

Use of ICT Tools and E-resources 2023-24

(2.3.2 Usage of ICT-enabled tools and online resources in 2023-24)

During the academic year 2023-24, the use of ICT-enabled tools and E-resources effectively enhanced the teaching-learning experience. Most of the teachers used ICT tools and techniques. They used laptops, desktops, tablets, pen drives, and smartphones, to prepare, display, and share the learning materials. MS Teams and Google Classrooms were used as learning management systems to share reading materials, conduct online quizzes and upload assignments. As a part of the internal assessment, some students conducted mid-semester class tests using MS Forms and Google Forms. MS Teams and Google Meet were also used for conducting online extra lectures. Teaching learning apps like One Note, Mentimeter, Quizziz, Openboard, Kahoot helped to check the students understanding about the subject matter. Topic related You Tube videos and E-resources like UGC Pathshala, NCBL, e-library, National digital Library, Shodhaganga were used for effective understanding of the subject matter. A survey was conducted to learn about the usage of ICT-enabled tools and online resource by teachers during 2023-24. It was found that most of the teachers used the following tools:
