

### **2.3.2 TEACHERS USE OF ICT ENABLED TOOLS INCLUDING ONLINE RESOURCES FOR EFFECTIVE TEACHING AND LEARNING**

During the academic year 2020-21, the teaching – learning process was completely online and hence, the teachers made optimum use of ICT tools, techniques and online resources. Lectures and practicals were conducted through MS Teams. Occasionally, Zoom and Google Meet were also used for the same. ICT tools like laptops, desktops, mobile, writing tablets were used to a great extent for online teaching. A few teachers also used LCD, CD, DVD, etc. Further, the extensive use of ICT tools and techniques like Google docs, Google sheets and powerpoint presentations helped to develop collaborative teaching – learning approaches. Use of Paint 3D, graphic tablet, Padlet, CHEMDRAW, Linux, Raspbian desktop, Keil, Xampp server, Bootstrap, Geogebra graphic, Calculator, Scorative, Google Jamboard was also reported. Google classrooms, google drives, MS Teams classrooms and one drive were used primarily to share the study materials and reference materials with the students and also for assignment submissions. To make the teaching – learning process more interesting, interactive and engaging, the teachers made use of some special ICT tools like Mentimeter, Quizizz, Kahoot, etc. As far as the use of e-resources and techniques were concerned, teachers used You-tube videos, online portals, e-library, Vriddhi digital library, INFLIBNET, Shodhganga, Blogs, National Digital Library, NCBI, NPTEL. Many of the science departments made use of virtual laboratories to make the practicals interesting and interactive. To develop interest amongst students about research and to make them aware about the process of reviewing, writing and publishing the research papers, the teachers made extensive use of Google Scholar, Pubmed, Research Gate, Science Direct, etc. Management purchased the ERP called JUNO which was effectively used for conduction of online exams in a centralized manner. Some of the exams were also conducted online with the help of Google Forms or MS Forms.

Following is the list of ICT tools and resources. Please check the boxes next to the tools and resources you used for teaching during academic year 2020-21 (till July 2021)
