indian Education Society's (S.I.E.S.), SIES College of Commerce and Economics, Plot No. 71/72, Sion Matunga Estate, T.V. Chiddambaran Marg, Sion (E), Mumbai - 400 022, be granted for Extension of Recognition to enroll 8 students for the Ph.D. (Commerce) degree in the subject of Commerce for a period of five (05) years from the academic year 2013-14, subject to condition that the college authorities gives an undertaking in writing that they will fulfill the following conditions to the satisfaction to the Academic Council:-**

- Additional expenditure on Equipment, Laboratory Space, Journals, Safety measures etc. be provided by the college as and when necessary.
- Admission of students be made as per the criteria laid down in the Vice Chancellor's Directives, issued by the University.
- The facility at the Research Centre shall be made available other students of the University.
- The recognized teachers of the Centre shall contribute to Postgraduate teaching programs of the University and make their services available for the conduct of University examination whenever required.
- The college should pay affiliation fees to the university for continuation of affiliation, during the period.
- The Institute shall make yearly report on the work done to the University, for the information of BUTR.

The above recommendations have been accepted by the Academic Council at its meeting held on 7th June, 2014 vide item No 6.5.

In pursuance to the above resolution of the Board of University Teaching and Research (B.U.T.R.), I am to inform you that **South Indian Education Society's (S.I.E.S.), SIES College of Commerce and Economics, Plot No. 71/72, Sion Matunga Estate, T.V. Chiddambaran Marg, Sion (E), Mumbai - 400 022, has been granted permission for Extension of Recognition (New) to**

Sub:- Conferment of Autonomous Status to SIES (Nerul) College of Arts Science and Commerce, Sir Chandrasekarendra Saraswaty Vidyapuram, Nerul, Navi Mumbai-400 706 Maharashtra affiliated to University of Mumbai, Mumbai

Sir/Madam,

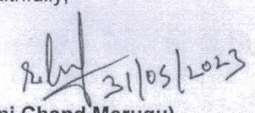

This has reference to the proposal submitted by SIES (Nerul) College of Arts Science and Commerce, Sir Chandrasekarendra Saraswaty Vidyapuram, Nerul, Navi Mumbai-400 706 Maharashtra affiliated to University of Mumbai, Mumbai for conferment of autonomous status.

The Commission at its meeting held on 26.05.2023 has approved the recommendation of the Standing Committee on Autonomous Colleges to confer the autonomous status to **SIES (Nerul) College of Arts Science and Commerce, Sir Chandrasekarendra Saraswaty Vidyapuram, Nerul, Navi Mumbai-400 706 Maharashtra affiliated to University of Mumbai, Mumbai** for a period of 10 years from the academic year 2023-2024 to 2032-2033 as per clause 7.5 of the UGC (Conferment of Autonomous Status Upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023.

The University, is therefore, requested to issue necessary notification within 30 days regarding the grant of autonomous status to the College as per UGC (Conferment of Autonomous Status Upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023.

The autonomous college is required to abide by all the provisions of the UGC Regulations for Autonomous Colleges. The Regulations are available on the UGC website, www.ugc.gov.in. Non compliance of the requirements and conditions prescribed in the said Regulations shall attract action as per Clause -13 of the UGC (Conferment of Autonomous Status Upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023. The college should apply to University Grants Commission for extension of autonomous status atleast three months before the completion of autonomy period.

