

**SIES COLLEGE OF ARTS, SCIENCE & COMMERCE (AUTONOMOUS)
DEPARTMENT OF BIOCHEMISTRY**

- A. Title of the Workshop/Activity:** Guest lecture on Approaches to Drug Discovery and Development.
- B. Background:** With a steady increase in number of diseases and disorders in today's world, it is imperative for students to understand what research that takes place when a drug is developed. Dr. Krishna Iyer was a right resource person to take us on this journey on how a molecule is chosen in a lab to its final destination i.e. consumer.
- C. Aims/Objectives:** The talk was planned to enlighten the students about how a lead molecule is chosen in the field of drug development. Also, understanding of the various stages through which a drug passes through before it reaches the consumer was one of the objective.
- D. Location:** SIES College of Arts, Science, and Commerce, Sion
- E. Target audience/participants with expected number:** TY and MSc students
- F. Date of the activity:** 31/08/2023
- G. Name of Resource Persons:** - **Dr Krishna Iyer, Principal Bombay College of Pharmacy**
- H. Outcome/Feedback:** The students gave optimistic feedback stating it was an enriching experience. The talk enlightened students on how a molecule is identified as a target when it comes to developing the drug. Also, the students understood the importance of enzyme kinetics in the area of drug discovery. The various stages of research and development carried out to introduce a drug in the market made the talk more captivating.
- I. Funding if any:** Nil
- J. Annexures:**
- i. List of Participants

SIES College of Arts, Science and Commerce (Autonomous)
