- A. Title of the Workshop/Activity:** National Workshop on '*Vocational and Skill based Course in instrumentation*' to provide hands-on training and develop skills in undergraduate students under the aegis of National Education Policy (NEP) (Winter School December 2023)
- B. Background:** Conventional teaching learning pedagogy especially in science class activities involves routine following of instructions by students given to them by teachers which leads to a lack of learning, development and training of laboratory skills. A student's approach is mechanical without making use of creative thought in why and how a scientific experiment is performed. Therefore, instead of having a conventional and pedagogic approach, this workshop attempts to have a creative and innovative Concept-based learning approach with an inquiry-based interdisciplinary curriculum centering on the principle that students should do science themselves. This workshop is an attempt to create awareness amongst students regarding the relevance of Unlearning with a spirit of inquiry for learning and relearning the concepts in sciences
- C. Aims/Objectives:** The workshop aims to inculcate critical thinking and analytical reasoning in students. It will also encourage students to have an interdisciplinary approach and develop problem-solving ability in students while learning the use, care and maintenance of instruments.
- D. Location:** Bioanalytical Sciences Laboratory and Biology Labs, 3rd floor, SIES College, Sion (West), Mumbai
- E. Target audience/participants with expected number: (Target group):** Undergraduate students currently pursuing B.Sc in subjects such as Biochemistry, Biological Sciences, Biotechnology, Botany, Chemistry, Environmental Science, Life Sciences, Microbiology, and Zoology. The conference commenced with a compelling keynote address delivered by Prof (Dr) Anil Aneja from the University of Delhi. Dr. Aneja's insightful words urged attendees to reconsider their understanding of disability, emphasizing the environmental factors as the disabling elements rather than individual conditions. Subsequently, plenary sessions featured esteemed speakers such as Dr. Renu Addlakha, Ms. Gayatri Gulvady, and Dr. Suchaita Tenneti, who covered crucial topics including the interconnectedness within disability discourse, inclusive employment methodologies, and the imperative need to transcend the medical model of disability. These discussions not only broadened our understanding of the challenges encountered by individuals with disabilities but also illuminated innovative approaches to address them effectively. Mr. Sandesh Bhingarde, Co-Founder of Team Vision Foundation, delivered a presentation on empowering individuals with disabilities, stressing the significance of independence and education in fostering their inclusion and self-sufficiency. Additionally, faculty members from various academic institutions in Mumbai presented papers covering diverse topics such as accessibility, education, healthcare, and social inclusion, underscoring the interdisciplinary nature of disability studies and the collaborative efforts required to address various challenges faced by individuals with

disabilities. The discussions throughout the conference revealed the barriers hindering the complete integration of people with disabilities into society. Understanding these obstacles is pivotal in collaboratively working towards dismantling them and creating a more equitable society for all. The conference culminated with a valedictory session presided over by Prof (Dr) Shivaji Sargar and Prof (Dr) Santosh Rathod, providing a platform for reflection on the key insights gleaned from the conference. Emphasis was laid on the importance of interdisciplinary approaches and collective action in advancing the rights and inclusion of people with disabilities.

OUTCOME: The conference served as a vital forum for bridging perspectives on Disability Studies, fostering deeper insights into the challenges faced by individuals with disabilities, and advocating for inclusive practices to ensure their full participation and empowerment in society.