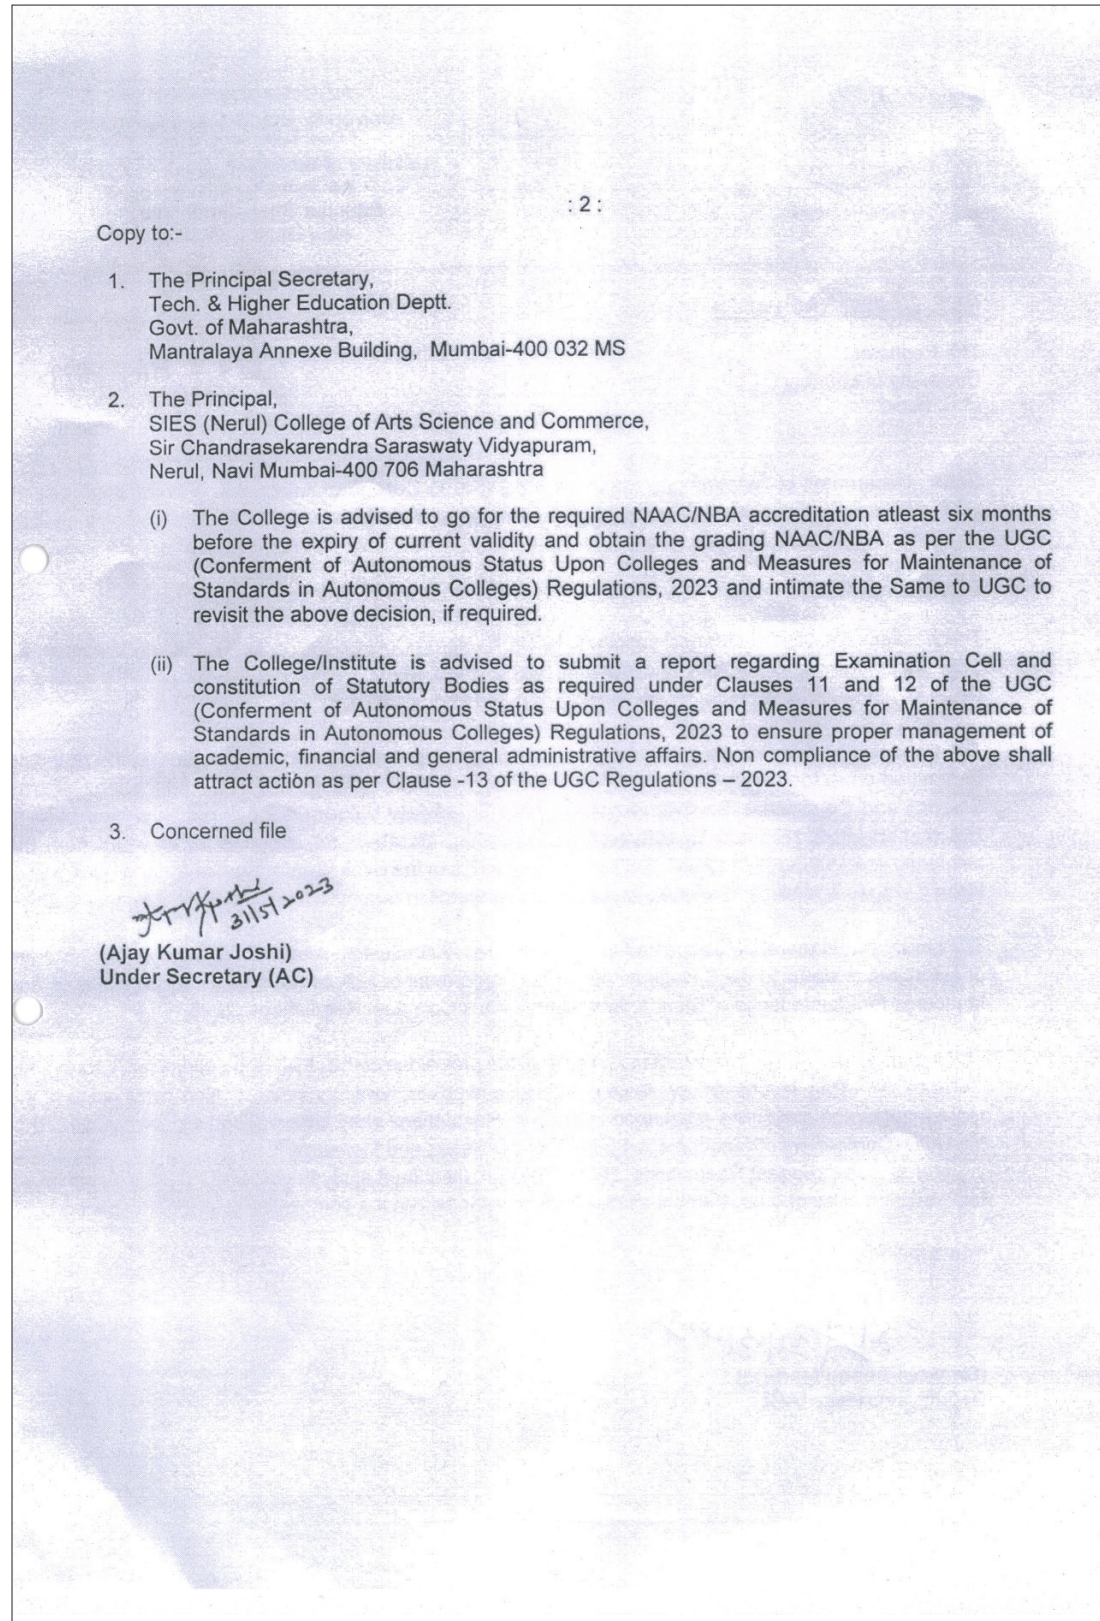

Yours faithfully,

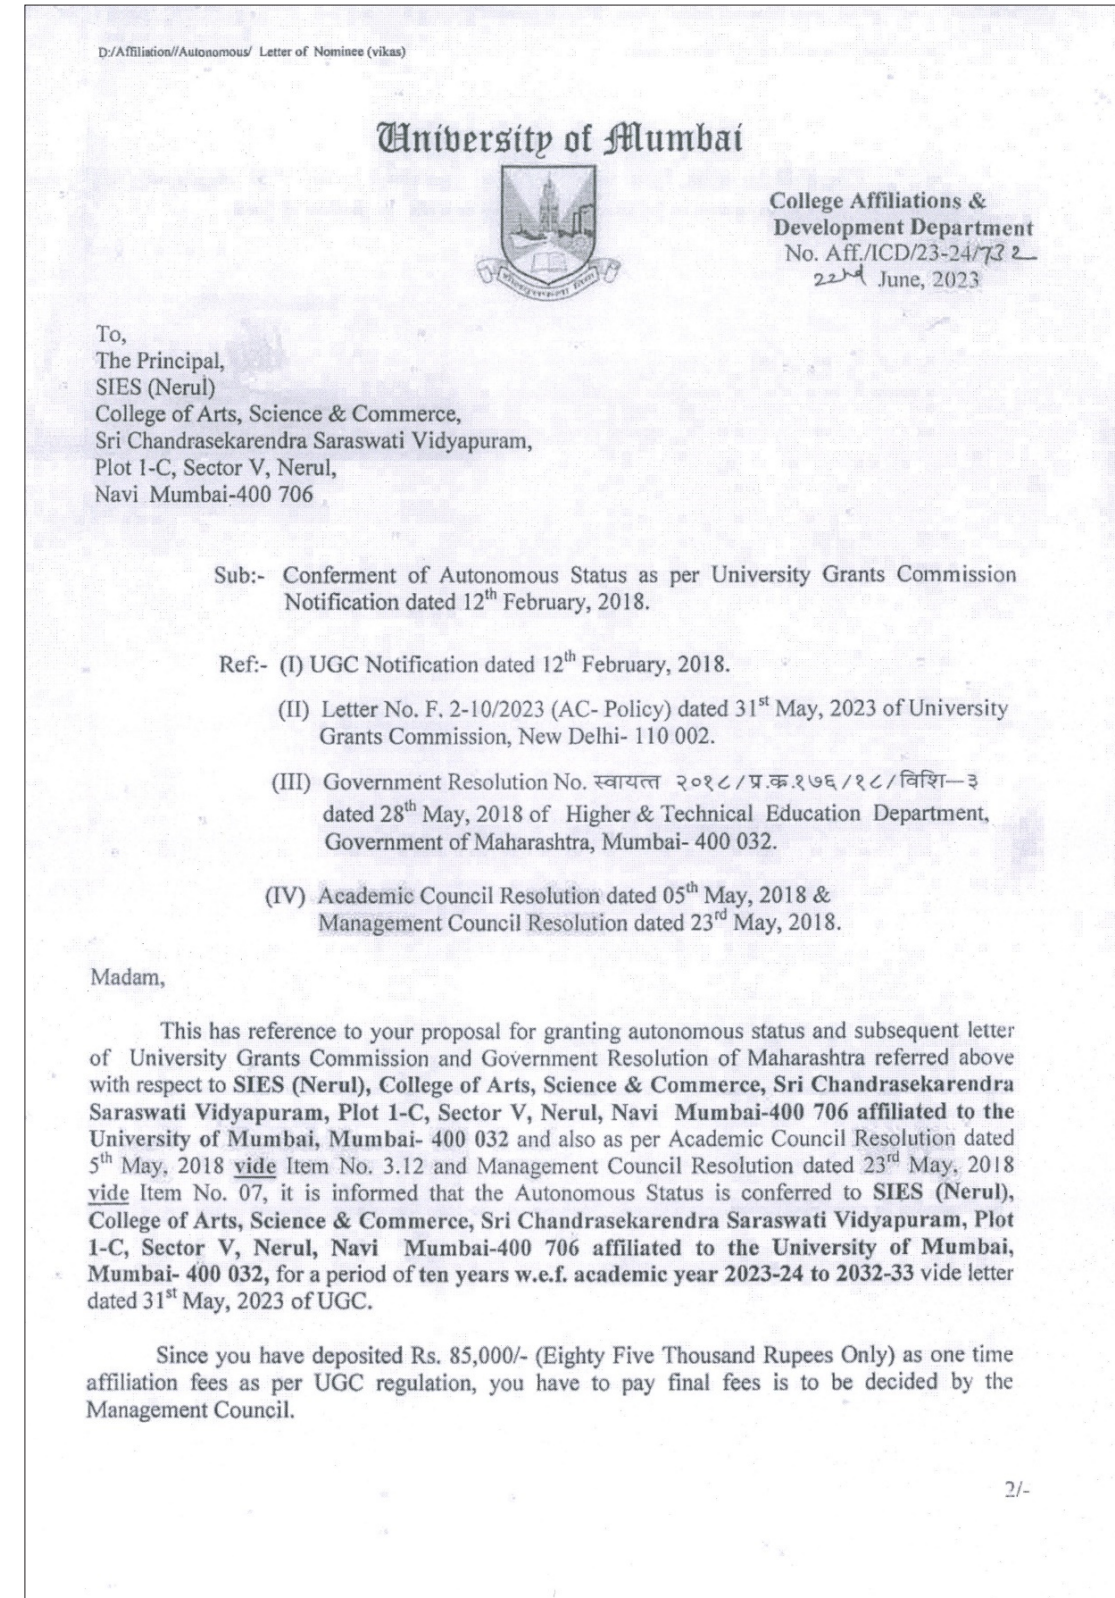

(Dr. Gopi Chand Merugu)
Deputy Secretary (AC)

1. Faculty Deficiency	Yes
-----------------------	-----

*Please refer Deficiency Report for details

Important Instructions

1. The State Government/ UT/ Directorate of Technical Education/ Directorate of Medical Education shall ensure that 10% of reservation for Economically Weaker Section (EWS) as per the reservation policy for admission, operational from the Academic year 2019-20 is implemented without affecting the reservation percentages of SC/ ST/ OBC (NCLY) General. However, this would not be applicable in the case of Minority Institutions referred to the Clause (1) of Article 30 of Constitution of India. Such Institution shall be permitted to increase in annual permitted strength over a maximum period of two years.
2. The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total intake and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the Approval Process Handbook 2022-23 for the Total Approved Intake. Further, the Institutions Deemed to be Universities/ Institutions having Accreditation/ Autonomy status shall have to maintain the Faculty: Student ratio as specified in the Approval Process Handbook. All such Institutions/ Universities shall have to create the necessary Faculty, Infrastructure and other facilities WITHIN 2 YEARS to fulfil the norms based on the Affidavit submitted to AICTE beginning with the Academic Year 2022-23.
3. Strict compliance of Anti-Ragging Regulation, Establishment of Committee for SC/ ST, Establishment of Internal Complaint Committee (ICC), Establishment of Online Grievance Redressal Mechanism, Barrier Free Built Environment for disabled and elderly persons, Fire and Safety Certificate should be maintained as Approval Process Handbook and provisions made in AICTE Regulation notified from time to time.
4. In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by the Executive Council / General Council as available on the record of AICTE shall be final and binding.

