Subject: IWSA-SIES INTERNSHIP PROGRAM January 2023

Dear Dr Menon,

We appreciate your interest and efforts in bringing students of SIES for an internship program with IWSA. The NGO exposure in addition to the ratio of mentee : mentor learning experience has proven immense value in addition to the growth of the scientific temperament of the students. Our knowledge bank of accomplished experts from various fields of physical, social and natural sciences, soft skills, architecture, landscaping, pedagogy and others has been rendering honorary services for society but our organization requires the due to support the various activities from philanthropic and donations sources.

This is to certify that 30 undergraduate students from your college have successfully completed their project work during the period January 10 to February 09, 2023. The internship projects were a part of their curriculum 'research project submissions' that were jointly assessed by IWSA mentors other than those guiding them and the college faculty. We trust you for the confidence in us and look forward to the future internship programs.

Please find attached the student & project details, evaluation sheet, for reference.

**DEPARTMENT OF BIOTECHNOLOGY**

**A. Title of the Internship:**

IWSA-SIES Internship Program for TY undergraduates

**B. Background:**

Internship Program for college students is an initiative taken up by Indian Women Scientists Association to promote Science Education. The TYBSc Biotechnology practical curriculum has a mandatory skill-based laboratory research project. We approached IWSA for collaboration with SIES to conduct a lab-based internship program with biotechnology students.

**C. Aims/Objectives:**

The main objective of the internship was to enable the students to:

1. Opportunity to interact with current and retired research scientists
2. Introduce them to Bioinformatics and Structural Biology
3. Present the internship project data in the form of e-poster
4. Organise various guest lectures.
5. Develop soft skills.

**D. Location:**

IWSA mentors interacted with the students on an online platform (MS Teams & Google meet). Students executed the internship project in the laboratory at the Department of Biotechnology, some part of it was also carried out at IWSA, Vashi.

**E. Target audience/participants with expected number:**

30 third-year undergraduate students participated in the internship programme

**F. Details of Sessions:** The session was held from 10th January -10th February 2023

The students were divided into 3 groups mentored by IWSA members:

Gr. No.	Title of Project	Students Name	IWSA Mentors

The internship also had a common project on Bioinformatics and Structural Biology mentored by **Mr. Neeraj Gaur, Lake-Water Bioinformatics, Navi Mumbai**

The session dealt with the following topics:

1. Basics of DNA replication and Primer design
2. DNA & protein sequence search
3. Introduction to protein structure and small molecules
4. Theory of Docking
5. Hands-on session at IWSA (Vashi) for basic visualization of protein, small molecule design in Pymol & ChemsSketch and molecule preparation in Autodock Vina
6. Theory and demonstration of MD simulations and analysis using open source GROMACS 2022

2.	Sagar Vihar, Vashi	Geotagging of <i>S. alba</i> , Collection of fallen fruits, Clean-up drive

#### II. Expected outcome:

The students will be introduced to the research concepts including literature survey, designing experiments, data analyses and compilation. They will have hands-on experience of laboratory techniques while performing experiments. Moreover, they will learn to present the data in the form of presentations and e-poster. Through the bioinformatics project, students will also be acquainted with database search, primer designing and docking.

#### I. Feedback:

Many skills were learnt during the course of this internship such as multitasking, communicating, presenting the data effectively, learning to deal with diversity of opinions, and dealing with deadlines.