Pharmacy Institute: In compliance with the order dated 05.03.2020 passed by the Hon'ble Supreme Court of India in Transferred Petitions (CIVIL) No 87-101 of 2014, for the existing Institutions offering courses in Pharmacy Programme, approval of Pharmacy Council of India (PCI) is mandatory and AICTE approval is NOT required. The requirements for running the Programme (Diploma / UG / PG) such as Land & Build-up Area, Student-faculty ratio, Intake etc. will be as per the respective regulatory body (PCI). In case of any inconsistency in the course name and Intake for EoA issued by AICTE and the approval by PCI, the approval of PCI shall prevail.

Architecture Institute: In compliance with the order dated 08.11.2019 passed by the Hon'ble Supreme Court of India in CA No.364/ 2005, for the existing Institutions offering Courses in Architecture Programme, approval by the Council of Architecture (CoA) is mandatory and AICTE approval is NOT required. The requirements for running the Programme (Diploma / UG / PG) such as Land & Build-up Area, Student-faculty ratio, Intake etc. will be as per respective regulatory body (CoA). In case of any inconsistency in the course name and Intake for EoA issued by AICTE and the approval by CoA, the approval of CoA shall prevail.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to have AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017 passed in CA No.17869- 17870 /2017.

Given on this the 24th day of August 2023.

Dr. V. Shankar
President

APPLICATION

To Government of Maharashtra to continue Aid for SIES College of Arts, Science & Commerce (Empowered Autonomy) and SIES College of Commerce & Economics (Autonomous) in respects of few courses run by them.

June 24, 2023

Shri. Vikas Chandra Rastogi
Principal Secretary
Directorate of Higher Education,
Government of Maharashtra
411, Fourth Floor, Mantralaya Annex,
Madam Cama Road,
Nariman Point, Mumbai – 400032
Phone : 022-22025301, 22885845
email : psec.higheredu@maharashtra.gov.in

Dear Shri. Vikas Chandra Rastogi,

Sub : NOC for continuance of Aid for grant in aid institutions which would be part of the proposed SIES University

Established in 1932, the South Indian Education Society (SIES) prides itself on its of its rich heritage. SIES is one of the oldest educational societies in Maharashtra and is known for its rich tradition of imparting education while inculcating the essence of culture in its pupils. The society, since then has successfully expanded its reach by establishing various institutions that have striven to achieve academic excellence. In the journey to achieve individual milestones and collective growth, SIES started with six ardent learners and today the SIES family has evolved with various educational institutions and is blessed with about 30,000 students under its wing. Several of its Alumni are 'Makers and Shakers' in their respective fields of specialisation.

The Society is applying to the University Grants Commission for setting up the SIES Deemed to be University under the University Grants Commission (Institutions deemed to be Universities) Regulations 2023. It is required to upload alongwith various other documents on the web portal of UGC, in the case of institutions that are fully or partially funded by the State Government. A letter of commitment from the State Government to continue financial support to the institution even after the declaration of the institution as Deemed to be University.

The SIES College of Arts, Science & Commerce (Autonomous), Sion (West) and SIES College of Commerce & Economics (Autonomous), Sion (East) are currently aided by the State Government and are affiliated to the University of Mumbai. Both these institutions are partially aided and they run several self financing graduate and post graduate programmes under affiliation. The summary of the teaching and non-teaching staffs of these institutions covered by the salary grant as on roll now is as below :

THE SOUTH INDIAN EDUCATION SOCIETY
SIES Chowk, K. A. Subramaniam Road, Matunga, Mumbai-400 019.
Tel: 2401 0051 / 2404 4242 • Fax :2404 3232
E-mail: society@sies.edu.in • www.siesedu.net

WE BELIEVE...

...One of the marks of a good society is its attitude to teaching and research; Its ability not merely to hand on accumulated knowledge and practical skills, but to question the conventional wisdoms. Education is ultimately about the search for truth and excellence and the business of a society is to pursue that search in its teaching and research.

We must ensure that our graduates in the humanities go out into government and industry with an understanding of the role of science and technology in the scheme of things. And we must ensure that our graduates in the sciences and the technologies go out into the world with an understanding of the power structures of society and the humanising influences of the arts.
